## AN ACT

To establish the Sawtooth National Recreation Area in the State of Idaho, to temporarily withdraw certain national forest land in the State of Idaho from the operation of the United States mining laws, and for other purposes.

Sawtooth Na-  
tional Recreation  
Area, Idaho.  
Establishment.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That (a) in order to assure the preservation and protection of the natural, scenic, historic, pastoral, and fish and wildlife values and to provide for the enhancement of the recreational values associated therewith, the Sawtooth National Recreation Area is hereby established.

Map, publica-  
tion in Federal  
Register.

(b) The Sawtooth National Recreation Area (hereafter referred to as the "recreation area"), including the Sawtooth Wilderness Area (hereafter referred to as the "wilderness area"), shall comprise the lands generally depicted on the map entitled "Sawtooth National Recreation Area" dated June, 1972, which shall be on file and available for public inspection in the office of the Chief, Forest Service, Department of Agriculture. The Secretary of Agriculture (hereafter referred to as the "Secretary") shall, as soon as practicable after the date of enactment of this Act, publish a detailed description and map showing the boundaries of the recreation area in the Federal Register.

Administration.

SEC. 2. (a) The Secretary shall administer the recreation area in accordance with the laws, rules and regulations applicable to the national forests in such manner as will best provide (1) the protection and conservation of the salmon and other fisheries; (2) the conservation and development of scenic, natural, historic, pastoral, wildlife, and other values, contributing to and available for public recreation and enjoyment, including the preservation of sites associated with and typifying the economic and social history of the American West; and (3) the management, utilization, and disposal of natural resources on federally owned lands such as timber, grazing, and mineral resources insofar as their utilization will not substantially impair the purposes for which the recreation area is established.

16 USC 1131  
note.

(b) The lands designated as the Sawtooth Wilderness Area, which supersedes the Sawtooth Primitive Area, shall be administered in accordance with the provisions of this Act and the provisions of the Wilderness Act (78 Stat. 890), whichever is more restrictive, except that any reference in such provisions to the effective date of the Wilderness Act shall be deemed to be a reference to the effective date of this Act.

Land acquisi-  
tion.

SEC. 3. (a) Except as provided in section 4, the Secretary is authorized to acquire by donation, purchase with donated or appropriated funds, exchange, bequest, or otherwise any lands, or lesser interests therein, including mineral interests and scenic easements, which he determines are needed for the purposes of this Act: *Provided*, That acquisitions of lands or interests therein for access to and utilization of public property, and for recreation and other facilities, shall not exceed five per centum of the total acreage of all private property within the recreation area as of the effective date of this Act.

Limitation.

"Scenic ease-  
ment."

As used in this Act the term "scenic easement" means the right to control the use of land in order to protect the esthetic values for the purposes of this Act, but shall not preclude the continuation of any use exercised by the owner as of the date of this Act.

(b) In exercising this authority to acquire lands, the Secretary shall give prompt and careful consideration to any offer made by an individual owning any land, or interest in land, within the boundaries described in subsection 1(b) of this Act. In considering such offer, the Secretary shall take into consideration any hardship to the owner

which might result from any undue delay in acquiring his property.

(c) The Secretary may utilize condemnation proceedings without the consent of the owner to acquire private lands or interests therein pursuant to this section only in cases where, in his judgment, all reasonable efforts to acquire such lands or interests therein by negotiation have failed, and in such cases he shall acquire only such title as, in his judgment, is reasonably necessary to accomplish the objectives of this Act.

Condemnation  
proceedings.

(d) In exercising his authority to acquire property by exchange, the Secretary may accept title to any non-Federal property, or interests therein, located within the recreation area and, notwithstanding any other provision of law, he may convey in exchange therefor any federally owned property within the State of Idaho which he classifies as suitable for exchange and which is under his administrative jurisdiction. The values of the properties so exchanged shall be approximately equal or, if they are not approximately equal, they shall be equalized by the payment of cash to the grantor or to the Secretary as the circumstances require. In the exercise of his exchange authority, the Secretary may utilize authorities and procedures available to him in connection with exchanges of national forest lands.

Non-Federal  
property ex-  
change.

(e) Nothing in this Act shall be construed as limiting the authority of the Secretary to acquire mineral interests in lands within the recreation area, with or without the consent of the owner. Upon acquisition of any such interest, the lands and/or minerals covered by such interest are by this Act withdrawn from entry or appropriation under the United States mining laws and from disposition under all laws pertaining to mineral leasing and all amendments thereto.

Mineral inter-  
ests.

(f) Any land or interest in land owned by the State of Idaho or any of its political subdivisions may be acquired only by donation or exchange.

(g) Notwithstanding any other provision of law, any Federal property located within the recreation area may, with the concurrence of the agency having custody thereof, be transferred without consideration to the administrative jurisdiction of the Secretary for use by him in carrying out the purposes of this Act. Lands acquired by the Secretary or transferred to his administrative jurisdiction within the recreation area shall become parts of the recreation area and of the national forest within or adjacent to which they are located.

(h) Except as otherwise provided, the Secretary shall have the authority to use condemnation as a means of acquiring a clear and marketable title, free of any and all encumbrances.

Condemnation  
authority.

SEC. 4. (a) The Secretary shall make and publish regulations setting standards for the use, subdivision, and development of privately owned property within the boundaries of the recreation area. Such regulations shall be generally in furtherance of the purposes of this Act and shall have the object of assuring that the highest and best private use, subdivision, and development of such privately owned property is consistent with the purposes of this Act and with the overall general plan of the recreation area. Such regulations shall be as detailed and specific as is reasonably required to accomplish such objective and purpose. Such regulations may differ amongst the several parcels of private land in the boundaries and may from time to time be amended by the Secretary. All regulations adopted under this section shall be promulgated in conformity with the provisions of the Administrative Procedure Act. The United States District Court for the District of Idaho shall have jurisdiction to review any regulations established pursuant to the first sentence of this subsection, upon a complaint filed within six months after the effective date of such regulations, by any affected landowner in an action for a declaratory judgment.

Private land,  
regulations.

60 Stat. 237.  
5 USC prec.  
551 note.

Condemnation  
restriction.

(b) After publication of such regulations, no privately owned lands shall be acquired by the Secretary by condemnation unless he determines, in his judgment, that such lands are being used, or are in imminent danger of being used, in a manner incompatible with the regulations established pursuant to this section or unless such lands are determined to be necessary for access or development, in which case such acquisitions shall be subject to the 5 per centum limitation established in subsection 3(a) of this Act.

Wilderness  
areas, designa-  
tion.

SEC. 5. The Secretary shall, as soon as practicable after the enactment of this Act, review the undeveloped and unimproved portion or portions of the recreation area as to suitability or nonsuitability for preservation as a part of the National Wilderness Preservation System. In conducting his review, the Secretary shall comply with the provisions of subsection 3(d) of the Wilderness Act of September 3, 1964 (78 Stat. 892), relating to public notice, public hearings, and review by State and other agencies, and shall advise the Senate and House of Representatives of his recommendations with respect to the designation as wilderness of the area or areas reviewed.

16 USC 1132.

ration.

The Secretary may cooperate with other Federal agencies, with State and local public agencies, and with private individuals and agencies in the development and operation of facilities and services in the area in furtherance of the purposes of this Act, including, but not limited to, the restoration and maintenance of the historic setting and background of the frontier ranch-type town of Stanley.

State civil and  
criminal jurisdic-  
tion.

SEC. 7. Nothing in this Act shall diminish, enlarge, or modify any right of the State of Idaho, or any political subdivision thereof, to exercise civil and criminal jurisdiction within the recreation area or of rights to tax persons, corporations, franchises, or property, including mineral or other interests, in or on lands or waters within the recreation area.

Hunting and  
fishing regula-  
tions.

SEC. 8. The Secretary shall permit hunting and fishing on lands and waters under his jurisdiction within the boundaries of the recreation area in accordance with applicable laws of the United States and the State of Idaho, except that the Secretary may designate zones where, and establish periods when, no hunting or fishing shall be permitted for reasons of public safety, administration, or public use and enjoyment. Except in emergencies, any regulations of the Secretary pursuant to this section shall be put into effect only after consultation with the appropriate State fish and game department.

Federal-State  
water rights.

SEC. 9. The jurisdiction of the State and the United States over waters of any stream included in the recreation area shall be determined by established principles of law. Under the provisions of this Act, any taking by the United States of a water right which is vested under either State or Federal law at the time of enactment of this Act shall entitle the owner thereof to just compensation. Nothing in this Act shall constitute an express or implied claim or denial on the part of the Federal Government as to exemption from State water laws.

Mining restric-  
tion.

SEC. 10. Subject to valid existing rights, all Federal lands located in the recreation area are hereby withdrawn from all forms of location, entry, and patent under the mining laws of the United States.

Such regulations shall include, when deemed necessary, provisions for control of the use of motorized and mechanical equipment for transportation over, or alteration of, the surface of such Federal land in connection with any authorized activities on such land, including but not limited to mineral prospecting, exploration, or development operations.

SEC. 302. SOIL, WATER AND RELATED RESOURCE DATA.—In recognition of the increasing need for soil, water, and related resource data for land conservation, use, and development, for guidance of community development for a balanced rural-urban growth, for identification of prime agriculture producing areas that should be protected, and for use in protecting the quality of the environment, the Secretary of Agriculture is directed to carry out a land inventory and monitoring program to include, but not be limited to, studies and surveys of erosion and sediment damages, flood plain identification and utilization, land use changes and trends, and degradation of the environment resulting from improper use of soil, water, and related resources. The Secretary shall issue at not less than five-year intervals a land inventory report reflecting soil, water, and related resource conditions.

#### TITLE IV—RURAL COMMUNITY FIRE PROTECTION

SEC. 401. WILDFIRE PROTECTION ASSISTANCE.—In order to shield human and natural resources, financial investments, and environmental quality from losses due to wildfires in unprotected or poorly protected rural areas there is a need to strengthen and synergize Federal, State, and local efforts to establish an adequate protection capability wherever the lives and property of Americans are endangered by wildfire in rural communities and areas. The Congress hereby finds that inadequate fire protection and the resultant threat of substantial losses of life and property is a significant deterrent to the investment of the labor and capital needed to help revitalize rural America, and that well-organized, equipped, and trained firefighting forces are needed in many rural areas to encourage and safeguard public and private investments in the improvement and development of areas of rural America where organized protection against losses from wildfire is lacking or inadequate. To this end, the Secretary of Agriculture is authorized and directed to provide financial, technical, and other assistance to State foresters or other appropriate officials of the several States in cooperative efforts to organize, train, and equip local forces, including those of Indian tribes on Federal and State reservations or other federally recognized Indian tribal groups to prevent, control, and suppress wildfires threatening human life, livestock, wildlife, crops, pastures, orchards, rangeland, woodland, farmsteads, or other improvements, and other values in rural areas as defined in section 306(a) (7) of the Consolidated Farm and Rural Development Act.

State officials.

SEC. 402. MATCHING.—The Secretary shall carry out this title in accordance with cooperative agreements, made with appropriate State officials, which include such terms and conditions as the Secretary deems necessary to achieve the purposes of this title. No such agreement shall provide for financial assistance by the Secretary under

this title in any State during any fiscal year in excess of 50 per centum of the total budgeted expenditures or the actual expenditures, whichever is less, of the undertaking of such agreement for such year, including any expenditures of local public and private nonprofit organizations, including Indian tribal groups, participating in the activities covered by the agreement. Payments by the Secretary under any such agreement may be made on the certificate of the appropriate State official that the expenditures provided for under such agreement have been made.

SEC. 403. REPORT.—The Secretary of Agriculture shall submit to the President within two years after the date of enactment of this title a written report detailing the contribution of the rural fire protection program toward achieving the purposes of this title. The Secretary shall also include in such report such recommendations regarding the rural fire protection program as he deems appropriate. The President shall transmit the report to the Congress for review and appropriate action.

### AN ACT

September 19, 1972  
[S. 3323]

To amend the Public Health Service Act to enlarge the authority of the National Heart and Lung Institute in order to advance the national attack against diseases of the heart and blood vessels, the lungs, and blood, and for other purposes.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

National Heart,  
Blood Vessel,  
Lung, and Blood  
Act of 1972.

### SHORT TITLE

SECTION 1. This Act may be cited as the "National Heart, Blood Vessel, Lung, and Blood Act of 1972".

### FINDINGS AND DECLARATION OF PURPOSE

SEC. 2. (a) Congress finds and declares that—

(1) diseases of the heart and blood vessels collectively cause more than half of all the deaths each year in the United States and the combined effect of the disabilities and deaths from such diseases is having a major social and economic impact on the Nation;

(2) elimination of heart and blood vessel diseases as significant causes of disability and death could increase the average American's life expectancy by about eleven years and could provide for annual savings to the economy in lost wages, productivity, and costs of medical care of more than \$30,000,000,000 per year;

(3) chronic lung diseases have been gaining steadily in recent years as important causes of disability and death, with emphysema alone being the fastest rising cause of death in the United States;

(4) chronic respiratory diseases affect an estimated ten million Americans, emphysema an estimated one million, chronic bronchitis an estimated four million, and asthma an estimated five million;

(5) thrombosis (the formation of blood clots in the vessels) may cause, directly or in combination with other problems, many deaths and disabilities from heart disease and stroke which can now be prevented;

(6) blood and blood products are essential human resources whose value in saving life and promoting health cannot be assessed in terms of dollars;

(7) the provision of prompt and effective emergency medical services utilizing to the fullest extent possible advances in transportation and communications and other electronic systems and specially trained professional and paraprofessional health care personnel can reduce substantially the number of fatalities and severe disabilities due to critical illnesses in connection with heart, blood vessel, lung, and blood diseases; and

(8) the greatest potential for advancement against heart, blood vessel, lung, and blood diseases lies in the National Heart and Lung Institute, but advancement against such diseases depends not only on the research programs of that Institute but also on the research programs of other research institutes of the National Institutes of Health.

(b) It is the purpose of this Act to enlarge the authority of the National Heart and Lung Institute in order to advance the national attack upon heart, blood vessel, lung, and blood diseases.

Effective date.

“(b) A person who is not married and does not have a dependent

child when he becomes entitled to retired or retainer pay may elect to provide an annuity to a natural person with an insurable interest in that person.

“(c) The application of the Plan to a person whose name is on the temporary disability retired list terminates when his name is removed from that list and he is no longer entitled to retired pay.

“(d) If a member of an armed force dies on active duty after he has become entitled to retired or retainer pay, or after he has qualified for that pay except that he has not applied for or been granted that pay, and his spouse is eligible for dependency and indemnity compensation under section 411(a) of title 38 in an amount that is less than the annuity the spouse would have received under this subchapter if it had applied to the member when he died, the Secretary concerned shall pay to the spouse an annuity equal to the difference between that amount of compensation and 55 percent of the retired or retainer pay to which the otherwise eligible spouse described in section 1450(a)(1) of this title would have been entitled if the member had been entitled to that pay based upon his years of active service when he died.

85 Stat. 660.

#### “§ 1449. Mental incompetency of member

“If a person to whom section 1448 of this title applies is determined to be mentally incompetent by medical officers of the armed force concerned or of the Veterans’ Administration, or by a court of competent jurisdiction, any election described in the first sentence of subsection (a), or subsection (b), of section 1448 of this title may be made on behalf of that person by the Secretary concerned. If the person for whom the Secretary has made an election is later determined to be mentally competent by an authority named in the first sentence, he may, within 180 days after that determination revoke that election. Any deductions made from retired or retainer pay by reason of such an election will not be refunded.

#### “§ 1450. Payment of annuity: beneficiaries

“(a) Effective as of the first day after the death of a person to whom section 1448 of this title applies, a monthly annuity under section 1451 of this title shall be paid to—

“(1) the eligible widow or widower;

“(2) the surviving dependent children in equal shares, if the eligible widow or widower is dead, dies, or otherwise becomes ineligible under this section; or

“(3) the natural person designated under section 1448(b) of this title at the time the person to whom section 1448 applies became entitled to retired or retainer pay, if there is no eligible beneficiary under clause (1) or (2).

Termination.

“(b) An annuity payable to the beneficiary terminates effective as of the first day of the month in which eligibility is lost. An annuity for a widow or widower shall be paid to the widow or widower while the widow or widower is living or, if the widow or widower remarries before reaching age 60, until the widow or widower remarries. If the widow or widower remarries before reaching age 60 and that marriage is terminated by death, annulment, or divorce, payment of the annuity will be resumed effective as of the first day of the month in which the marriage is so terminated. However, if the widow or widower is also entitled to an annuity under this section based upon the marriage so terminated, the widow or widower may not receive both annuities but must elect which to receive.

“(c) If, upon the death of a person to whom section 1448 of this title applies, the widow or widower of that person is also entitled to compensation under section 411(a) of title 38, the widow or widower

may be paid an annuity under this section, but only in the amount that the annuity otherwise payable under this section would exceed that compensation.

“(d) If, upon the death of a person to whom section 1448 of this title applies, that person had in effect a waiver of his retired or retainer pay for the purposes of subchapter III of chapter 83 of title 5, an annuity under this section shall not be payable unless, in accordance with section 8339(i) of title 5, he notified the Civil Service Commission that he did not desire any spouse surviving him to receive an annuity under section 8341(b) of that title.

Retired or re-  
tainer pay waiver.

*Ante*, p. 144.

“(e) If no annuity under this section is payable because of subsection (c), any amounts deducted from the retired or retainer pay of the deceased under section 1452 of this title shall be refunded to the widow or widower. If, because of subsection (c), the annuity payable is less than the amount established under section 1451 of this title, the annuity payable shall be recalculated under that section. The amount of the reduction in the retired or retainer pay required to provide that recalculated annuity shall be computed under section 1452 of this title, and the difference between the amount deducted prior to the computation of that recalculated annuity and the amount that would have been deducted on the basis of that recalculated annuity shall be refunded to the widow or widower.

Refunds.

“(f) An unmarried person who elects to provide an annuity to a person designated by him under subsection (a) (3), but who later marries or acquires a dependent child, may change that election and provide an annuity to his spouse or dependent child. A change of election under this subsection is subject to the rules with respect to execution, revocation, and effectiveness set forth in the last three sentences of section 1448(a) of this title.

“(g) Except as provided in section 1449 of this title or in subsection (f) of this section, an election under this section may not be changed or revoked.

Restriction.

“(h) Except as provided in section 1451 of this title, an annuity under this section is in addition to any other payment to which a person is entitled under any other provision of law. Such annuity shall be considered as income under laws administered by the Veterans' Administration.

“(i) An annuity under this section is not assignable or subject to execution, levy, attachment, garnishment, or other legal process.

#### “§ 1451. Amount of annuity

“(a) If the widow or widower is under age 62 or there is a dependent child, the monthly annuity payable to the widow, widower, or dependent child, under section 1450 of this title shall be equal to 55 percent of the base amount. However, when the widow has one dependent child, the monthly annuity shall be reduced by an amount equal to the mother's benefit, if any, to which the widow would be entitled under subchapter II of chapter 7 of title 42 based solely upon service by the person concerned as described in section 410(1)(1) of title 42 and calculated assuming that the person concerned lived to age 65. When the widow or widower reaches age 62, or there is no longer a dependent child, whichever occurs later, the monthly annuity shall be reduced by an amount equal to the amount of the survivor benefit, if any, to which the widow or widower would be entitled under subchapter II of chapter 7 of title 42 based solely upon service by the person concerned as described in section 410(1)(1) of title 42 and calculated assuming that the person concerned lived to age 65. For the purpose of the preceding sentence, a widow or widower shall be considered as entitled to a benefit under subchapter II of chapter 7 of title 42 even

“(b) The monthly annuity payable under section 1450(a) (3) of this title shall be 55 percent of the retired or retainer pay of the person who elected to provide that annuity after the reduction in that retired or retainer pay in accordance with section 1452(c) of this title.

crease.

83 Stat. 837.

“(c) Whenever retired or retainer pay is increased under section 1401a of this title, each annuity that is payable under this section, or section 1448(d) of this title, on the day before the effective day of that increase shall be increased at the same time by the same total percent. The amount of the increase shall be based on the monthly annuity payable before any reduction under section 1448(d) or 1450(c) of this title, or subsection (a) of this section.

#### “§ 1452. Reduction in retired or retainer pay

“(a) The retired or retainer pay of a person to whom section 1448 of this title applies who has a spouse, or who has a spouse and a dependent child, and who has not elected to provide an annuity to a person designated by him under section 1450(a) (3) of this title, or who had elected to provide such an annuity to such a person but has changed his election in favor of his spouse under section 1450(f) of this title, shall be reduced each month by an amount equal to 2½ percent of the first \$300 of the base amount plus 10 percent of the remainder of the base amount. As long as there is an eligible spouse and a dependent child, that amount shall be increased by an amount prescribed under regulations of the Secretary of Defense.

“(b) The retired or retainer pay of a person to whom section 1448 of this title applies who has a dependent child but does not have an eligible spouse, shall, as long as he has an eligible dependent child, be reduced by an amount prescribed under regulations of the Secretary of Defense.

Limitation.

“(c) The retired or retainer pay of a person who has elected to provide an annuity to a person designated by him under section 1450(a) (3) of this title shall be reduced by 10 percent plus 5 percent for each full 5 years the individual designated is younger than that person. However, the total reduction may not exceed 40 percent.

“(d) If a person who has elected to participate in the Plan has been awarded retired or retainer pay and is not entitled to that pay for any period, he must deposit in the Treasury the amount that would otherwise have been deducted from his pay for that period, except when he is called or ordered to active duty for a period of more than 30 days.

Waiver.

Ante, p. 144.

“(e) When a person who has elected to participate in the Plan waives his retired or retainer pay for the purposes of subchapter III of chapter 83 of title 5, he shall not be required to make the deposit otherwise required by subsection (d) as long as that waiver is in effect unless, in accordance with section 8339(i) of title 5, he has notified the Civil Service Commission that he does not desire any spouse surviving him to receive an annuity under section 8341(b) of title 5.

Refunds, re-  
striction.

“(f) Except as provided in section 1450(e) of this title, a person is not entitled to any refunds of amounts deducted from retired or retainer pay under this section unless the amounts were deducted through administrative error.

#### “§ 1453. Recovery of annuity erroneously paid

“In addition to other methods of recovery provided by law, the Secretary concerned may authorize the recovery, by deduction from later payments to a person, of any amount erroneously paid to him under this subchapter. However, recovery is not required if, in the judgment

of the Secretary concerned and the Comptroller General, there has been no fault by the person to whom the amount was erroneously paid and recovery would be contrary to the purposes of this subchapter or against equity and good conscience.

#### “§ 1454. Correction of administrative deficiencies

“The Secretary concerned may, under regulations prescribed under section 1455 of this title, correct or revoke any election under this subchapter when he considers it necessary to correct an administrative error. Except when procured by fraud, a correction or revocation under this section is final and conclusive on all officers of the United States.

#### “§ 1455. Regulations

“The President shall prescribe regulations to carry out this subchapter. Those regulations shall, so far as practicable, be uniform for the armed forces, the National Oceanic and Atmospheric Administration, and the Public Health Service. Those regulations shall—

“(1) provide that, when the notification referred to in section 1448(a) of this title is required, the member and his spouse shall, before the date the member becomes entitled to retired or retainer pay, be informed of the elections available and the effects of such elections; and

“(2) establish procedures for depositing the amounts referred to in section 1452(d) of this title.”

In those States in which the Secretary administers the nonfood assistance program in nonprofit private schools, the Secretary shall withhold from the funds apportioned to any such State under this subsection an amount which bears the same ratio to such funds as the number of children enrolled in nonprofit private schools without a food service in such State for the latest fiscal year for which the Secretary determines data are available at the time such funds are withheld bears to the total number of children enrolled in all schools without food service in such State in such fiscal year. The funds reserved, apportioned, and withheld under the authority of this subsection shall be used by State educational agencies, or the Secretary in the case of nonprofit private schools, only to assist schools without

If any State cannot utilize all the funds apportioned to it under the provisions of this subsection to assist schools in the State without a food service, the Secretary shall make further apportionments to the remaining States in the same manner set forth in this subsection for apportioning funds among all the States and such remaining States, or the Secretary in the case of nonprofit private schools, shall use the additional funds so apportioned or withheld only to assist schools in the State without a food service. Payments to any State of the funds apportioned under the provisions of this paragraph shall be made upon condition that at least one-fourth of the cost of equipment financed shall be borne by funds from sources within the State, except that such condition shall not apply with respect to funds used under this section to assist schools without food service if such schools are especially needy, as determined by the State."

(e) To assist the Congress in determining the amounts needed annually, the Secretary is directed to conduct a survey among the States and school districts on unmet needs for equipment in schools eligible for assistance under section 5 of the Child Nutrition Act. The results of such survey shall be reported to the Congress by June 30, 1973.

SEC. 7. After the first sentence of section 10 of the Child Nutrition Act of 1966 (42 U.S.C. 1779) add the following new sentence: "Such regulations shall not prohibit the sale of competitive foods in food service facilities or areas during the time of service of food under this Act or the National School Lunch Act if the proceeds from the sales of such foods will inure to the benefit of the schools or of organizations of students approved by the schools."

Such program shall be operated for a two-year period and may be carried out in any area of the United States without regard to whether a food stamp program or a direct food distribution program is in effect in such area.

"(b) In order to carry out the program provided for under subsection (a) of this section during the fiscal year ending June 30, 1973, the Secretary shall use \$20,000,000 out of funds appropriated by section 32 of the Act of August 24, 1935 (7 U.S.C. 612(c)). Such term (when used in connection with the term ‘at nutritional risk’) also includes low-income individuals who have a history of high-risk pregnancy as evidenced by abortion, premature birth, or severe anemia.

“(2) ‘Infants’ when used in connection with the term ‘at nutritional risk’ means children under four years of age who are in low-income populations which have shown a deficient pattern of growth, by minimally acceptable standards, as reflected by an excess number of children in the lower percentiles of height and weight. Such term, when used in connection with ‘at nutritional risk’, may also include (at the discretion of the Secretary) children under four years of age who (A) are in the parameter of nutritional anemia, or (B) are from low-income populations where nutritional studies have shown inadequate infant diets.

“(3) ‘Supplemental foods’ shall mean those foods containing nutrients known to be lacking in the diets of populations at nutritional risks and, in particular, those foods and food products containing high-quality protein, iron, calcium, vitamin A, and vitamin C. Such term may also include (at the discretion of the

Secretary) any food product commercially formulated preparation specifically designed for infants.

“(4) ‘Competent professional authority’ includes physicians, nutritionists, registered nurses, dieticians, or State or local medically trained health officials, or persons designated by physicians or State or local medically trained health officials as being competent professionally to evaluate nutritional risk.”

SEC. 602. (a) Notwithstanding any other provision of law, no funds authorized to be appropriated by this or any other Act may be expended in any amount in excess of \$375,000,000 for the purpose of carrying out directly or indirectly any economic or military assistance, or any operation, project, or program of any kind, or for providing any goods, supplies, materials, equipment, services, personnel, or advisers in, to, for, or on behalf of Laos during the fiscal year ending June 30, 1973.

(c) No additional expenditures in excess of the limitation prescribed in subsection (a) of this section may be made for any of the purposes described in such subsection in, to, for, or on behalf of Laos in any fiscal year beginning after June 30, 1973, unless such expenditures have been specifically authorized by law enacted after the date of enactment of this Act. In no case shall expenditures in any amount in excess of the amount authorized by law for any fiscal year be made for any such purpose during such fiscal year.

(d) The provisions of subsections (a) and (c) of this section shall not apply with respect to the expenditure of funds to carry out combat air operations in or over Laos by United States and South Vietnamese military forces.

(e) After the date of enactment of this Act, whenever any request is made to the Congress for the appropriation of funds for use in, for, or on behalf of Laos for any fiscal year, the President shall furnish a written report to the Congress explaining the purposes for which such funds are to be used in such fiscal year.

(f) The President shall submit to the Congress within thirty days after the end of each quarter of each fiscal year, a written report showing the total amount of expenditures in, for, or on behalf of Laos during the preceding quarter by the United States Government, and shall include in such report a general breakdown of the total amount expended, describing the different purposes for which such funds were expended and the total amount expended for such purposes.

- (1) direct costs of any other contract or activity of the prime contractor;
- (2) profit on any materials, supplies, or services which are sold or transferred between any division, subsidiary, or affiliate of the prime contractor under the common control of the prime contractor and such division, subsidiary, or affiliate;
- (3) bid and proposal costs, independent research and development costs, and the cost of other similar unsponsored technical effort; or
- (4) depreciation and amortization costs in excess of \$4,400,000 on property, plant, or equipment.

(b) Any payments from such \$107,600,000 shall be made to the prime contractor through a special bank account from which such contractor may withdraw funds only after a request containing a detailed justification of the amount requested has been submitted to and approved by the contracting officer for the United States. All payments made from such special bank account shall be audited by the Defense Contract Audit Agency of the Department of Defense and, on a quarterly basis, by the General Accounting Office. The Comptroller General shall submit to the Congress not more than thirty days after the close of each quarter a report on the audit for such quarter performed by the General Accounting Office pursuant to this subsection.

## JOINT RESOLUTION

Approval and authorization for the President of the United States to accept an Interim Agreement Between the United States of America and the Union of Soviet Socialist Republics on Certain Measures With Respect to the Limitation of Strategic Offensive Arms.

U.S.-U.S.S.R.  
Strategic arms  
limitation.

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,* That the Congress hereby endorses those portions of the Declaration of Basic Principles of Mutual Relations Between the United States of America and the Union of Soviet Socialist Republics signed by President Nixon and General Secretary Brezhnev at Moscow on May 29, 1972, which relate to the dangers of military confrontation and which read as follows:

"The United States of America and the Union of Soviet Socialist Republics attach major importance to preventing the development of situations capable of causing a dangerous exacerbation of their relations . . ." and "will do their utmost to avoid military confrontations and to prevent the outbreak of nuclear war" and "will always exercise restraint in their mutual relations," and "on outstanding issues will conduct" their discussions and negotiations "in a spirit of reciprocity, mutual accommodation and mutual benefit." and

"Both sides recognize that efforts to obtain unilateral advantage at the expense of the other, directly or indirectly, are inconsistent with these objectives," and

"The prerequisites for maintaining and strengthening peaceful relations between the United States of America and the Union of Soviet Socialist Republics are the recognition of the security interests of the parties based on the principle of equality and the renunciation of the use or threat of force."

SEC. 2. The President is hereby authorized to approve on behalf of the United States the interim agreement between the United States of America and the Union of Soviet Socialist Republics on certain measures with respect to the limitation of strategic offensive arms, and the protocol related thereto, signed at Moscow on May 26, 1972, by Richard Nixon, President of the United States of America and Leonid I. Brezhnev, General Secretary of the Central Committee of the Communist Party of the Soviet Union.

SEC. 3. The Government and the people of the United States ardently desire a stable international strategic balance that maintains peace and deters aggression. The Congress supports the stated policy of the United States that, were a more complete strategic offensive arms agreement not achieved within the five years of the interim agreement, and were the survivability of the strategic deterrent forces of the United States to be threatened as a result of such failure, this could jeopardize the supreme national interests of the United States; the Congress recognizes the difficulty of maintaining a stable strategic balance in a period of rapidly developing technology; the Congress recognizes the principle of United States-Soviet Union equality reflected in the antiballistic missile treaty, and urges and requests the President to seek a future treaty that, *inter alia*, would not limit the United States to levels of intercontinental strategic forces inferior to the limits provided for the Soviet Union; and the Congress considers that the success of these agreements and the attainment of more permanent and comprehensive agreements are dependent upon the maintenance under present world conditions of a vigorous research and development and modernization program as required by a prudent strategic posture.

SEC. 4. The Congress hereby commends the President for having successfully concluded agreements with the Soviet Union limiting the production and deployment of antiballistic missiles and certain strategic offensive armaments, and it supports the announced intention of the President to seek further limits on the production and deployment of strategic armaments at future Strategic Arms Limitation Talks. At the same time, the Senate takes cognizance of the fact that agreements to limit the further escalation of the arms race are only preliminary steps, however important, toward the attainment of world stability and national security. The Congress therefore urges the President to seek at the earliest practicable moment Strategic Arms Reduction Talks (SART) with the Soviet Union, the People's Republic of China, and other countries, and simultaneously to work toward reductions in conventional armaments, in order to bring about agreements for mutual decreases in the production and development of weapons of mass destruction so as to eliminate the threat of large-scale devastation and the ever-mounting costs of arms production and weapons modernization, thereby freeing world resources for constructive, peaceful use.

SEC. 5. Pursuant to paragraph six of the Declaration of Principles of Nixon and Brezhnev on May 29, 1972, which states that the United States and the Union of Soviet Socialist Republics: "will continue to make special efforts to limit strategic armaments. Whenever possible, they will conclude concrete agreements aimed at achieving these purposes"; Congress considers that the success of the interim agreement and the attainment of more permanent and comprehensive agreements are dependent upon the preservation of longstanding United States policy that neither the Soviet Union nor the United States should seek unilateral advantage by developing a first strike potential.

Approved September 30, 1972.

Limitation.

Congressional  
findings.

SEC. 202. (a) The Congress finds and declares that—

(1) the number of reported cases of venereal disease has reached epidemic proportions in the United States;

(2) the number of patients with venereal disease reported to public health authorities is only a fraction of those treated by physicians;

(3) the incidence of venereal disease is particularly high among individuals in the 20-24 age group, and in metropolitan areas;

(4) venereal disease accounts for needless deaths and leads to such severe disabilities as sterility, insanity, blindness, and crippling conditions;

(5) the number of cases of congenital syphilis, a preventable disease, in infants under one year of age increased by 331½ per centum between 1970 and 1971;

(6) health education programs in schools and through the mass media may prevent a substantial portion of the venereal disease problem; and

(7) medical authorities have no successful vaccine for syphilis or gonorrhea and no blood test for the detection of gonorrhea among the large reservoir of asymptomatic females.

(b) In order to preserve and protect the health and welfare of all citizens, it is the purpose of this Act to establish a national program for the prevention and control of venereal disease.

(f) Section 5 of such Act is further amended by inserting at the end thereof the following new subsection:

"(p) A survivor's annuity computed under the preceding provisions of this section (except an annuity in the amount determined under the proviso in subsection (a) or (b)) shall (before any reduction on account of age) be increased by 20 per centum."

SEC. 2. (a) All pensions under section 6 of the Railroad Retirement Act of 1937, all annuities under the Railroad Retirement Act of 1935, and all survivor annuities deriving from joint and survivor annuities under the Railroad Retirement Act of 1937 shall be increased by 20 per centum.

(b) All such widows' and widowers' insurance annuities which are payable in the amount of the spouse's annuity to which the widow or widower was entitled, shall, in cases where the employee died prior to October 1, 1972, be increased by 20 per centum.

(c) All such joint and survivor annuities shall be computed under section 3(a) of the Railroad Retirement Act of 1937 and shall be reduced by the percentage determined in accordance with the election of such annuity.

SEC. 3. All recertifications required by reason of the amendments made by this Act shall be made by the Railroad Retirement Board without application therefor.

SEC. 4. For the purposes of approximating the offsets in railroad retirement benefits for increases in social security benefits by reason of amendments prior to the Social Security Amendments of 1971, the Railroad Retirement Board is authorized to prescribe adjustments in

the percentages in the Railroad Retirement Act of 1937 and laws pertaining thereto in order that these percentages, when applied against current social security benefits not in excess of the primary insurance amount applicable for an average monthly wage of \$650, will produce approximately the same amounts as those computed under the law in effect, except for changes in the wage base, before the Social Security Amendments of 1971 were enacted.

SEC. 5. (a) The amendments made by this Act, except for subsections (d) and (e) of section 1, shall be effective with respect to annuities accruing for months after August, 1972 and with respect to pensions due in calendar months after September, 1972. The provisions of clauses (vi) through (x), which are added by section 1(d)(1) of this Act, and the provisions of section 1(d)(2) of this Act, shall be effective as follows: clause (vi) shall be effective with respect to annuities awarded after the enactment of this Act; clauses (vii) and (viii), and the provisions of section 1(d)(2), shall be effective with respect to annuities awarded or recertified after the enactment of this Act; and clauses (ix) and (x) shall be effective with respect to calendar years after 1971.

Effective dates.

(b) The first three sections of this Act, except for subsections (d) and (e) of section 1, and the amendments made by such sections, shall cease to apply as of the close of June 30, 1973. Annuities accruing for months after June 30, 1973, and pensions due in calendar months after June 30, 1973, shall be computed as if the first three sections of this Act, except for subsections (d) and (e) of section 1, and the amendments made by such sections, had not been enacted.

Termination  
date.

SEC. 6. It is the policy of the Congress of the United States that the 20-percent increase in annuities of Railroad Retirement beneficiaries provided by this Act, as well as the 10-percent and 15-percent increases provided by Public Law 92-46 and Public Law 91-377, respectively, all of which will expire by the terms of such Acts on June 30, 1973, can be made permanent only if at the same time a method is adopted to insure the receipt of sufficient revenues by the Railroad Retirement Account to make such Account financially solvent based on sound actuarial projections. Accordingly, representatives of employees and retirees and representatives of carriers shall, no later than March 1, 1973, submit to the Senate Committee on Labor and Public Welfare and the House of Representatives Committee on Interstate and Foreign Commerce a report containing the mutual recommendations of such representatives based upon their negotiations and taking into account the report and specific recommendations of the Commission on Railroad Retirement designed to insure such solvency. A copy of the report of such representatives shall also be submitted to the Railroad Retirement Board, which, no later than April 1, 1973, shall submit to such committees of the Congress a report containing its views and specific recommendations, and those of the administration, with reference to the report submitted by such representatives.

October 6, 1972  
[H. R. 4383]

## AN ACT

To authorize the establishment of a system governing the creation and operation of advisory committees in the executive branch of the Federal Government, and for other purposes.

Federal Advisory Committee Act.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That this Act may be cited as the "Federal Advisory Committee Act".

## FINDINGS AND PURPOSES

SEC. 2. (a) The Congress finds that there are numerous committees, boards, commissions, councils, and similar groups which have been established to advise officers and agencies in the executive branch of the Federal Government and that they are frequently a useful and beneficial means of furnishing expert advice, ideas, and diverse opinions to the Federal Government.

(b) The Congress further finds and declares that—

(1) the need for many existing advisory committees has not been adequately reviewed;

(2) new advisory committees should be established only when they are determined to be essential and their number should be kept to the minimum necessary;

(3) advisory committees should be terminated when they are no longer carrying out the purposes for which they were established;

(4) standards and uniform procedures should govern the establishment, operation, administration, and duration of advisory committees;

(5) the Congress and the public should be kept informed with respect to the number, purpose, membership, activities, and cost of advisory committees; and

(6) the function of advisory committees should be advisory only, and that all matters under their consideration should be determined, in accordance with law, by the official, agency, or officer involved.

## DEFINITIONS

SEC. 3. For the purpose of this Act—

(1) The term "Director" means the Director of the Office of Management and Budget.

(2) The term "advisory committee" means any committee, board, commission, council, conference, panel, task force, or other similar group, or any subcommittee or other subgroup thereof (hereafter in this paragraph referred to as "committee"), which is—

(A) established by statute or reorganization plan, or

(B) established or utilized by the President, or

(C) established or utilized by one or more agencies,

in the interest of obtaining advice or recommendations for the President or one or more agencies or officers of the Federal Government, except that such term excludes (i) the Advisory Commission on Intergovernmental Relations, (ii) the Commission on Government Procurement, and (iii) any committee which is composed wholly of full-time officers or employees of the Federal Government.

(3) The term "agency" has the same meaning as in section 551(1) of title 5, United States Code.

80 Stat. 381.

(4) The term "Presidential advisory committee" means an advisory committee which advises the President.

#### APPLICABILITY

SEC. 4. (a) The provisions of this Act or of any rule, order, or regulation promulgated under this Act shall apply to each advisory committee except to the extent that any Act of Congress establishing any such advisory committee specifically provides otherwise.

(b) Nothing in this Act shall be construed to apply to any advisory committee established or utilized by—

Restrictions.

(1) the Central Intelligence Agency; or

(2) the Federal Reserve System.

(c) Nothing in this Act shall be construed to apply to any local civic group whose primary function is that of rendering a public service with respect to a Federal program, or any State or local committee, council, board, commission, or similar group established to advise or make recommendations to State or local officials or agencies.

#### RESPONSIBILITIES OF CONGRESSIONAL COMMITTEES

SEC. 5. (a) In the exercise of its legislative review function, each standing committee of the Senate and the House of Representatives shall make a continuing review of the activities of each advisory committee under its jurisdiction to determine whether such advisory committee should be abolished or merged with any other advisory committee, whether the responsibilities of such advisory committee should be revised, and whether such advisory committee performs a necessary function not already being performed. Each such standing committee shall take appropriate action to obtain the enactment of legislation necessary to carry out the purpose of this subsection.

Review.

(b) In considering legislation establishing, or authorizing the establishment of any advisory committee, each standing committee of the Senate and of the House of Representatives shall determine, and report such determination to the Senate or to the House of Representatives, as the case may be, whether the functions of the proposed advisory committee are being or could be performed by one or more agencies or by an advisory committee already in existence, or by enlarging the mandate of an existing advisory committee. Any such legislation shall—

Guidelines.

(1) contain a clearly defined purpose for the advisory committee;

(2) require the membership of the advisory committee to be fairly balanced in terms of the points of view represented and the functions to be performed by the advisory committee;

(3) contain appropriate provisions to assure that the advice and recommendations of the advisory committee will not be inappropriately influenced by the appointing authority or by any special interest, but will instead be the result of the advisory committee's independent judgment;

(4) contain provisions dealing with authorization of appropriations, the date for submission of reports (if any), the duration of the advisory committee, and the publication of reports and other materials, to the extent that the standing committee determines the provisions of section 10 of this Act to be inadequate; and

(5) contain provisions which will assure that the advisory committee will have adequate staff (either supplied by an agency or employed by it), will be provided adequate quarters, and will have funds available to meet its other necessary expenses.

(c) To the extent they are applicable, the guidelines set out in subsection (b) of this section shall be followed by the President, agency heads, or other Federal officials in creating an advisory committee.

#### RESPONSIBILITIES OF THE PRESIDENT

SEC. 6. (a) The President may delegate responsibility for evaluating and taking action, where appropriate, with respect to all public recommendations made to him by Presidential advisory committees.

(b) Within one year after a Presidential advisory committee has submitted a public report to the President, the President or his delegate shall make a report to the Congress stating either his proposals for action or his reasons for inaction, with respect to the recommendations contained in the public report.

Annual report to Congress.

(c) The President shall, not later than March 31 of each calendar year (after the year in which this Act is enacted), make an annual report to the Congress on the activities, status, and changes in the composition of advisory committees in existence during the preceding calendar year. The report shall contain the name of every advisory committee, the date of and authority for its creation, its termination date or the date it is to make a report, its functions, a reference to the reports it has submitted, a statement of whether it is an ad hoc or continuing body, the dates of its meetings, the names and occupations of its current members, and the total estimated annual cost to the United States to fund, service, supply, and maintain such committee. Such report shall include a list of those advisory committees abolished by the President, and in the case of advisory committees established by statute, a list of those advisory committees which the President recommends be abolished together with his reasons therefor. The President shall exclude from this report any information which, in his judgment, should be withheld for reasons of national security, and he shall include in such report a statement that such information is excluded.

Thereafter, the Director shall carry out a similar review annually. Agency heads shall cooperate with the Director in making the reviews required by this subsection.

## AN ACT

October 13, 1972  
[H. R. 10243]

To establish an Office of Technology Assessment for the Congress as an aid in the identification and consideration of existing and probable impacts of technological application; to amend the National Science Foundation Act of 1950; and for other purposes.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That this Act may be cited as the "Technology Assessment Act of 1972".

Technology  
Assessment Act  
of 1972.

## FINDINGS AND DECLARATION OF PURPOSE

SEC. 2. The Congress hereby finds and declares that:

(a) As technology continues to change and expand rapidly, its applications are—

- (1) large and growing in scale; and
- (2) increasingly extensive, pervasive, and critical in their impact, beneficial and adverse, on the natural and social environment.

(b) Therefore, it is essential that, to the fullest extent possible, the consequences of technological applications be anticipated, understood, and considered in determination of public policy on existing and emerging national problems.

(c) The Congress further finds that:

(1) the Federal agencies presently responsible directly to the Congress are not designed to provide the legislative branch with adequate and timely information, independently developed, relating to the potential impact of technological applications, and

(2) the present mechanisms of the Congress do not and are not designed to provide the legislative branch with such information.

(d) Accordingly, it is necessary for the Congress to—

(1) equip itself with new and effective means for securing competent, unbiased information concerning the physical, biological, economic, social, and political effects of such applications; and

(2) utilize this information, whenever appropriate, as one factor in the legislative assessment of matters pending before the Congress, particularly in those instances where the Federal Government may be called upon to consider support for, or management or regulation of, technological applications.

## ESTABLISHMENT OF THE OFFICE OF TECHNOLOGY ASSESSMENT

SEC. 3. (a) In accordance with the findings and declaration of purpose in section 2, there is hereby created the Office of Technology Assessment (hereinafter referred to as the "Office") which shall be within and responsible to the legislative branch of the Government.

(b) The Office shall consist of a Technology Assessment Board (hereinafter referred to as the "Board") which shall formulate and promulgate the policies of the Office, and a Director who shall carry out such policies and administer the operations of the Office.

Technology  
Assessment  
Board.

(c) The basic function of the Office shall be to provide early indications of the probable beneficial and adverse impacts of the applications of technology and to develop other coordinate information which may assist the Congress. In carrying out such function, the Office shall:

Duties.

- (1) identify existing or probable impacts of technology or technological programs;

- (2) where possible, ascertain cause-and-effect relationships;
- (3) identify alternative technological methods of implementing specific programs;
- (4) identify alternative programs for achieving requisite goals;
- (5) make estimates and comparisons of the impacts of alternative methods and programs;
- (6) present findings of completed analyses to the appropriate legislative authorities;
- (7) identify areas where additional research or data collection is required to provide adequate support for the assessments and estimates described in paragraph (1) through (5) of this subsection; and

(8) undertake such additional associated activities as the appropriate authorities specified under subsection (d) may direct.

(d) Assessment activities undertaken by the Office may be initiated upon the request of:

- (1) the chairman of any standing, special, or select committee of either House of the Congress, or of any joint committee of the Congress, acting for himself or at the request of the ranking minority member or a majority of the committee members;
- (2) the Board; or
- (3) the Director, in consultation with the Board.

Information,  
availability.

(e) Assessments made by the Office, including information, surveys, studies, reports, and findings related thereto, shall be made available to the initiating committee or other appropriate committees of the Congress. In addition, any such information, surveys, studies, reports, and findings produced by the Office may be made available to the public except where—

- (1) to do so would violate security statutes; or
- (2) the Board considers it necessary or advisable to withhold such information in accordance with one or more of the numbered paragraphs in section 552(b) of title 5, United States Code.

## Requirements.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That the Act of July 4, 1955 (69 Stat. 245), as amended by the Act of May 14, 1956 (70 Stat. 155), is hereby amended to read as follows:

"That distribution and drainage systems authorized to be constructed under the Federal reclamation laws may, in lieu of construction by the Secretary of the Interior (referred to in this Act as the 'Secretary'), be constructed by irrigation districts or other public agencies according to plans and specifications approved by the Secretary as provided in this Act. The drainage systems referred to in this Act are those required for collection and removal of excess irrigation water, either on or below the surface of the ground and do not include enlargement or alteration of existing waterways for disposition of natural runoff.

"SEC. 2. To assist financially in the construction of the aforesaid local distribution and drainage systems by irrigation districts and other public agencies the Secretary is authorized, on application therefor by such irrigation districts or other public agencies, to make funds available on a loan basis from moneys appropriated for the construction of such distribution and drainage systems to any irrigation district or other public agency in an amount equal to the estimated construction cost of such system, contingent upon a finding by the Secretary that the loan can be returned to the United States in accordance with the general repayment provisions of sections 2(d) and 9(d) of the Reclamation Project Act of August 4, 1939, and upon a showing that such district or agency already holds or can acquire all lands and interests in land (except public and other lands or interests in land owned by the United States which are within the administrative jurisdiction of the Secretary and subject to disposition by him) necessary for the construction, operation, and maintenance of the project. The Secretary shall, upon approval of a loan, including any loan for a distribution and drainage system receiving water from the San Luis unit, Central Valley project, authorized by the Act of June 3, 1960 (74 Stat. 156), enter into a repayment contract which includes such provisions as the Secretary shall deem necessary and proper to provide assurance of prompt repayment of the loan within not to exceed forty years plus a development period not to exceed ten years. The term 'irrigation district or other public agency' shall for the purposes of this Act mean any conservancy district, irrigation district, water users' organization, or other organization, which is organized under State law and which has capacity to enter into contracts with the United States pursuant to the Federal reclamation laws.

"SEC. 3. The Secretary shall require, as conditions to any such loan, that the borrower contribute in money or materials, labor, lands, or interests in land, computed at their reasonable value, a portion not in excess of 10 per centum, of the construction cost of the distribution and drainage system (including all costs of acquiring lands and interests in land), that the plans for the system be in accord with sound engineering practices and be such as will achieve the purposes for which the system was authorized, and that the borrower agree to account in full in regard to all disbursements of borrowed funds and to return at once for application toward amortization of the loan all funds which are not expended in the construction of the distribution and drainage system. Every organization contracting for repayment

of a loan under this Act shall operate and maintain its distribution and drainage works in conformity with reasonable contractual requirements determined to be appropriate for the protection of the United States. The Secretary is hereby authorized to reconvey to borrowers all lands or interests in lands and distribution works transferred to the United States under the provisions of this Act: *Provided*, That any reconveyance shall be upon the condition that the repayment contract of the borrower be amended to include such provisions as the Secretary shall deem necessary or proper to provide assurance of and security for prompt repayment of the loan. "(1) it is the national goal that the discharge of pollutants into the navigable waters be eliminated by 1985;

"(2) it is the national goal that wherever attainable, an interim goal of water quality which provides for the protection and propagation of fish, shellfish, and wildlife and provides for recreation in and on the water be achieved by July 1, 1983;

"(3) it is the national policy that the discharge of toxic pollutants in toxic amounts be prohibited;

"(4) it is the national policy that Federal financial assistance be provided to construct publicly owned waste treatment works;

"(5) it is the national policy that areawide waste treatment management planning processes be developed and implemented to assure adequate control of sources of pollutants in each State; and

"(6) it is the national policy that a major research and demonstration effort be made to develop technology necessary to eliminate the discharge of pollutants into the navigable waters, waters of the contiguous zone, and the oceans.

"(b) It is the policy of the Congress to recognize, preserve, and protect the primary responsibilities and rights of States to prevent, reduce, and eliminate pollution, to plan the development and use (including restoration, preservation, and enhancement) of land and water resources, and to consult with the Administrator in the exercise of his authority under this Act. It is further the policy of the Congress to support and aid research relating to the prevention, reduction, and elimination of pollution, and to provide Federal technical services and financial aid to State and interstate agencies and municipalities in connection with the prevention, reduction, and elimination of pollution.

"(c) It is further the policy of Congress that the President, acting through the Secretary of State and such national and international organizations as he determines appropriate, shall take such action as may be necessary to insure that to the fullest extent possible all foreign countries shall take meaningful action for the prevention, reduction, and elimination of pollution in their waters and in international waters and for the achievement of goals regarding the elimination of discharge of pollutants and the improvement of water quality to at least the same extent as the United States does under its laws.

"(d) Except as otherwise expressly provided in this Act, the Administrator of the Environmental Protection Agency (hereinafter in this Act called 'Administrator') shall administer this Act.

Administration.

“(e) Public participation in the development, revision, and enforcement of any regulation, standard, effluent limitation, plan, or program established by the Administrator or any State under this Act shall be provided for, encouraged, and assisted by the Administrator and the States. The Administrator, in cooperation with the States, shall develop and publish regulations specifying minimum guidelines for public participation in such processes.

Regulations.

“(f) It is the national policy that to the maximum extent possible the procedures utilized for implementing this Act shall encourage the drastic minimization of paperwork and interagency decision procedures, and the best use of available manpower and funds, so as to prevent needless duplication and unnecessary delays at all levels of government.

“COMPREHENSIVE PROGRAMS FOR WATER POLLUTION CONTROL

“SEC. 102. (a) The Administrator shall, after careful investigation, and in cooperation with other Federal agencies, State water pollution control agencies, interstate agencies, and the municipalities and industries involved, prepare or develop comprehensive programs for preventing, reducing, or eliminating the pollution of the navigable waters and ground waters and improving the sanitary condition of surface and underground waters. In the development of such comprehensive programs due regard shall be given to the improvements which are necessary to conserve such waters for the protection and propagation of fish and aquatic life and wildlife, recreational purposes, and the withdrawal of such waters for public water supply, agricultural, industrial, and other purposes. For the purpose of this section, the Administrator is authorized to make joint investigations with any such agencies of the condition of any waters in any State or States, and of the discharges of any sewage, industrial wastes, or substance which may adversely affect such waters.

“(b) (1) In the survey or planning of any reservoir by the Corps of Engineers, Bureau of Reclamation, or other Federal agency, consideration shall be given to inclusion of storage for regulation of streamflow, except that any such storage and water releases shall not be provided as a substitute for adequate treatment or other methods of controlling waste at the source.

“(2) The need for and the value of storage for regulation of streamflow (other than for water quality) including but not limited to navigation, salt water intrusion, recreation, esthetics, and fish and wildlife, shall be determined by the Corps of Engineers, Bureau of Reclamation, or other Federal agencies.

“(3) The need for, the value of, and the impact of, storage for water quality control shall be determined by the Administrator, and his views on these matters shall be set forth in any report or presentation to Congress proposing authorization or construction of any reservoir including such storage.

Water storage;  
report to Congress.

“(4) The value of such storage shall be taken into account in determining the economic value of the entire project of which it is a part, and costs shall be allocated to the purpose of regulation of streamflow in a manner which will insure that all project purposes, share equitably in the benefits of multiple-purpose construction.

“(5) Costs of regulation of streamflow features incorporated in any Federal reservoir or other impoundment under the provisions of this Act shall be determined and the beneficiaries identified and if the benefits are widespread or national in scope, the costs of such features shall be nonreimbursable.

“(6) No license granted by the Federal Power Commission for a hydroelectric power project shall include storage for regulation of streamflow for the purpose of water quality control unless the Administrator shall recommend its inclusion and such reservoir storage capacity shall not exceed such proportion of the total storage required for the water quality control plan as the drainage area of such reservoir bears to the drainage area of the river basin or basins involved in such water quality control plan.

Grants.

Ante, p. 816.

“(c) (1) The Administrator shall, at the request of the Governor of a State, or a majority of the Governors when more than one State is involved, make a grant to pay not to exceed 50 per centum of the administrative expenses of a planning agency for a period not to exceed three years, which period shall begin after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, if such agency provides for adequate representation of appropriate State, interstate, local, or (when appropriate) international interests in the basin or portion thereof involved and is capable of developing an effective, comprehensive water quality control plan for a basin or portion thereof.

“(2) Each planning agency receiving a grant under this subsection shall develop a comprehensive pollution control plan for the basin or portion thereof which—

“(A) is consistent with any applicable water quality standards, effluent and other limitations, and thermal discharge regulations established pursuant to current law within the basin;

“(B) recommends such treatment works as will provide the most effective and economical means of collection, storage, treatment, and elimination of pollutants and recommends means to encourage both municipal and industrial use of such works;

“(C) recommends maintenance and improvement of water quality within the basin or portion thereof and recommends methods of adequately financing those facilities as may be necessary to implement the plan; and

“(D) as appropriate, is developed in cooperation with, and is consistent with any comprehensive plan prepared by the Water Resources Council, any areawide waste management plans developed pursuant to section 208 of this Act, and any State plan developed pursuant to section 303(e) of this Act.

### “TITLE II—GRANTS FOR CONSTRUCTION OF TREATMENT WORKS

#### “PURPOSE

“SEC. 201. (a) It is the purpose of this title to require and to assist the development and implementation of waste treatment management plans and practices which will achieve the goals of this Act.

“(b) Waste treatment management plans and practices shall provide for the application of the best practicable waste treatment technology before any discharge into receiving waters, including reclaiming and recycling of water, and confined disposal of pollutants so they will not migrate to cause water or other environmental pollution and shall provide for consideration of advanced waste treatment techniques.

“(c) To the extent practicable, waste treatment management shall be on an areawide basis and provide control or treatment of all point and nonpoint sources of pollution, including in place or accumulated pollution sources.

“(d) The Administrator shall encourage waste treatment management which results in the construction of revenue producing facilities providing for—

“(1) the recycling of potential sewage pollutants through the production of agriculture, silviculture, or aquaculture products, or any combination thereof;

“(2) the confined and contained disposal of pollutants not recycled;

“(3) the reclamation of wastewater; and

“(4) the ultimate disposal of sludge in a manner that will not result in environmental hazards.

“(e) The Administrator shall encourage waste treatment management which results in integrating facilities for sewage treatment and recycling with facilities to treat, dispose of, or utilize other industrial and municipal wastes, including but not limited to solid waste and waste heat and thermal discharges. Such integrated facilities shall be designed and operated to produce revenues in excess of capital and operation and maintenance costs and such revenues shall be used by the designated regional management agency to aid in financing other environmental improvement programs.

“(f) The Administrator shall encourage waste treatment management which combines ‘open space’ and recreational considerations with such management.

“(g) (1) The Administrator is authorized to make grants to any State, municipality, or intermunicipal or interstate agency for the construction of publicly owned treatment works.

Conditions.

“(2) The Administrator shall not make grants from funds authorized for any fiscal year beginning after June 30, 1974, to any State, municipality, or intermunicipal or interstate agency for the erection, building, acquisition, alteration, remodeling, improvement, or extension of treatment works unless the grant applicant has satisfactorily demonstrated to the Administrator that—

“(A) alternative waste management techniques have been studied and evaluated and the works proposed for grant assistance will provide for the application of the best practicable waste treatment technology over the life of the works consistent with the purposes of this title; and

“(B) as appropriate, the works proposed for grant assistance will take into account and allow to the extent practicable the application of technology at a later date which will provide for the reclaiming or recycling of water or otherwise eliminate the discharge of pollutants.

“(3) The Administrator shall not approve any grant after July 1, 1973, for treatment works under this section unless the applicant shows to the satisfaction of the Administrator that each sewer collection system discharging into such treatment works is not subject to excessive infiltration.

“(4) The Administrator is authorized to make grants to applicants for treatment works grants under this section for such sewer system evaluation studies as may be necessary to carry out the requirements of paragraph (3) of this subsection. Such grants shall be made in accordance with rules and regulations promulgated by the Administrator. Initial rules and regulations shall be promulgated under this paragraph not later than 120 days after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972.

Rules and regulations.

Any grant (other than for reimbursement) made prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972 from any funds authorized for any fiscal year beginning after June 30, 1971, shall, upon the request of the applicant, be increased to the applicable percentage under this section.

*Ante*, p. 816.

“(b) The amount of the grant for any project approved by the Administrator after January 1, 1971, and before July 1, 1971, for the construction of treatment works, the actual erection, building or acquisition of which was not commenced prior to July 1, 1971, shall, upon the request of the applicant, be increased to the applicable percentage under subsection (a) of this section for grants for treatment works from funds for fiscal years beginning after June 30, 1971, with respect to the cost of such actual erection, building, or acquisition. Such increased amount shall be paid from any funds allocated to the State in which the treatment works is located without regard to the fiscal year for which such funds were authorized. Such increased amount shall be paid for such project only if—

“(1) a sewage collection system that is a part of the same total waste treatment system as the treatment works for which such grant was approved is under construction or is to be constructed for use in conjunction with such treatment works, and if the cost of such sewage collection system exceeds the cost of such treatment works, and

“(2) the State water pollution control agency or other appropriate State authority certifies that the quantity of available ground water will be insufficient, inadequate, or unsuitable for public use, including the ecological preservation and recreational use of surface water bodies, unless effluents from publicly-owned treatment works after adequate treatment are returned to the ground water consistent with acceptable technological standards.

#### “PLANS, SPECIFICATIONS, ESTIMATES, AND PAYMENTS

“SEC. 203. (a) Each applicant for a grant shall submit to the Administrator for his approval, plans, specifications, and estimates for each proposed project for the construction of treatment works for which a grant is applied for under section 201(g)(1) from funds allotted to the State under section 205 and which otherwise meets the requirements of this Act. “(b) The Administrator shall, from time to time as the work progresses, make payments to the recipient of a grant for costs of construction incurred on a project. These payments shall at no time exceed the Federal share of the cost of construction incurred to the date of the voucher covering such payment plus the Federal share of the value of the materials which have been stockpiled in the vicinity of such construction in conformity to plans and specifications for the project.

*Limitation.*

“(c) After completion of a project and approval of the final voucher by the Administrator, he shall pay out of the appropriate sums the unpaid balance of the Federal share payable on account of such project.

#### “LIMITATIONS AND CONDITIONS

“SEC. 204. (a) Before approving grants for any project for any treatment works under section 201(g)(1) the Administrator shall determine—

"(1) that such works are included in any applicable area-wide waste treatment management plan developed under section 208 of this Act;

"(2) that such works are in conformity with any applicable State plan under section 303(e) of this Act;

"(3) that such works have been certified by the appropriate State water pollution control agency as entitled to priority over such other works in the State in accordance with any applicable State plan under section 303(e) of this Act;

"(4) that the applicant proposing to construct such works agrees to pay the non-Federal costs of such works and has made adequate provisions satisfactory to the Administrator for assuring proper and efficient operation, including the employment of trained management and operations personnel, and the maintenance of such works in accordance with a plan of operation approved by the State water pollution control agency or, as appropriate, the interstate agency, after construction thereof;

"(5) that the size and capacity of such works relate directly to the needs to be served by such works, including sufficient reserve capacity. The amount of reserve capacity provided shall be approved by the Administrator on the basis of a comparison of the cost of constructing such reserves as a part of the works to be funded and the anticipated cost of providing expanded capacity at a date when such capacity will be required;

"(6) that no specification for bids in connection with such works shall be written in such a manner as to contain proprietary, exclusionary, or discriminatory requirements other than those based upon performance, unless such requirements are necessary to test or demonstrate a specific thing or to provide for necessary interchangeability of parts and equipment, or at least two brand names or trade names of comparable quality or utility are listed and are followed by the words 'or equal'.

"(b)(1) Notwithstanding any other provision of this title, the Administrator shall not approve any grant for any treatment works under section 201(g)(1) after March 1, 1973, unless he shall first have determined that the applicant (A) has adopted or will adopt a system of charges to assure that each recipient of waste treatment services within the applicant's jurisdiction, as determined by the Administrator, will pay its proportionate share of the costs of operation and maintenance (including replacement) of any waste treatment services provided by the applicant; (B) has made provision for the payment to such applicant by the industrial users of the treatment works, of that portion of the cost of construction of such treatment works (as determined by the Administrator) which is allocable to the treatment of such industrial wastes to the extent attributable to the Federal share of the cost of construction; and (C) has legal, institutional, managerial, and financial capability to insure adequate construction, operation, and maintenance of treatment works throughout the applicant's jurisdiction, as determined by the Administrator.

"(2) The Administrator shall, within one hundred and eighty days after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, and after consultation with appropriate State, interstate, municipal, and intermunicipal agencies, issue guidelines applicable to payment of waste treatment costs by industrial and nonindustrial recipients of waste treatment services which shall establish (A) classes of users of such services, including categories of industrial users; (B) criteria against which to determine the adequacy of charges imposed on classes and categories of users reflecting all

factors that influence the cost of waste treatment, including strength, volume, and delivery flow rate characteristics of waste; and (C) model systems and rates of user charges typical of various treatment works serving municipal-industrial communities.

“(3) The grantee shall retain an amount of the revenues derived from the payment of costs by industrial users of waste treatment services, to the extent costs are attributable to the Federal share of eligible project costs provided pursuant to this title as determined by the Administrator, equal to (A) the amount of the non-Federal cost of such project paid by the grantee plus (B) the amount, determined in accordance with regulations promulgated by the Administrator, necessary for future expansion and reconstruction of the project, except that such retained amount shall not exceed 50 per centum of such revenues from such project. All revenues from such project not retained by the grantee shall be deposited by the Administrator in the Treasury as miscellaneous receipts. That portion of the revenues retained by the grantee attributable to clause (B) of the first sentence of this paragraph, together with any interest thereon shall be used solely for the purposes of future expansion and reconstruction of the project.

“(4) Approval by the Administrator of a grant to an interstate agency established by interstate compact for any treatment works shall satisfy any other requirement that such works be authorized by Act of Congress.

#### “ALLOTMENT

“SEC. 205. (a) Sums authorized to be appropriated pursuant to section 207 for each fiscal year beginning after June 30, 1972, shall be allotted by the Administrator not later than the January 1st immediately preceding the beginning of the fiscal year for which authorized, except that the allotment for fiscal year 1973 shall be made not later than 30 days after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972. Such sums shall be allotted among the States by the Administrator in accordance with regulations promulgated by him, in the ratio that the estimated cost of constructing all needed publicly owned treatment works in each State bears to the estimated cost of construction of all needed publicly owned treatment works in all of the States. For the fiscal years ending June 30, 1973, and June 30, 1974, such ratio shall be determined on the basis of table III of House Public Works Committee Print No. 92-50. Allotments for fiscal years which begin after the fiscal year ending June 30, 1974, shall be made only in accordance with a revised cost estimate made and submitted to Congress in accordance with section 516(b) of this Act and only after such revised cost estimate shall have been approved by law specifically enacted hereafter.

“(b) (1) Any sums allotted to a State under subsection (a) shall be available for obligation under section 203 on and after the date of such allotment. Such sums shall continue available for obligation in such State for a period of one year after the close of the fiscal year for which such sums are authorized. Any amounts so allotted which are not obligated by the end of such one-year period shall be immediately reallocated by the Administrator, in accordance with regulations promulgated by him, generally on the basis of the ratio used in making the last allotment of sums under this section. Such reallocated sums shall be added to the last allotments made to the States. Any sum made available to a State by reallocation under this subsection shall be in addition to any funds otherwise allotted to such State for grants under this title during any fiscal year.

“(2) Any sums which have been obligated under section 203 and which are released by the payment of the final voucher for the project shall be immediately credited to the State to which such sums were last allotted. Such released sums shall be added to the amounts last allotted to such State and shall be immediately available for obligation in the same manner and to the same extent as such last allotment.

“REIMBURSEMENT AND ADVANCED CONSTRUCTION

“SEC. 206. (a) Any publicly owned treatment works in a State on which construction was initiated after June 30, 1966, but before July 1, 1972, which was approved by the appropriate State water pollution control agency and which the Administrator finds meets the requirements of section 8 of this Act in effect at the time of the initiation of construction shall be reimbursed a total amount equal to the difference between the amount of Federal financial assistance, if any, received under such section 8 for such project and 50 per centum of the cost of such project, or 55 per centum of the project cost where the Administrator also determines that such treatment works was constructed in conformity with a comprehensive metropolitan treatment plan as described in section 8(f) of the Federal Water Pollution Control Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972. Nothing in this subsection shall result in any such works receiving Federal grants from all sources in excess of 80 per centum of the cost of such project.

79 Stat. 907.  
33 USC 1158.  
*Ante*, p. 816.

“(b) Any publicly owned treatment works constructed with or eligible for Federal financial assistance under this Act in a State between June 30, 1956, and June 30, 1966, which was approved by the State water pollution control agency and which the Administrator finds meets the requirements of section 8 of this Act prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972 but which was constructed without assistance under such section 8 or which received such assistance in an amount less than 30 per centum of the cost of such project shall qualify for payments and reimbursement of State or local funds used for such project from sums allocated to such State under this section in an amount which shall not exceed the difference between the amount of such assistance, if any, received for such project and 30 per centum of the cost of such project.

Application.

“(c) No publicly owned treatment works shall receive any payment or reimbursement under subsection (a) or (b) of this section unless an application for such assistance is filed with the Administrator within the one year period which begins on the date of enactment of the Federal Water Pollution Control Act Amendments of 1972. Any application filed within such one year period may be revised from time to time, as may be necessary.

“(d) The Administrator shall allocate to each qualified project under subsection (a) of this section each fiscal year for which funds are appropriated under subsection (e) of this section an amount which bears the same ratio to the unpaid balance of the reimbursement due such project as the total of such funds for such year bears to the total unpaid balance of reimbursement due all such approved projects on the date of enactment of such appropriation. The Administrator shall allocate to each qualified project under subsection (b) of this section each fiscal year for which funds are appropriated under subsection (e) of this section an amount which bears the same ratio to the unpaid balance of the reimbursement due such project as the total of such funds

for such year bears to the total unpaid balance of reimbursement due all such approved projects on the date of enactment of such appropriation.

“(e) There is authorized to be appropriated to carry out subsection (a) of this section not to exceed \$2,000,000,000 and, to carry out subsection (b) of this section, not to exceed \$750,000,000. The authorizations contained in this subsection shall be the sole source of funds for reimbursements authorized by this section.

Appropriation.

“(f) (1) In any case where all funds allotted to a State under this title have been obligated under section 203 of this Act, and there is construction of any treatment works project without the aid of Federal funds and in accordance with all procedures and all requirements applicable to treatment works projects, except those procedures and requirements which limit construction of projects to those constructed with the aid of previously allotted Federal funds, the Administrator, upon his approval of an application made under this subsection therefor, is authorized to pay the Federal share of the cost of construction of such project when additional funds are allotted to the State under this title if prior to the construction of the project the Administrator approves plans, specifications, and estimates therefor in the same manner as other treatment works projects. The Administrator may not approve an application under this subsection unless an authorization is in effect for the future fiscal year for which the application requests payment, which authorization will insure such payment without exceeding the State's expected allotment from such authorization.

“(2) In determining the allotment for any fiscal year under this title, any treatment works project constructed in accordance with this section and without the aid of Federal funds shall not be considered completed until an application under the provisions of this subsection with respect to such project has been approved by the Administrator, or the availability of funds from which this project is eligible for reimbursement has expired, whichever first occurs.

governments having jurisdiction in such areas, the Governor shall designate (A) the boundaries of each such area, and (B) a single representative organization, including elected officials from local governments or their designees, capable of developing effective areawide waste treatment management plans for such area. The Governor may in the same manner at any later time identify any additional area (or modify an existing area) for which he determines areawide waste treatment management to be appropriate, designate the boundaries of such area, and designate an organization capable of developing effective areawide waste treatment management plans for such area.

“(3) With respect to any area which, pursuant to the guidelines published under paragraph (1) of this subsection, is located in two or more States, the Governors of the respective States shall consult and cooperate in carrying out the provisions of paragraph (2), with a view toward designating the boundaries of the interstate area having common water quality control problems and for which areawide waste treatment management plans would be most effective, and toward designating, within one hundred and eighty days after publication of guidelines issued pursuant to paragraph (1) of this subsection, of a single representative organization capable of developing effective areawide waste treatment management plans for such area.

“(4) If a Governor does not act, either by designating or determining not to make a designation under paragraph (2) of this subsection, within the time required by such paragraph, or if, in the case of an interstate area, the Governors of the States involved do not designate a planning organization within the time required by paragraph (3) of this subsection, the chief elected officials of local governments within an area may by agreement designate (A) the boundaries for such an area, and (B) a single representative organization including elected officials from such local governments, or their designees, capable of developing an areawide waste treatment management plan for such area.

#### “SEWAGE COLLECTION SYSTEMS

“SEC. 211. No grant shall be made for a sewage collection system under this title unless such grant (1) is for replacement or major rehabilitation of an existing collection system and is necessary to the total integrity and performance of the waste treatment works servicing such

community, or (2) is for a new collection system in an existing community with sufficient existing or planned capacity adequately to treat such collected sewage and is consistent with section 201 of this Act.

#### “DEFINITIONS

“SEC. 212. As used in this title—

“(1) The term ‘construction’ means any one or more of the following: preliminary planning to determine the feasibility of treatment works, engineering, architectural, legal, fiscal, or economic investigations or studies, surveys, designs, plans, working drawings, specifications, procedures, or other necessary actions, erection, building, acquisition, alteration, remodeling, improvement, or extension of treatment works, or the inspection or supervision of any of the foregoing items.

“(2) (A) The term ‘treatment works’ means any devices and systems used in the storage, treatment, recycling, and reclamation of municipal sewage or industrial wastes of a liquid nature to implement section 201 of this Act, or necessary to recycle or reuse water at the most economical cost over the estimated life of the works, including intercepting sewers, outfall sewers, sewage collection systems, pumping, power, and other equipment, and their appurtenances; extensions, improvements, remodeling, additions, and alterations thereof; elements essential to provide a reliable recycled supply such as standby treatment units and clear well facilities; and any works, including site acquisition of the land that will be an integral part of the treatment process or is used for ultimate disposal of residues resulting from such treatment.

“(B) In addition to the definition contained in subparagraph (A) of this paragraph, ‘treatment works’ means any other method or system for preventing, abating, reducing, storing, treating, separating, or disposing of municipal waste, including storm water runoff, or industrial waste, including waste in combined storm water and sanitary sewer systems. Any application for construction grants which includes wholly or in part such methods or systems shall, in accordance with guidelines published by the Administrator pursuant to subparagraph (C) of this paragraph, contain adequate data and analysis demonstrating such proposal to be, over the life of such works, the most cost efficient alternative to comply with sections 301 or 302 of this Act, or the requirements of section 201 of this Act.

Methods evaluation guidelines, publication.

“(C) For the purposes of subparagraph (B) of this paragraph, the Administrator shall, within one hundred and eighty days after the date of enactment of this title, publish and thereafter revise no less often than annually, guidelines for the evaluation of methods, including cost-effective analysis, described in subparagraph (B) of this paragraph.

“(3) The term ‘replacement’ as used in this title means those expenditures for obtaining and installing equipment, accessories, or appurtenances during the useful life of the treatment works necessary to maintain the capacity and performance for which such works are designed and constructed.

#### “TITLE III—STANDARDS AND ENFORCEMENT

##### “EFFLUENT LIMITATIONS

“SEC. 301. (a) Except as in compliance with this section and sections 302, 306, 307, 318, 402, and 404 of this Act, the discharge of any pollutant by any person shall be unlawful.

“(b) In order to carry out the objective of this Act there shall be achieved—

“(1) (A) not later than July 1, 1977, effluent limitations for point sources, other than publicly owned treatment works, (i) which shall require the application of the best practicable control technology currently available as defined by the Administrator pursuant to section 304(b) of this Act, or (ii) in the case of a discharge into a publicly owned treatment works which meets the requirements of subparagraph (B) of this paragraph, which shall require compliance with any applicable pretreatment requirements and any requirements under section 307 of this Act; and

“(B) for publicly owned treatment works in existence on July 1, 1977, or approved pursuant to section 203 of this Act prior to June 30, 1974 (for which construction must be completed within four years of approval), effluent limitations based upon secondary treatment as defined by the Administrator pursuant to section 304(d) (1) of this Act; or,

“(C) not later than July 1, 1977, any more stringent limitation, including those necessary to meet water quality standards, treatment standards, or schedules of compliance, established pursuant to any State law or regulations (under authority preserved by section 510) or any other Federal law or regulation, or required to implement any applicable water quality standard established pursuant to this Act.

*Post*, p. 893

“(2) (A) not later than July 1, 1983, effluent limitations for categories and classes of point sources, other than publicly owned treatment works, which (i) shall require application of the best available technology economically achievable for such category or class, which will result in reasonable further progress toward the national goal of eliminating the discharge of all pollutants, as determined in accordance with regulations issued by the Administrator pursuant to section 304(b) (2) of this Act, which such effluent limitations shall require the elimination of discharges of all pollutants if the Administrator finds, on the basis of information available to him (including information developed pursuant to section 315), that such elimination is technologically and economically achievable for a category or class of point sources as determined in accordance with regulations issued by the Administrator pursuant to section 304(b) (2) of this Act, or (ii) in the case of the introduction of a pollutant into a publicly owned treatment works which meets the requirements of subparagraph (B) of this paragraph, shall require compliance with any applicable pretreatment requirements and any other requirement under section 307 of this Act; and

“(B) not later than July 1, 1983, compliance by all publicly owned treatment works with the requirements set forth in section 201(g) (2) (A) of this Act.

“(c) The Administrator may modify the requirements of subsection (b) (2) (A) of this section with respect to any point source for which a permit application is filed after July 1, 1977, upon a showing by the owner or operator of such point source satisfactory to the Administrator that such modified requirements (1) will represent the maximum use of technology within the economic capability of the owner or operator; and (2) will result in reasonable further progress toward the elimination of the discharge of pollutants.

“(d) Any effluent limitation required by paragraph (2) of subsection (b) of this section shall be reviewed at least every five years and, if appropriate, revised pursuant to the procedure established under such paragraph.

“(e) Effluent limitations established pursuant to this section or section 302 of this Act shall be applied to all point sources of discharge of pollutants in accordance with the provisions of this Act.

“(f) Notwithstanding any other provisions of this Act it shall be unlawful to discharge any radiological, chemical, or biological warfare agent or high-level radioactive waste into the navigable waters.

#### “WATER QUALITY RELATED EFFLUENT LIMITATIONS

“SEC. 302. (a) Whenever, in the judgment of the Administrator, discharges of pollutants from a point source or group of point sources, with the application of effluent limitations required under section 301 (b) (2) of this Act, would interfere with the attainment or maintenance of that water quality in a specific portion of the navigable waters which shall assure protection of public water supplies, agricultural and industrial uses, and the protection and propagation of a balanced population of shellfish, fish and wildlife, and allow recreational activities in and on the water, effluent limitations (including alternative effluent control strategies) for such point source or sources shall be established which can reasonably be expected to contribute to the attainment or maintenance of such water quality.

Public hearing.

“(b) (1) Prior to establishment of any effluent limitation pursuant to subsection (a) of this section, the Administrator shall issue notice of intent to establish such limitation and within ninety days of such notice hold a public hearing to determine the relationship of the economic and social costs of achieving any such limitation or limitations, including any economic or social dislocation in the affected community or communities, to the social and economic benefits to be obtained (including the attainment of the objective of this Act) and to determine whether or not such effluent limitations can be implemented with available technology or other alternative control strategies.

“(2) If a person affected by such limitation demonstrates at such hearing that (whether or not such technology or other alternative control strategies are available) there is no reasonable relationship between the economic and social costs and the benefits to be obtained (including attainment of the objective of this Act), such limitation shall not become effective and the Administrator shall adjust such limitation as it applies to such person.

“(c) The establishment of effluent limitations under this section shall not operate to delay the application of any effluent limitation established under section 301 of this Act.

#### “WATER QUALITY STANDARDS AND IMPLEMENTATION PLANS

“SEC. 303. (a) (1) In order to carry out the purpose of this Act, any water quality standard applicable to interstate waters which was adopted by any State and submitted to, and approved by, or is awaiting approval by, the Administrator pursuant to this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, shall remain in effect unless the Administrator determined that such standard is not consistent with the applicable requirements of this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972. If the Administrator makes such a determination he shall, within three months after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, notify the State and specify the changes needed to meet such requirements. If such changes are not adopted by the State within ninety days after the date of such notification, the Administrator shall promulgate such changes in accordance with subsection (b) of this section.

"(2) Any State which, before the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, has adopted, pursuant to its own law, water quality standards applicable to intrastate waters shall submit such standards to the Administrator within thirty days after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972. Each such standard shall remain in effect, in the same manner and to the same extent as any other water quality standard established under this Act unless the Administrator determines that such standard is inconsistent with the applicable requirements of this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972. If the Administrator makes such a determination he shall not later than the one hundred and twentieth day after the date of submission of such standards, notify the State and specify the changes needed to meet such requirements. If such changes are not adopted by the State within ninety days after such notification, the Administrator shall promulgate such changes in accordance with subsection (b) of this section.

*Ante*, p. 816.

"(3) (A) Any State which prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972 has not adopted pursuant to its own laws water quality standards applicable to intrastate waters shall, not later than one hundred and eighty days after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, adopt and submit such standards to the Administrator.

"(B) If the Administrator determines that any such standards are consistent with the applicable requirements of this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, he shall approve such standards.

"(C) If the Administrator determines that any such standards are not consistent with the applicable requirements of this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, he shall, not later than the ninetieth day after the date of submission of such standards, notify the State and specify the changes to meet such requirements. If such changes are not adopted by the State within ninety days after the date of notification, the Administrator shall promulgate such standards pursuant to subsection (b) of this section.

"(b) (1) The Administrator shall promptly prepare and publish proposed regulations setting forth water quality standards for a State in accordance with the applicable requirements of this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, if—

"(A) the State fails to submit water quality standards within the times prescribed in subsection (a) of this section,

"(B) a water quality standard submitted by such State under subsection (a) of this section is determined by the Administrator not to be consistent with the applicable requirements of subsection (a) of this section.

"(2) The Administrator shall promulgate any water quality standard published in a proposed regulation not later than one hundred and ninety days after the date he publishes any such proposed standard, unless prior to such promulgation, such State has adopted a water quality standard which the Administrator determines to be in accordance with subsection (a) of this section.

Revised  
standards.

Federal Water Pollution Control Act Amendments of 1972) hold public hearings for the purpose of reviewing applicable water quality standards and, as appropriate, modifying and adopting standards. Results of such review shall be made available to the Administrator.

"(2) Whenever the State revises or adopts a new standard, such revised or new standard shall be submitted to the Administrator. Such revised or new water quality standard shall consist of the designated uses of the navigable waters involved and the water quality criteria for such waters based upon such uses. Such standards shall be such as to protect the public health or welfare, enhance the quality of water and serve the purposes of this Act. Such standards shall be established taking into consideration their use and value for public water supplies, propagation of fish and wildlife, recreational purposes, and agricultural, industrial, and other purposes, and also taking into consideration their use and value for navigation.

"(3) If the Administrator, within sixty days after the date of submission of the revised or new standard, determines that such standard meets the requirements of this Act, such standard shall thereafter be the water quality standard for the applicable waters of that State. If the Administrator determines that any such revised or new standard is not consistent with the applicable requirements of this Act, he shall not later than the ninetieth day after the date of submission of such standard notify the State and specify the changes to meet such requirements. If such changes are not adopted by the State within ninety days after the date of notification, the Administrator shall promulgate such standard pursuant to paragraph (4) of this subsection.

Publication.

"(4) The Administrator shall promptly prepare and publish proposed regulations setting forth a revised or new water quality standard for the navigable waters involved—

"(A) if a revised or new water quality standard submitted by such State under paragraph (3) of this subsection for such waters is determined by the Administrator not to be consistent with the applicable requirements of this Act, or

"(B) in any case where the Administrator determines that a revised or new standard is necessary to meet the requirements of this Act.

The Administrator shall promulgate any revised or new standard under this paragraph not later than ninety days after he publishes such proposed standards, unless prior to such promulgation, such State has adopted a revised or new water quality standard which the Administrator determines to be in accordance with this Act.

Insufficient  
controls, area  
identification.

"(d) (1) (A) Each State shall identify those waters within its boundaries for which the effluent limitations required by section 301(b) (1) (A) and section 301(b) (1) (B) are not stringent enough to implement any water quality standard applicable to such waters. The State shall establish a priority ranking for such waters, taking into account the severity of the pollution and the uses to be made of such waters.

"(B) Each State shall identify those waters or parts thereof within its boundaries for which controls on thermal discharges under section 301 are not stringent enough to assure protection and propagation of a balanced indigenous population of shellfish, fish, and wildlife.

Maximum daily  
load.

"(C) Each State shall establish for the waters identified in paragraph (1) (A) of this subsection, and in accordance with the priority ranking, the total maximum daily load, for those pollutants which the Administrator identifies under section 304(a) (2) as suitable for such calculation. Such load shall be established at a level necessary to implement the applicable water quality standards with seasonal variations and a margin of safety which takes into account any lack of

knowledge concerning the relationship between effluent limitations and water quality.

“(D) Each State shall estimate for the waters identified in paragraph (1)(B) of this subsection the total maximum daily thermal load required to assure protection and propagation of a balanced, indigenous population of shellfish, fish and wildlife. Such estimates shall take into account the normal water temperatures, flow rates, seasonal variations, existing sources of heat input, and the dissipative capacity of the identified waters or parts thereof. Such estimates shall include a calculation of the maximum heat input that can be made into each such part and shall include a margin of safety which takes into account any lack of knowledge concerning the development of thermal water quality criteria for such protection and propagation in the identified waters or parts thereof.

Maximum daily thermal load.

“(2) Each State shall submit to the Administrator from time to time, with the first such submission not later than one hundred and eighty days after the date of publication of the first identification of pollutants under section 304(a)(2)(D), for his approval the waters identified and the loads established under paragraphs (1)(A), (1)(B), (1)(C), and (1)(D) of this subsection. The Administrator shall either approve or disapprove such identification and load not later than thirty days after the date of submission. If the Administrator approves such identification and load, such State shall incorporate them into its current plan under subsection (e) of this section. If the Administrator disapproves such identification and load, he shall not later than thirty days after the date of such disapproval identify such waters in such State and establish such loads for such waters as he determines necessary to implement the water quality standards applicable to such waters and upon such identification and establishment the State shall incorporate them into its current plan under subsection (e) of this section.

“(3) For the specific purpose of developing information, each State shall identify all waters within its boundaries which it has not identified under paragraph (1)(A) and (1)(B) of this subsection and estimate for such waters the total maximum daily load with seasonal variations and margins of safety, for those pollutants which the Administrator identifies under section 304(a)(2) as suitable for such calculation and for thermal discharges, at a level that would assure protection and propagation of a balanced indigenous population of fish, shellfish and wildlife.

“(e)(1) Each State shall have a continuing planning process approved under paragraph (2) of this subsection which is consistent with this Act.

Continuing planning process.

“(2) Each State shall submit not later than 120 days after the date of the enactment of the Water Pollution Control Amendments of 1972 to the Administrator for his approval a proposed continuing planning process which is consistent with this Act. Not later than thirty days after the date of submission of such a process the Administrator shall either approve or disapprove such process. The Administrator shall from time to time review each State's approved planning process for the purpose of insuring that such planning process is at all times consistent with this Act. The Administrator shall not approve any State permit program under title IV of this Act for any State which does not have an approved continuing planning process under this section.

Ante, p. 816.

Review.

“(3) The Administrator shall approve any continuing planning process submitted to him under this section which will result in plans for all navigable waters within such State, which include, but are not limited to, the following:

“(A) effluent limitations and schedules of compliance at least as stringent as those required by section 301(b)(1), section 301(b)(2), section 306, and section 307, and at least as stringent as any requirements contained in any applicable water quality standard in effect under authority of this section;

“(B) the incorporation of all elements of any applicable area-wide waste management plans under section 208, and applicable basin plans under section 209 of this Act;

“(C) total maximum daily load for pollutants in accordance with subsection (d) of this section;

“(D) procedures for revision;

“(E) adequate authority for intergovernmental cooperation;

“(F) adequate implementation, including schedules of compliance, for revised or new water quality standards, under subsection (c) of this section;

“(G) controls over the disposition of all residual waste from any water treatment processing;

“(H) an inventory and ranking, in order of priority, of needs for construction of waste treatment works required to meet the applicable requirements of sections 301 and 302.

“(f) Nothing in this section shall be construed to affect any effluent limitation, or schedule of compliance required by any State to be implemented prior to the dates set forth in sections 301(b)(1) and 301(b)(2) nor to preclude any State from requiring compliance with any effluent limitation or schedule of compliance at dates earlier than such dates.

Heat standards.

“(g) Water quality standards relating to heat shall be consistent with the requirements of section 316 of this Act.

“Water quality standards.”

“(h) For the purposes of this Act the term ‘water quality standards’ includes thermal water quality standards.

“SEC. 306. (a) For purposes of this section:

“(1) The term ‘standard of performance’ means a standard for the control of the discharge of pollutants which reflects the greatest degree of effluent reduction which the Administrator determines to be achievable through application of the best available demonstrated control technology, processes, operating methods, or other alterna-

tives, including, where practicable, a standard permitting no discharge of pollutants.

The Administrator shall afford interested persons an opportunity for written comment on such proposed regulations. After considering such comments, he shall promulgate, within one hundred and twenty days after publication of such proposed regulations, such standards with such adjustments as he deems appropriate. ogy and alternatives change, revise such standards following the procedure required by this subsection for promulgation of such standards. Standards of performance, or revisions thereof, shall become effective upon promulgation. In establishing or revising Federal standards of performance for new sources under this section, the Administrator shall take into consideration the cost of achieving such effluent reduction, and any non-water quality environmental impact and energy requirements.

“(2) The Administrator may distinguish among classes, types, and sizes within categories of new sources for the purpose of establishing such standards and shall consider the type of process employed (including whether batch or continuous).

“(3) The provisions of this section shall apply to any new source owned or operated by the United States.

If the Administrator finds that the procedure and the law of any State require the application and enforcement of standards of performance to at least the same extent as required by this section, such State is authorized to apply and enforce such standards of performance (except with respect to new sources owned or operated by the United States).

“(d) Notwithstanding any other provision of this Act, any point source the construction of which is commenced after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972 and which is so constructed as to meet all applicable standards of performance shall not be subject to any more stringent standard of performance during a ten-year period beginning on the date of completion of such construction or during the period of depreciation or amortization of such facility for the purposes of section 167 or 169 (or both) of the Internal Revenue Code of 1954, whichever period ends first.

#### “TOXIC AND PRETREATMENT EFFLUENT STANDARDS

“SEC. 307. (a) (1) The Administrator shall, within ninety days after the date of enactment of this title, publish (and from time to time thereafter revise) a list which includes any toxic pollutant or combination of such pollutants for which an effluent standard (which may include a prohibition of the discharge of such pollutants or combination of such pollutants) will be established under this section. The Administrator in publishing such list shall take into account the toxicity of the pollutant, its persistence, degradability, the usual or potential presence of the affected organisms in any waters, the importance of the affected organisms and the nature and extent of the effect of the toxic pollutant on such organisms.

Proposed  
effluent stand-  
ard, publication.

“(2) Within one hundred and eighty days after the date of publication of any list, or revision thereof, containing toxic pollutants or combination of pollutants under paragraph (1) of this subsection, the Administrator, in accordance with section 553 of title 5 of the United States Code, shall publish a proposed effluent standard (or a prohibition) for such pollutant or combination of pollutants which shall take into account the toxicity of the pollutant, its persistence, degradability,

80 Stat. 383.

the usual or potential presence of the affected organisms in any waters, the importance of the affected organisms and the nature and extent of the effect of the toxic pollutant on such organisms, and he shall publish a notice for a public hearing on such proposed standard to be held within thirty days. As soon as possible after such hearing, but not later than six months after publication of the proposed effluent standard (or prohibition), unless the Administrator finds, on the record, that a modification of such proposed standard (or prohibition) is justified based upon a preponderance of evidence adduced at such hearings, such standard (or prohibition) shall be promulgated.

Hearing.

“(3) If after a public hearing the Administrator finds that a modification of such proposed standard (or prohibition) is justified, a revised effluent standard (or prohibition) for such pollutant or combination of pollutants shall be promulgated immediately. Such standard (or prohibition) shall be reviewed and, if appropriate, revised at least every three years.

Revised effluent standard.

“(4) Any effluent standard promulgated under this section shall be at that level which the Administrator determines provides an ample margin of safety.

“(5) When proposing or promulgating any effluent standard (or prohibition) under this section, the Administrator shall designate the category or categories of sources to which the effluent standard (or prohibition) shall apply. Any disposal of dredged material may be included in such a category of sources after consultation with the Secretary of the Army.

“(6) Any effluent standard (or prohibition) established pursuant to this section shall take effect on such date or dates as specified in the order promulgating such standard, but in no case more than one year from the date of such promulgation.

Effective date.

“(7) Prior to publishing any regulations pursuant to this section the Administrator shall, to the maximum extent practicable within the time provided, consult with appropriate advisory committees, States, independent experts, and Federal departments and agencies.

“(b) (1) The Administrator shall, within one hundred and eighty days after the date of enactment of this title and from time to time thereafter, publish proposed regulations establishing pretreatment standards for introduction of pollutants into treatment works (as defined in section 212 of this Act) which are publicly owned for those pollutants which are determined not to be susceptible to treatment by such treatment works or which would interfere with the operation of such treatment works. Not later than ninety days after such publication, and after opportunity for public hearing, the Administrator shall promulgate such pretreatment standards. Pretreatment standards under this subsection shall specify a time for compliance not to exceed three years from the date of promulgation and shall be established to prevent the discharge of any pollutant through treatment works (as defined in section 212 of this Act) which are publicly owned, which pollutant interferes with, passes through, or otherwise is incompatible with such works.

Pretreatment standards, proposed regulations, publication.

“(2) The Administrator shall, from time to time, as control technology, processes, operating methods, or other alternatives change, revise such standards following the procedure established by this subsection for promulgation of such standards.

“(3) When proposing or promulgating any pretreatment standard under this section, the Administrator shall designate the category or categories of sources to which such standard shall apply.

“(4) Nothing in this subsection shall affect any pretreatment requirement established by any State or local law not in conflict with any pretreatment standard established under this subsection.

“(c) In order to insure that any source introducing pollutants into a publicly owned treatment works, which source would be a new source subject to section 306 if it were to discharge pollutants, will not cause a violation of the effluent limitations established for any such treatment works, the Administrator shall promulgate pretreatment standards for the category of such sources simultaneously with the promulgation of standards of performance under section 306 for the equivalent category of new sources. Such pretreatment standards shall prevent the discharge of any pollutant into such treatment works, which pollutant may interfere with, pass through, or otherwise be incompatible with such works.

“(d) After the effective date of any effluent standard or prohibition or pretreatment standard promulgated under this section, it shall be unlawful for any owner or operator of any source to operate any source in violation of any such effluent standard or prohibition or pretreatment standard.

#### “INSPECTIONS, MONITORING AND ENTRY

“SEC. 308. (a) Whenever required to carry out the objective of this Act, including but not limited to (1) developing or assisting in the development of any effluent limitation, or other limitation, prohibition, or effluent standard, pretreatment standard, or standard of performance under this Act; (2) determining whether any person is in violation of any such effluent limitation, or other limitation, prohibition or effluent standard, pretreatment standard, or standard of performance; (3) any requirement established under this section; or (4) carrying out sections 305, 311, 402, and 504 of this Act—

Recordkeeping;  
reports.

“(A) the Administrator shall require the owner or operator of any point source to (i) establish and maintain such records, (ii) make such reports, (iii) install, use, and maintain such monitoring equipment or methods (including where appropriate, biological monitoring methods), (iv) sample such effluents (in accordance with such methods, at such locations, at such intervals, and in such manner as the Administrator shall prescribe), and (v) provide such other information as he may reasonably require; and

“(B) the Administrator or his authorized representative, upon presentation of his credentials—

“(i) shall have a right of entry to, upon, or through any premises in which an effluent source is located or in which any records required to be maintained under clause (A) of this subsection are located, and

“(b) Any records, reports, or information obtained under this section (1) shall, in the case of effluent data, be related to any applicable effluent limitations, toxic, pretreatment, or new source performance standards, and (2) shall be available to the public, except that upon a showing satisfactory to the Administrator by any person that records, reports, or information, or particular part thereof (other than effluent data), to which the Administrator has access under this section, if made public would divulge methods or processes entitled to protection as trade secrets of such person, the Administrator shall consider such record, report, or information, or particular portion thereof confidential in accordance with the purposes of section 1905

of title 18 of the United States Code, except that such record, report, or information may be disclosed to other officers, employees, or authorized representatives of the United States concerned with carrying out this Act or when relevant in any proceeding under this Act.

“(c) Each State may develop and submit to the Administrator procedures under State law for inspection, monitoring, and entry with respect to point sources located in such State. If the Administrator finds that the procedures and the law of any State relating to inspection, monitoring, and entry are applicable to at least the same extent as those required by this section, such State is authorized to apply and enforce its procedures for inspection, monitoring, and entry with respect to point sources located in such State (except with respect to point sources owned or operated by the United States).

#### “FEDERAL ENFORCEMENT

“SEC. 309. (a) (1) Whenever, on the basis of any information available to him, the Administrator finds that any person is in violation of any condition or limitation which implements section 301, 302, 306, 307, or 308 of this Act in a permit issued by a State under an approved permit program under section 402 of this Act, he shall proceed under his authority in paragraph (3) of this subsection or he shall notify the person in alleged violation and such State of such finding. If beyond the thirtieth day after the Administrator's notification the State has not commenced appropriate enforcement action, the Administrator shall issue an order requiring such person to comply with such condition or limitation or shall bring a civil action in accordance with subsection (b) of this section.

“(2) Whenever, on the basis of information available to him, the Administrator finds that violations of permit conditions or limitations as set forth in paragraph (1) of this subsection are so widespread that such violations appear to result from a failure of the State to enforce such permit conditions or limitations effectively, he shall so notify the State. If the Administrator finds such failure extends beyond the thirtieth day after such notice, he shall give public notice of such finding. During the period beginning with such public notice and ending when such State satisfies the Administrator that it will enforce such conditions and limitations (hereafter referred to in this section as the period of ‘federally assumed enforcement’), the Administrator shall enforce any permit condition or limitation with respect to any person—

“(A) by issuing an order to comply with such condition or limitation, or

“(B) by bringing a civil action under subsection (b) of this section.

“(3) Whenever on the basis of any information available to him the Administrator finds that any person is in violation of section 301, 302, 306, 307, or 308 of this Act, or is in violation of any permit condition or limitation implementing any of such sections in a permit issued under section 402 of this Act by him or by a State, he shall issue an order requiring such person to comply with such section or requirement, or he shall bring a civil action in accordance with subsection (b) of this section.

“(4) A copy of any order issued under this subsection shall be sent immediately by the Administrator to the State in which the violation occurs and other affected States. Any order issued under this subsection shall be by personal service and shall state with reasonable specificity the nature of the violation, specify a time for compliance, not to exceed thirty days, which the Administrator determines is reasonable, taking into account the seriousness of the violation and any good faith efforts

to comply with applicable requirements. In any case in which an order under this subsection (or notice to a violator under paragraph (1) of this subsection) is issued to a corporation, a copy of such order (or notice) shall be served on any appropriate corporate officers. An order issued under this subsection relating to a violation of section 308 of this Act shall not take effect until the person to whom it is issued has had an opportunity to confer with the Administrator concerning the alleged violation.

“(b) The Administrator is authorized to commence a civil action for appropriate relief, including a permanent or temporary injunction, for any violation for which he is authorized to issue a compliance order under subsection (a) of this section. Any action under this subsection may be brought in the district court of the United States for the district in which the defendant is located or resides or is doing business, and such court shall have jurisdiction to restrain such violation and to require compliance. Notice of the commencement of such action shall be given immediately to the appropriate State.

Penalties.

“(c) (1) Any person who willfully or negligently violates section 301, 302, 306, 307, or 308 of this Act, or any permit condition or limitation implementing any of such sections in a permit issued under section 402 of this Act by the Administrator or by a State, shall be punished by a fine of not less than \$2,500 nor more than \$25,000 per day of violation, or by imprisonment for not more than one year, or by both. If the conviction is for a violation committed after a first conviction of such person under this paragraph, punishment shall be by a fine of not more than \$50,000 per day of violation, or by imprisonment for not more than two years, or by both.

“(2) Any person who knowingly makes any false statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained under this Act or who falsifies, tampers with, or knowingly renders inaccurate any monitoring device or method required to be maintained under this Act, shall upon conviction, be punished by a fine of not more than \$10,000, or by imprisonment for not more than six months, or by both.

“Person.”

“(3) For the purposes of this subsection, the term ‘person’ shall mean, in addition to the definition contained in section 502(5) of this Act, any responsible corporate officer.

“(d) Any person who violates section 301, 302, 306, 307, or 308 of this Act, or any permit condition or limitation implementing any of such sections in a permit issued under section 402 of this Act by the Administrator, or by a State, and any person who violates any order issued by the Administrator under subsection (a) of this section, shall be subject to a civil penalty not to exceed \$10,000 per day of such violation.

“(e) Whenever a municipality is a party to a civil action brought by the United States under this section, the State in which such municipality is located shall be joined as a party. Such State shall be liable for payment of any judgment, or any expenses incurred as a result of complying with any judgment, entered against the municipality in such action to the extent that the laws of that State prevent the municipality from raising revenues needed to comply with such judgment.

#### “INTERNATIONAL POLLUTION ABATEMENT

“SEC. 310. (a) Whenever the Administrator, upon receipts of reports, surveys, or studies from any duly constituted international agency, has reason to believe that pollution is occurring which endangers the health or welfare of persons in a foreign country, and the Secretary of State requests him to abate such pollution, he shall give

formal notification thereof to the State water pollution control agency of the State or States in which such discharge or discharges originate and to the appropriate interstate agency, if any. He shall also promptly call such a hearing, if he believes that such pollution is occurring in sufficient quantity to warrant such action, and if such foreign country has given the United States essentially the same rights with respect to the prevention and control of pollution occurring in that country as is given that country by this subsection. The Administrator, through the Secretary of State, shall invite the foreign country which may be adversely affected by the pollution to attend and participate in the hearing, and the representative of such country shall, for the purpose of the hearing and any further proceeding resulting from such hearing, have all the rights of a State water pollution control agency. Nothing in this subsection shall be construed to modify, amend, repeal, or otherwise affect the provisions of the 1909 Boundary Waters Treaty between Canada and the United States or the Water Utilization Treaty of 1944 between Mexico and the United States (59 Stat. 1219), relative to the control and abatement of pollution in waters covered by those treaties.

Hearing.

36 Stat. 2448.

“(b) The calling of a hearing under this section shall not be construed by the courts, the Administrator, or any person as limiting, modifying, or otherwise affecting the functions and responsibilities of the Administrator under this section to establish and enforce water quality requirements under this Act.

“(c) The Administrator shall publish in the Federal Register a notice of a public hearing before a hearing board of five or more persons appointed by the Administrator. A majority of the members of the board and the chairman who shall be designated by the Administrator shall not be officers or employees of Federal, State, or local governments. On the basis of the evidence presented at such hearing, the board shall within sixty days after completion of the hearing make findings of fact as to whether or not such pollution is occurring and shall thereupon by decision, incorporating its findings therein, make such recommendations to abate the pollution as may be appropriate and shall transmit such decision and the record of the hearings to the Administrator. All such decisions shall be public. Upon receipt of such decision, the Administrator shall promptly implement the board's decision in accordance with the provisions of this Act.

Notice, publication in Federal Register.

“(d) In connection with any hearing called under this subsection, the board is authorized to require any person whose alleged activities result in discharges causing or contributing to pollution to file with it in such forms as it may prescribe, a report based on existing data, furnishing such information as may reasonably be required as to the character, kind, and quantity of such discharges and the use of facilities or other means to prevent or reduce such discharges by the person filing such a report. Such report shall be made under oath or otherwise, as the board may prescribe, and shall be filed with the board within such reasonable period as it may prescribe, unless additional time is granted by it. Upon a showing satisfactory to the board by the person filing such report that such report or portion thereof (other than effluent data), to which the Administrator has access under this section, if made public would divulge trade secrets or secret processes of such person, the board shall consider such report or portion thereof confidential for the purposes of section 1905 of title 18 of the United States Code. If any person required to file any report under this paragraph shall fail to do so within the time fixed by the board for filing the same, and such failure shall continue for thirty days after notice of such default, such person shall forfeit to the United States the sum

Penalty.

of \$1,000 for each and every day of the continuance of such failure, which forfeiture shall be payable into the Treasury of the United States, and shall be recoverable in a civil suit in the name of the United States in the district court of the United States where such person has his principal office or in any district in which he does business. The Administrator may upon application therefor remit or mitigate any forfeiture provided for under this subsection.

“(e) Board members, other than officers or employees of Federal, State, or local governments, shall be for each day (including travel-time) during which they are performing board business, entitled to receive compensation at a rate fixed by the Administrator but not in excess of the maximum rate of pay for grade GS-18, as provided in the General Schedule under section 5332 of title 5 of the United States Code, and shall, notwithstanding the limitations of sections 5703 and 5704 of title 5 of the United States Code, be fully reimbursed for travel, subsistence, and related expenses.

“(f) When any such recommendation adopted by the Administrator involves the institution of enforcement proceedings against any person to obtain the abatement of pollution subject to such recommendation, the Administrator shall institute such proceedings if he believes that the evidence warrants such proceedings. The district court of the United States shall consider and determine de novo all relevant issues, but shall receive in evidence the record of the proceedings before the conference or hearing board. The court shall have jurisdiction to enter such judgment and orders enforcing such judgment as it deems appropriate or to remand such proceedings to the Administrator for such further action as it may direct.

“(4) The President shall by regulation, to be issued as soon as possible after the date of enactment of this paragraph, determine for the purposes of this section, those quantities of oil and any hazardous substance the discharge of which, at such times, locations, circumstances, and conditions, will be harmful to the public health or welfare of the United States, including, but not limited to, fish, shellfish, wildlife, and public and private property, shorelines, and beaches except that in the case of the discharge of oil into or upon the waters of the contiguous zone, only those discharges which threaten the fishery resources of the contiguous zone or threaten to pollute or contribute to the pollution of the territory or the territorial sea of the United States may be determined to be harmful.

is operating of not more than \$5,000 for each offense. No penalty shall be assessed unless the owner or operator charged shall have been given notice and opportunity for a hearing on such charge. Each violation is a separate offense. Any such civil penalty may be compromised by such Secretary. In determining the amount of the penalty, or the amount agreed upon in compromise, the appropriateness of such penalty to the size of the business of the owner or operator charged, the effect on the owner or operator's ability to continue in business, and the gravity of the violation, shall be considered by such Secretary. waters, removal.

“(2) Within sixty days after the effective date of this section, the President shall prepare and publish a National Contingency Plan for removal of oil and hazardous substances, pursuant to this subsection. Such National Contingency Plan shall provide for efficient, coordinated, and effective action to minimize damage from oil and hazardous substance discharges, including containment, dispersal, and removal of oil and hazardous substances, and shall include, but not be limited to—

National Con-  
tingency Plan.

“(A) assignment of duties and responsibilities among Federal departments and agencies in coordination with State and local agencies, including, but not limited to, water pollution control, conservation, and port authorities;

“(B) identification, procurement, maintenance, and storage of equipment and supplies;

“(C) establishment or designation of a strike force consisting of personnel who shall be trained, prepared, and available to provide necessary services to carry out the Plan, including the establishment at major ports, to be determined by the President, of emergency task forces of trained personnel, adequate oil and hazardous substance pollution control equipment and material, and a detailed oil and hazardous substance pollution prevention and removal plan;

“(D) a system of surveillance and notice designed to insure earliest possible notice of discharges of oil and hazardous substances to the appropriate Federal agency;

“(E) establishment of a national center to provide coordination and direction for operations in carrying out the Plan;

“(F) procedures and techniques to be employed in identifying, containing, dispersing, and removing oil and hazardous substances;

“(G) a schedule, prepared in cooperation with the States, identifying (i) dispersants and other chemicals, if any, that may be used in carrying out the Plan, (ii) the waters in which such dispersants and chemicals may be used, and (iii) the quantities of such dispersant or chemical which can be used safely in such waters, which schedule shall provide in the case of any dispersant, chemical, or waters not specifically identified in such schedule that the President, or his delegate, may, on a case-by-case basis, iden-

tify the dispersants and other chemicals which may be used, the waters in which they may be used, and the quantities which can be used safely in such waters; and

“(H) a system whereby the State or States affected by a discharge of oil or hazardous substance may act where necessary to remove such discharge and such State or States may be reimbursed from the fund established under subsection (k) of this section for the reasonable costs incurred in such removal.

The President may, from time to time, as he deems advisable revise or otherwise amend the National Contingency Plan. After publication of the National Contingency Plan, the removal of oil and hazardous substances and actions to minimize damage from oil and hazardous substance discharges shall, to the greatest extent possible, be in accordance with the National Contingency Plan.

Maritime disaster discharge.

“(d) Whenever a marine disaster in or upon the navigable waters of the United States has created a substantial threat of a pollution hazard to the public health or welfare of the United States, including, but not limited to, fish, shellfish, and wildlife and the public and private shorelines and beaches of the United States, because of a discharge, or an imminent discharge, of large quantities of oil, or of a hazardous substance from a vessel the United States may (A) coordinate and direct all public and private efforts directed at the removal or elimination of such threat; and (B) summarily remove, and, if necessary, destroy such vessel by whatever means are available without regard to any provisions of law governing the employment of personnel or the expenditure of appropriated funds. Any expense incurred under this subsection shall be a cost incurred by the United States Government for the purposes of subsection (f) in the removal of oil or hazardous substance.

Relief.

“(e) In addition to any other action taken by a State or local government, when the President determines there is an imminent and substantial threat to the public health or welfare of the United States, including, but not limited to, fish, shellfish, and wildlife and public and private property, shorelines, and beaches within the United States, because of an actual or threatened discharge of oil or hazardous substance into or upon the navigable waters of the United States from an onshore or offshore facility, the President may require the United States attorney of the district in which the threat occurs to secure such relief as may be necessary to abate such threat, and the district courts of the United States shall have jurisdiction to grant such relief as the public interest and the equities of the case may require.

Jurisdiction.

Liability.

“(f) (1) Except where an owner or operator can prove that a discharge was caused solely by (A) an act of God, (B) an act of war, (C) negligence on the part of the United States Government, or (D) an act or omission of a third party without regard to whether any such act or omission was or was not negligent, or any combination of the foregoing clauses, such owner or operator of any vessel from which oil or a hazardous substance is discharged in violation of subsection (b) (2) of this section shall, notwithstanding any other provision of law, be liable to the United States Government for the actual costs incurred under subsection (c) for the removal of such oil or substance by the United States Government in an amount not to exceed \$100 per gross ton of such vessel or \$14,000,000, whichever is lesser, except that where the United States can show that such discharge was the result of willful negligence or willful misconduct within the privity and knowledge of the owner, such owner or operator shall be liable to the United States Government for the full amount of such costs. Such costs shall constitute a maritime lien on such vessel which may be recovered in an action in rem in the district court of the United

States for any district within which any vessel may be found. The United States may also bring an action against the owner or operator of such vessel in any court of competent jurisdiction to recover such costs.

“(2) Except where an owner or operator of an onshore facility can prove that a discharge was caused solely by (A) an act of God, (B) an act of war, (C) negligence on the part of the United States Government, or (D) an act or omission of a third party without regard to whether any such act or omission was or was not negligent, or any combination of the foregoing clauses, such owner or operator of any such facility from which oil or a hazardous substance is discharged in violation of subsection (b) (2) of this section shall be liable to the United States Government for the actual costs incurred under subsection (c) for the removal of such oil or substance by the United States Government in an amount not to exceed \$8,000,000, except that where the United States can show that such discharge was the result of willful negligence or willful misconduct within the privity and knowledge of the owner, such owner or operator shall be liable to the United States Government for the full amount of such costs. The United States may bring an action against the owner or operator of such facility in any court of competent jurisdiction to recover such costs. The Secretary is authorized, by regulation, after consultation with the Secretary of Commerce and the Small Business Administration, to establish reasonable and equitable classifications of those onshore facilities having a total fixed storage capacity of 1,000 barrels or less which he determines because of size, type, and location do not present a substantial risk of the discharge of oil or a hazardous substance in violation of subsection (b) (2) of this section, and apply with respect to such classifications differing limits of liability which may be less than the amount contained in this paragraph.

“(3) Except where an owner or operator of an offshore facility can prove that a discharge was caused solely by (A) an act of God, (B) an act of war, (C) negligence on the part of the United States Government, or (D) an act or omission of a third party without regard to whether any such act or omission was or was not negligent, or any combination of the foregoing clauses, such owner or operator of any such facility from which oil or a hazardous substance is discharged in violation of subsection (b) (2) of this section shall, notwithstanding any other provision of law, be liable to the United States Government for the actual costs incurred under subsection (c) for the removal of such oil or substance by the United States Government in an amount not to exceed \$8,000,000, except that where the United States can show that such discharge was the result of willful negligence or willful misconduct within the privity and knowledge of the owner, such owner or operator shall be liable to the United States Government for the full amount of such costs. The United States may bring an action against the owner or operator of such a facility in any court of competent jurisdiction to recover such costs.

“(g) In any case where an owner or operator of a vessel, of an onshore facility, or of an offshore facility, from which oil or a hazardous substance is discharged in violation of subsection (b) (2) of this section, proves that such discharge of oil or hazardous substance was caused solely by an act or omission of a third party, or was caused solely by such an act or omission in combination with an act of God, an act of war, or negligence on the part of the United States Government, such third party shall, notwithstanding any other provision of law, be liable to the United States Government for the actual costs incurred under subsection (c) for removal of such oil or substance by the United States Government, except where such third party can

prove that such discharge was caused solely by (A) an act of God, (B) an act of war, (C) negligence on the part of the United States Government, or (D) an act or omission of another party without regard to whether such act or omission was or was not negligent, or any combination of the foregoing clauses. If such third party was the owner or operator of a vessel which caused the discharge of oil or a hazardous substance in violation of subsection (b) (2) of this section, the liability of such third party under this subsection shall not exceed \$100 per gross ton of such vessel or \$14,000,000, whichever is the lesser. In any other case the liability of such third party shall not exceed the limitation which would have been applicable to the owner or operator of the vessel or the onshore or offshore facility from which the discharge actually occurred if such owner or operator were liable. If the United States can show that the discharge of oil or a hazardous substance in violation of subsection (b) (2) of this section was the result of willful negligence or willful misconduct within the privity and knowledge of such third party, such third party shall be liable to the United States Government for the full amount of such removal costs. The United States may bring an action against the third party in any court of competent jurisdiction to recover such removal costs.

“(h) The liabilities established by this section shall in no way affect any rights which (1) the owner or operator of a vessel or of an onshore facility or an offshore facility may have against any third party whose acts may in any way have caused or contributed to such discharge, or (2) The United States Government may have against any third party whose actions may in any way have caused or contributed to the discharge of oil or hazardous substance.

Removal costs,  
recovery.

“(i) (1) In any case where an owner or operator of a vessel or an onshore facility or an offshore facility from which oil or a hazardous substance is discharged in violation of subsection (b) (2) of this section acts to remove such oil or substance in accordance with regulations promulgated pursuant to this section, such owner or operator shall be entitled to recover the reasonable costs incurred in such removal upon establishing, in a suit which may be brought against the United States Government in the United States Court of Claims, that such discharge was caused solely by (A) an act of God, (B) an act of war, (C) negligence on the part of the United States Government, or (D) an act or omission of a third party without regard to whether such act or omission was or was not negligent, or of any combination of the foregoing causes.

“(2) The provisions of this subsection shall not apply in any case where liability is established pursuant to the Outer Continental Shelf Lands Act.

“(3) Any amount paid in accordance with a judgment of the United States Court of Claims pursuant to this section shall be paid from the funds established pursuant to subsection (k).

“(j) (1) Consistent with the National Contingency Plan required by subsection (c) (2) of this section, as soon as practicable after the effective date of this section, and from time to time thereafter, the President shall issue regulations consistent with maritime safety and with marine and navigation laws (A) establishing methods and procedures for removal of discharged oil and hazardous substances, (B) establishing criteria for the development and implementation of local and regional oil and hazardous substance removal contingency plans, (C) establishing procedures, methods, and equipment and other requirements for equipment to prevent discharges of oil and hazardous substances from vessels and from onshore facilities and offshore facilities, and to contain such discharges, and (D) governing the inspection of vessels carrying cargoes of oil and hazardous substances

and the inspection of such cargoes in order to reduce the likelihood of discharges of oil from vessels in violation of this section.

“(2) Any owner or operator of a vessel or an onshore facility or an offshore facility and any other person subject to any regulation issued under paragraph (1) of this subsection who fails or refuses to comply with the provisions of any such regulations, shall be liable to a civil penalty of not more than \$5,000 for each such violation. Each violation shall be a separate offense. The President may assess and compromise such penalty. No penalty shall be assessed until the owner, operator, or other person charged shall have been given notice and an opportunity for a hearing on such charge. In determining the amount of the penalty, or the amount agreed upon in compromise, the gravity of the violation, and the demonstrated good faith of the owner, operator, or other person charged in attempting to achieve rapid compliance, after notification of a violation, shall be considered by the President.

Penalty.

“(k) There is hereby authorized to be appropriated to a revolving fund to be established in the Treasury not to exceed \$35,000,000 to carry out the provisions of subsections (c), (d), (i), and (l) of this section. Any other funds received by the United States under this section shall also be deposited in said fund for such purposes. All sums appropriated to, or deposited in, said fund shall remain available until expended.

Appropriation.

“(l) The President is authorized to delegate the administration of this section to the heads of those Federal departments, agencies, and instrumentalities which he determines to be appropriate. Any moneys in the fund established by subsection (k) of this section shall be available to such Federal departments, agencies, and instrumentalities to carry out the provisions of subsections (c) and (i) of this section. Each such department, agency, and instrumentality, in order to avoid duplication of effort, shall, whenever appropriate, utilize the personnel, services, and facilities of other Federal departments, agencies, and instrumentalities.

Administration.

“(m) Anyone authorized by the President to enforce the provisions of this section may, except as to public vessels, (A) board and inspect any vessel upon the navigable waters of the United States or the waters of the contiguous zone, (B) with or without a warrant arrest any person who violates the provisions of this section or any regulation issued thereunder in his presence or view, and (C) execute any warrant or other process issued by an officer or court of competent jurisdiction.

“(n) The several district courts of the United States are invested with jurisdiction for any actions, other than actions pursuant to subsection (i) (1), arising under this section. In the case of Guam and the Trust Territory of the Pacific Islands, such actions may be brought in the district court of Guam, and in the case of the Virgin Islands such actions may be brought in the district court of the Virgin Islands. In the case of American Samoa and the Trust Territory of the Pacific Islands, such actions may be brought in the District Court of the United States for the District of Hawaii and such court shall have jurisdiction of such actions. In the case of the Canal Zone, such actions may be brought in the United States District Court for the District of the Canal Zone.

Jurisdiction.

“(o) (1) Nothing in this section shall affect or modify in any way the obligations of any owner or operator of any vessel, or of any owner or operator of any onshore facility or offshore facility to any person or agency under any provision of law for damages to any publicly owned or privately owned property resulting from a discharge of any oil or hazardous substance or from the removal of any such oil or hazardous substance.

"(2) Nothing in this section shall be construed as preempting any State or political subdivision thereof from imposing any requirement or liability with respect to the discharge of oil or hazardous substance into any waters within such State.

"(3) Nothing in this section shall be construed as affecting or modifying any other existing authority of any Federal department, agency, or instrumentality, relative to onshore or offshore facilities under this Act or any other provision of law, or to affect any State or local law not in conflict with this section.

Certain ves-  
sels, financial  
responsibility.

"(p) (1) Any vessel over three hundred gross tons, including any barge of equivalent size, but not including any barge that is not self-propelled and that does not carry oil or hazardous substances as cargo or fuel, using any port or place in the United States or the navigable waters of the United States for any purpose shall establish and maintain under regulations to be prescribed from time to time by the President, evidence of financial responsibility of \$100 per gross ton, or \$14,000,000 whichever is the lesser, to meet the liability to the United States which such vessel could be subjected under this section. In cases where an owner or operator owns, operates, or charters more than one such vessel, financial responsibility need only be established to meet the maximum liability to which the largest of such vessels could be subjected. Financial responsibility may be established by any one of, or a combination of, the following methods acceptable to the President: (A) evidence of insurance, (B) surety bonds, (C) qualification as a self-insurer, or (D) other evidence of financial responsibility. Any bond filed shall be issued by a bonding company authorized to do business in the United States.

Effective date.

"(2) The provisions of paragraph (1) of this subsection shall be effective April 3, 1971, with respect to oil and one year after the date of enactment of this section with respect to hazardous substances. The President shall delegate the responsibility to carry out the provisions of this subsection to the appropriate agency head within sixty days after the date of enactment of this section. Regulations necessary to implement this subsection shall be issued within six months after the date of enactment of this section.

"(3) Any claim for costs incurred by such vessel may be brought directly against the insurer or any other person providing evidence of financial responsibility as required under this subsection. In the case of any action pursuant to this subsection such insurer or other person shall be entitled to invoke all rights and defenses which would have been available to the owner or operator if an action had been brought against him by the claimant, and which would have been available to him if an action had been brought against him by the owner or operator.

Penalty.

"(4) Any owner or operator of a vessel subject to this subsection, who fails to comply with the provisions of this subsection or any regulation issued thereunder, shall be subject to a fine of not more than \$10,000.

46 USC 91.

"(5) The Secretary of the Treasury may refuse the clearance required by section 4197 of the Revised Statutes of the United States, as amended (4 U.S.C. 91), to any vessel subject to this subsection, which does not have evidence furnished by the President that the financial responsibility provisions of paragraph (1) of this subsection have been complied with.

"(6) The Secretary of the Department in which the Coast Guard is operated may (A) deny entry to any port or place in the United States or the navigable waters of the United States, to, and (B) detain at the port or place in the United States from which it is about to depart for any other port or place in the United States, any vessel sub-

ject to this subsection, which upon request, does not produce evidence furnished by the President that the financial responsibility provisions of paragraph (1) of this subsection have been complied with.

Such standards shall be consistent with maritime safety and the marine and navigation laws and regulations and shall be coordinated with the regulations issued under this subsection by the Secretary of the department in which the Coast Guard is operating. The Secretary of the department in which the Coast Guard is operating shall promulgate regulations, which are consistent with standards promulgated under this subsection and with maritime safety and the marine and navigation laws and regulations governing the design, construction, installation, and operation of any marine sanitation device on board such vessels.

Federal standards of performance, promulgation.

“(2) Any existing vessel equipped with a marine sanitation device on the date of promulgation of initial standards and regulations under this section, which device is in compliance with such initial standards and regulations, shall be deemed in compliance with this section until such time as the device is replaced or is found not to be in compliance with such initial standards and regulations.

“(3) After the effective date of the initial standards and regulations promulgated under this section, if any State determines that the protection and enhancement of the quality of some or all of the waters within such State require greater environmental protection, such State may completely prohibit the discharge from all vessels of any sewage, whether treated or not, into such waters, except that no such prohibition shall apply until the Administrator determines that adequate facilities for the safe and sanitary removal and treatment

of sewage from all vessels are reasonably available for such water to which such prohibition would apply. Upon application of the State, the Administrator shall make such determination within 90 days of the date of such application.

“(4) If the Administrator determines upon application by a State that the protection and enhancement of the quality of specified waters within such State requires such a prohibition, he shall by regulation completely prohibit the discharge from a vessel of any sewage (whether treated or not) into such waters.

“(g) (1) No manufacturer of a marine sanitation device shall sell, offer for sale, or introduce or deliver for introduction in interstate commerce, or import into the United States for sale or resale any marine sanitation device manufactured after the effective date of the standards and regulations promulgated under this section unless such device is in all material respects substantially the same as a test device certified under this subsection.

Actions to restrain such violations shall be brought by, and in, the name of the United States. In case of contumacy or refusal to obey a subpoena served upon any person under this subsection, the district court of the United States for any district in which such person is found or resides or transacts business, upon application by the United States and after notice to such person, shall have jurisdiction to issue an order requiring such person to appear and give testimony or to appear and produce documents, and any failure to obey such order of the court may be punished by such court as a contempt thereof.

“(j) Any person who violates subsection (g) (1) of this section or clause (1) or (2) of subsection (h) of this section shall be liable to a civil penalty of not more than \$5,000 for each violation. Any person who violates clause (4) of subsection (h) of this section or any regulation issued pursuant to this section shall be liable to a civil penalty of not more than \$2,000 for each violation. Each violation shall be a separate offense. The Secretary of the department in which the Coast Guard is operating may assess and compromise any such penalty. No penalty shall be assessed until the person charged shall have been given notice and an opportunity for a hearing on such charge. In determining the amount of the penalty, or the amount agreed upon in compromise, the gravity of the violation, and the demonstrated good faith of the person charged in attempting to achieve rapid compliance, after notification of a violation, shall be considered by said Secretary.

“(b) Any standard established pursuant to section 301 or section 306 of this Act and applicable to a point source shall require that the location, design, construction, and capacity of cooling water intake structures reflect the best technology available for minimizing adverse environmental impact.

“(c) Notwithstanding any other provision of this Act, any point source of a discharge having a thermal component, the modification of which point source is commenced after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972 and which, as modified, meets effluent limitations established under section 301 or, if more stringent, effluent limitations established under

### "TITLE IV—PERMITS AND LICENSES

#### "CERTIFICATION

"SEC. 401. (a) (1) Any applicant for a Federal license or permit to conduct any activity including, but not limited to, the construction or operation of facilities, which may result in any discharge into the navigable waters, shall provide the licensing or permitting agency a certification from the State in which the discharge originates or will originate, or, if appropriate, from the interstate water pollution control agency having jurisdiction over the navigable waters at the point where the discharge originates or will originate, that any such discharge will comply with the applicable provisions of sections 301, 302, 306, and 307 of this Act. In the case of any such activity for which there is not an applicable effluent limitation or other limitation under sections 301(b) and 302, and there is not an applicable standard under sections 306 and 307, the State shall so certify, except that any such certification shall not be deemed to satisfy section 511(c) of this Act. Such State or interstate agency shall establish procedures for public notice in the case of all applications for certification by it and, to the extent it deems appropriate, procedures for public hearings in connection with specific applications. In any case where a State or interstate agency has no authority to give such a certification, such certification shall be from the Administrator. If the State, interstate

agency, or Administrator, as the case may be, fails or refuses to act on a request for certification, within a reasonable period of time (which shall not exceed one year) after receipt of such request, the certification requirements of this subsection shall be waived with respect to such Federal application. No license or permit shall be granted until the certification required by this section has been obtained or has been waived as provided in the preceding sentence. No license or permit shall be granted if certification has been denied by the State, interstate agency, or the Administrator, as the case may be.

“(2) Upon receipt of such application and certification the licensing or permitting agency shall immediately notify the Administrator of such application and certification. Whenever such a discharge may affect, as determined by the Administrator, the quality of the waters of any other State, the Administrator within thirty days of the date of notice of application for such Federal license or permit shall so notify such other State, the licensing or permitting agency, and the applicant. If, within sixty days after receipt of such notification, such other State determines that such discharge will affect the quality of its waters so as to violate any water quality requirement in such State, and within such sixty-day period notifies the Administrator and the licensing or permitting agency in writing of its objection to the issuance of such license or permit and requests a public hearing on such objection, the licensing or permitting agency shall hold such a hearing. The Administrator shall at such hearing submit his evaluation and recommendations with respect to any such objection to the licensing or permitting agency. Such agency, based upon the recommendations of such State, the Administrator, and upon any additional evidence, if any, presented to the agency at the hearing, shall condition such license or permit in such manner as may be necessary to insure compliance with applicable water quality requirements. If the imposition of conditions cannot insure such compliance such agency shall not issue such license or permit.

“(3) The certification obtained pursuant to paragraph (1) of this subsection with respect to the construction of any facility shall fulfill the requirements of this subsection with respect to certification in connection with any other Federal license or permit required for the operation of such facility unless, after notice to the certifying State, agency, or Administrator, as the case may be, which shall be given by the Federal agency to whom application is made for such operating license or permit, the State, or if appropriate, the interstate agency or the Administrator, notifies such agency within sixty days after receipt of such notice that there is no longer reasonable assurance that there will be compliance with the applicable provisions of sections 301, 302, 306, and 307 of this Act because of changes since the construction license or permit certification was issued in (A) the construction or operation of the facility, (B) the characteristics of the waters into which such discharge is made, (C) the water quality criteria applicable to such waters or (D) applicable effluent limitations or other requirements. This paragraph shall be inapplicable in any case where the applicant for such operating license or permit has failed to provide the certifying State, or, if appropriate, the interstate agency or the Administrator, with notice of any proposed changes in the construction or operation of the facility with respect to which a construction license or permit has been granted, which changes may result in violation of section 301, 302, 306, or 307 of this Act.

“(4) Prior to the initial operation of any federally licensed or permitted facility or activity which may result in any discharge into the navigable waters and with respect to which a certification has been obtained pursuant to paragraph (1) of this subsection, which facility or activity is not subject to a Federal operating license or permit, the licensee or permittee shall provide an opportunity for such certifying State, or, if appropriate, the interstate agency or the Administrator to review the manner in which the facility or activity shall be operated or conducted for the purposes of assuring that applicable effluent limitations or other limitations or other applicable water quality requirements will not be violated. Upon notification by the certifying State, or if appropriate, the interstate agency or the Administrator that the operation of any such federally licensed or permitted facility or activity will violate applicable effluent limitations or other limitations or other water quality requirements such Federal agency may, after public hearing, suspend such license or permit. If such license or permit is suspended, it shall remain suspended until notification is received from the certifying State, agency, or Administrator, as the case may be, that there is reasonable assurance that such facility or activity will not violate the applicable provisions of section 301, 302, 306, or 307 of this Act.

License suspension.

“(5) Any Federal license or permit with respect to which a certification has been obtained under paragraph (1) of this subsection may be suspended or revoked by the Federal agency issuing such license or permit upon the entering of a judgment under this Act that such facility or activity has been operated in violation of the applicable provisions of section 301, 302, 306, or 307 of this Act.

“(6) No Federal agency shall be deemed to be an applicant for the purposes of this subsection.

“(7) Except with respect to a permit issued under section 402 of this Act, in any case where actual construction of a facility has been lawfully commenced prior to April 3, 1970, no certification shall be required under this subsection for a license or permit issued after April 3, 1970, to operate such facility, except that any such license or permit issued without certification shall terminate April 3, 1973, unless prior to such termination date the person having such license or permit submits to the Federal agency which issued such license or permit a certification and otherwise meets the requirements of this section.

“(b) Nothing in this section shall be construed to limit the authority of any department or agency pursuant to any other provision of law to require compliance with any applicable water quality requirements. The Administrator shall, upon the request of any Federal department or agency, or State or interstate agency, or applicant, provide, for the purpose of this section, any relevant information on applicable effluent limitations, or other limitations, standards, regulations, or requirements, or water quality criteria, and shall, when requested by any such department or agency or State or interstate agency, or applicant, comment on any methods to comply with such limitations, standards, regulations, requirements, or criteria.

“(c) In order to implement the provisions of this section, the Secretary of the Army, acting through the Chief of Engineers, is authorized, if he deems it to be in the public interest, to permit the use of spoil disposal areas under his jurisdiction by Federal licensees or permittees, and to make an appropriate charge for such use. Moneys received from such licensees or permittees shall be deposited in the Treasury as miscellaneous receipts.

“(d) Any certification provided under this section shall set forth any effluent limitations and other limitations, and monitoring require-

ments necessary to assure that any applicant for a Federal license or permit will comply with any applicable effluent limitations and other limitations, under section 301 or 302 of this Act, standard of performance under section 306 of this Act, or prohibition, effluent standard, or pretreatment standard under section 307 of this Act, and with any other appropriate requirement of State law set forth in such certification, and shall become a condition on any Federal license or permit subject to the provisions of this section.

The Administrator shall authorize a State, which he determines has the capability of administering a permit program which will carry out the objective of this Act, to issue permits for discharges into the navigable waters within the jurisdiction of such State. The Administrator may exercise the authority granted him by the preceding sentence only during the period which begins on the date of enactment of this Act and ends either on the ninetieth day after the date of the first promulgation of guidelines required by section 304 (h) (2) of this Act, or the date of approval by the Administrator of a permit program for such State under subsection (b) of this section, whichever date first occurs, and no such authorization to a State shall extend beyond the last day of such period. Each such permit shall be subject to such conditions as the Administrator determines are necessary to carry out the provisions of this Act. No such permit shall issue if the Administrator objects to such issuance.

State permit programs.

“(b) At any time after the promulgation of the guidelines required by subsection (h) (2) of section 304 of this Act, the Governor of each State desiring to administer its own permit program for discharges

into navigable waters within its jurisdiction may submit to the Administrator a full and complete description of the program it proposes to establish and administer under State law or under an interstate compact. In addition, such State shall submit a statement from the attorney general (or the attorney for those State water pollution control agencies which have independent legal counsel), or from the chief legal officer in the case of an interstate agency, that the laws of such State, or the interstate compact, as the case may be, provide adequate authority to carry out the described program. The Administrator shall approve each such submitted program unless he determines that adequate authority does not exist:

“(2) No permit shall issue (A) if the Administrator within ninety days of the date of his notification under subsection (b) (5) of this section objects in writing to the issuance of such permit, or (B) if the Administrator within ninety days of the date of transmittal of the proposed permit by the State objects in writing to the issuance of such permit as being outside the guidelines and requirements of this Act.

Waiver  
authority.

“(3) The Administrator may, as to any permit application, waive paragraph (2) of this subsection.

“(e) In accordance with guidelines promulgated pursuant to subsection (h) (2) of section 304 of this Act, the Administrator is authorized to waive the requirements of subsection (d) of this section at the time he approves a program pursuant to subsection (b) of this section for any category (including any class, type, or size within such category) of point sources within the State submitting such program.

Point sources,  
categories.

“(f) The Administrator shall promulgate regulations establishing categories of point sources which he determines shall not be subject to the requirements of subsection (d) of this section in any State with a program approved pursuant to subsection (b) of this section. The Administrator may distinguish among classes, types, and sizes within any category of point sources.

“(g) Any permit issued under this section for the discharge of pollutants into the navigable waters from a vessel or other floating craft shall be subject to any applicable regulations promulgated by the Secretary of the department in which the Coast Guard is operating,

establishing specifications for safe transportation, handling, carriage, storage, and stowage of pollutants.

“SEC. 404. (a) The Secretary of the Army, acting through the Chief of Engineers, may issue permits, after notice and opportunity for public hearings for the discharge of dredged or fill material into the navigable waters at specified disposal sites.

“(b) Subject to subsection (c) of this section, each such disposal site shall be specified for each such permit by the Secretary of the Army (1) through the application of guidelines developed by the Administrator, in conjunction with the Secretary of the Army, which guidelines shall be based upon criteria comparable to the criteria applicable to the territorial seas, the contiguous zone, and the ocean under section 403(c), and (2) in any case where such guidelines under clause (1) alone would prohibit the specification of a site, through the application additionally of the economic impact of the site on navigation and anchorage.

“(b) The Administrator shall issue regulations governing the issuance of permits for the disposal of sewage sludge subject to this section. Such regulations shall require the application to such disposal of each criterion, factor, procedure, and requirement applicable to a permit issued under section 402 of this title, as the Administrator determines necessary to carry out the objective of this Act.

Citation of title.

(b) There is hereby created a body corporate to be known as the Environmental Financing Authority, which shall have succession until dissolved by Act of Congress. The Authority shall be subject to the general supervision and direction of the Secretary of the Treasury. The Authority shall be an instrumentality of the United States Government and shall maintain such offices as may be necessary or appropriate in the conduct of its business.

Environmental  
Financing Author-  
ity, establish-  
ment.

(c) The purpose of this section is to assure that inability to borrow necessary funds on reasonable terms does not prevent any State or local public body from carrying out any project for construction of waste treatment works determined eligible for assistance pursuant to subsection (e) of this section.

Board of Directors.

(d) (1) The Authority shall have a Board of Directors consisting of five persons, one of whom shall be the Secretary of the Treasury or his designee as Chairman of the Board, and four of whom shall be appointed by the President from among the officers or employees of the Authority or of any department or agency of the United States Government.

(2) The Board of Directors shall meet at the call of its Chairman. The Board shall determine the general policies which shall govern the operations of the Authority. The Chairman of the Board shall select and effect the appointment of qualified persons to fill the offices as may be provided for in the bylaws, with such executive functions, powers, and duties as may be prescribed by the bylaws or by the Board of Directors, and such persons shall be the executive officers of the Authority and shall discharge all such executive functions, powers, and duties. The members of the Board, as such, shall not receive compensation for their services.

State or local obligations, purchase.

Ante, p. 816.

(2) No commitment shall be entered into, and no purchase shall be made, unless the Administrator of the Environmental Protection Agency (A) has certified that the public body is unable to obtain on reasonable terms sufficient credit to finance its actual needs; (B) has approved the project as eligible under the Federal Water Pollution Control Act; and (C) has agreed to guarantee timely payment of principal and interest on the obligation. The Administrator is authorized to guarantee such timely payments and to issue regulations as he deems necessary and proper to protect such guarantees. Appropriations are hereby authorized to be made to the Administrator in such sums as are necessary to make payments under such guarantees, and such payments are authorized to be made from such appropriations.

Appropriation.

Restriction.

(3) No purchase shall be made of obligations issued to finance projects, the permanent financing of which occurred prior to the enactment of this section.

(4) Any purchase by the Authority shall be upon such terms and conditions as to yield a return at a rate determined by the Secretary of the Treasury taking into consideration (A) the current average yield on outstanding marketable obligations of the United States of comparable maturity or in its stead whenever the Authority has sufficient of its own long-term obligations outstanding, the current average yield on outstanding obligations of the Authority of comparable maturity; and (B) the market yields on municipal bonds.

Fees.

(5) The Authority is authorized to charge fees for its commitments and other services adequate to cover all expenses and to provide for the accumulation of reasonable contingency reserves and such fees shall be included in the aggregate project costs.

Advances, interest.

(f) To provide initial capital to the Authority the Secretary of the Treasury is authorized to advance the funds necessary for this purpose. Each such advance shall be upon such terms and conditions

as to yield a return at a rate not less than a rate determined by the Secretary of the Treasury taking into consideration the current average yield on outstanding marketable obligations of the United States of comparable maturities. Interest payments on such advances may be deferred, at the discretion of the Secretary, but any such deferred payments shall themselves bear interest at the rate specified in this section. There is authorized to be appropriated not to exceed \$100,000,000, which shall be available for the purposes of this subsection.

Appropriation.

(g) (1) The Authority is authorized, with the approval of the Secretary of the Treasury, to issue and have outstanding obligations having such maturities and bearing such rate or rates of interest as may be determined by the Authority. Such obligations may be redeemable at the option of the Authority before maturity in such manner as may be stipulated therein.

Obligations,  
issuance.

(2) As authorized in appropriation Acts, and such authorizations may be without fiscal year limitation, the Secretary of the Treasury may in his discretion purchase or agree to purchase any obligations issued pursuant to paragraph (1) of this subsection, and for such purpose the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds of the sale of any securities hereafter issued under the Second Liberty Bond Act, as now or hereafter in force, and the purposes for which securities may be issued under the Second Liberty Bond Act as now or hereafter in force, are extended to include such purchases. Each purchase of obligations by the Secretary of the Treasury under this subsection shall be upon such terms and conditions as to yield a return at a rate not less than a rate determined by the Secretary of the Treasury, taking into consideration the current average yield on outstanding marketable obligations of the United States of comparable maturities. The Secretary of the Treasury may sell, upon such terms and conditions and at such price or prices as he shall determine, any of the obligations acquired by him under this paragraph. All purchases and sales by the Secretary of the Treasury of such obligations under this paragraph shall be treated as public debt transactions of the United States.

(k) All obligations issued by the Authority shall be lawful investments, and may be accepted as security for all fiduciary, trust, and public funds, the investment or deposit of which shall be under authority or control of the United States or of any officer or officers thereof. All obligations issued by the Authority pursuant to this section shall be deemed to be exempt securities within the meaning of laws administered by the Securities and Exchange Commission, to the same extent as securities which are issued by the United States.

(l) In order to furnish obligations for delivery by the Authority, the Secretary of the Treasury is authorized to prepare such obligations in such form as the Authority may approve, such obligations when prepared to be held in the Treasury subject to delivery upon order by the Authority. The engraved plates, dies, bed pieces, and so forth, executed in connection therewith, shall remain in the custody of the Secretary of the Treasury. The Authority shall reimburse the Secretary of the Treasury for any expenditures made in the preparation, custody, and delivery of such obligations.

## TITLE I—FISCAL ASSISTANCE TO STATE AND LOCAL GOVERNMENTS

### Subtitle A—Allocation and Payment of Funds

#### SEC. 101. SHORT TITLE.

This title may be cited as the “State and Local Fiscal Assistance Act of 1972”. Citation of  
title.

#### SEC. 102. PAYMENTS TO STATE AND LOCAL GOVERNMENTS.

Except as otherwise provided in this title, the Secretary shall, for each entitlement period, pay out of the Trust Fund to—

- (1) each State government a total amount equal to the entitlement of such State government determined under section 107 for such period, and
- (2) each unit of local government a total amount equal to the entitlement of such unit determined under section 108 for such period.

In the case of entitlement periods ending after the date of the enactment of this Act, such payments shall be made in installments, but not less often than once for each quarter, and, in the case of quarters ending after September 30, 1972, shall be paid not later than 5 days after the close of each quarter. Such payments for any entitlement period may be initially made on the basis of estimates. Proper adjustment shall be made in the amount of any payment to a State government or a unit of local government to the extent that the payments previously made to such government under this subtitle were in excess of or less than the amounts required to be paid.

#### SEC. 103. USE OF FUNDS BY LOCAL GOVERNMENTS FOR PRIORITY EXPENDITURES.

(a) IN GENERAL.—Funds received by units of local government under this subtitle may be used only for priority expenditures. For purposes of this title, the term “priority expenditures” means only—

“Priority  
expenditures.”

- (1) ordinary and necessary maintenance and operating expenses for—

- (A) public safety (including law enforcement, fire protection, and building code enforcement),
- (B) environmental protection (including sewage disposal, sanitation, and pollution abatement),
- (C) public transportation (including transit systems and streets and roads),
- (D) health,
- (E) recreation,
- (F) libraries,
- (G) social services for the poor or aged, and
- (H) financial administration; and

- (2) ordinary and necessary capital expenditures authorized by law.

(b) CERTIFICATES BY LOCAL GOVERNMENTS.—The Secretary is authorized to accept a certification by the chief executive officer of a unit of local government that the unit of local government has used

the funds received by it under this subtitle for an entitlement period only for priority expenditures, unless he determines that such certification is not sufficiently reliable to enable him to carry out his duties under this title.

**SEC. 104. PROHIBITION ON USE AS MATCHING FUNDS BY STATE OR LOCAL GOVERNMENTS.**

(a) **IN GENERAL.**—No State government or unit of local government may use, directly or indirectly, any part of the funds it receives under this subtitle as a contribution for the purpose of obtaining Federal funds under any law of the United States which requires such government to make a contribution in order to receive Federal funds.

(b) **DETERMINATIONS BY SECRETARY OF THE TREASURY.**—If the Secretary has reason to believe that a State government or unit of local government has used funds received under this subtitle in violation of subsection (a), he shall give reasonable notice and opportunity for hearing to such government. If, thereafter, the Secretary of the Treasury determines that such government has used funds in violation of subsection (a), he shall notify such government of his determination and shall request repayment to the United States of an amount equal to the funds so used. To the extent that such government fails to repay such amount, the Secretary shall withhold from subsequent payments to such government under this subtitle an amount equal to the funds so used.

(c) **INCREASED STATE OR LOCAL GOVERNMENT REVENUES.**—No State government or unit of local government shall be determined to have used funds in violation of subsection (a) with respect to any funds received for any entitlement period to the extent that the net revenues received by it from its own sources during such period exceed the net revenues received by it from its own sources during the one-year period beginning July 1, 1971 (or one-half of such net revenues, in the case of an entitlement period of 6 months).

(d) **DEPOSITS AND TRANSFERS TO GENERAL FUND.**—Any amount repaid by a State government or unit of local government under subsection (b) shall be deposited in the general fund of the Treasury. An amount equal to the reduction in payments to any State government or unit of local government which results from the application of this section (after any judicial review under section 143) shall be transferred from the Trust Fund to the general fund of the Treasury on the day on which such reduction becomes final.

(e) **CERTIFICATES BY STATE AND LOCAL GOVERNMENTS.**—The Secretary is authorized to accept a certification by the Governor of a State or the chief executive officer of a unit of local government that the State government or unit of local government has not used any funds received by it under this subtitle for an entitlement period in violation of subsection (a), unless he determines that such certification is not sufficiently reliable to enable him to carry out his duties under this title.

**SEC. 105. CREATION OF TRUST FUND; APPROPRIATIONS.**

(a) **TRUST FUND.**—

(1) **IN GENERAL.**—There is hereby established on the books of the Treasury of the United States a trust fund to be known as the "State and Local Government Fiscal Assistance Trust Fund" (referred to in this subtitle as the "Trust Fund"). The Trust Fund shall remain available without fiscal year limitation and shall consist of such amounts as may be appropriated to it and deposited in it as provided in subsection (b). Except as provided in this title,

amounts in the Trust Fund may be used only for the payments to State and local governments provided by this subtitle.

(3) **DEPOSITS.**—Amounts appropriated by paragraph (1) or (2) for any fiscal year or other period shall be deposited in the Trust Fund on the later of (A) the first day of such year or period, or (B) the day after the date of enactment of this Act.

(c) **TRANSFERS FROM TRUST FUND TO GENERAL FUND.**—The Secretary shall from time to time transfer from the Trust Fund to the general fund of the Treasury any moneys in the Trust Fund which he determines will not be needed to make payments to State governments and units of local government under this subtitle.

**SEC. 106. ALLOCATION AMONG STATES.**

(a) **IN GENERAL.**—There shall be allocated to each State for each entitlement period, out of amounts appropriated under section 105(b) (1) for that entitlement period, an amount which bears the same ratio to the amount appropriated under that section for that period as the amount allocable to that State under subsection (b) bears to the sum of the amounts allocable to all States under subsection (b).

(b) **DETERMINATION OF ALLOCABLE AMOUNT.**—

(1) **IN GENERAL.**—For purposes of subsection (a), the amount allocable to a State under this subsection for any entitlement period shall be determined under paragraph (2), except that such amount shall be determined under paragraph (3) if the amount allocable to it under paragraph (3) is greater than the sum of the amounts allocable to it under paragraph (2) and subsection (c).

(2) **THREE FACTOR FORMULA.**—For purposes of paragraph (1), the amount allocable to a State under this paragraph for any entitlement period is the amount which bears the same ratio to \$5,300,000,000 as—

(A) the population of that State, multiplied by the general tax effort factor of that State, multiplied by the relative income factor of that State, bears to

(B) the sum of the products determined under subparagraph (A) for all States.

(3) **FIVE FACTOR FORMULA.**—For purposes of paragraph (1), the amount allocable to a State under this paragraph for any entitlement period is the amount to which that State would be entitled if—

(A)  $\frac{1}{3}$  of \$3,500,000,000 were allocated among the States on the basis of population,

(B)  $\frac{1}{3}$  of \$3,500,000,000 were allocated among the States on the basis of urbanized population,

(C)  $\frac{1}{3}$  of \$3,500,000,000 were allocated among the States on the basis of population inversely weighted for per capita income,

(D)  $\frac{1}{2}$  of \$1,800,000,000 were allocated among the States on the basis of income tax collections, and

(E)  $\frac{1}{2}$  of \$1,800,000,000 were allocated among the States on the basis of general tax effort.

(c) **NONCONTIGUOUS STATES ADJUSTMENT.**—

(1) **IN GENERAL.**—In addition to amounts allocated among the States under subsection (a), there shall be allocated for each entitlement period, out of amounts appropriated under section 105(b)(2), an additional amount to any State (A) whose allocation under subsection (b) is determined by the formula set forth in paragraph (2) of that subsection and (B) in which civilian employees of the United States Government receive an allowance under section 5941 of title 5, United States Code.

(2) **DETERMINATION OF AMOUNT.**—The additional amount allocable to any State under this subsection for any entitlement period is an amount equal to a percentage of the amount allocable to that State under subsection (b)(2) for that period which is the same as the percentage of basic pay received by such employees stationed in that State as an allowance under such section 5941. If the total amount appropriated under section 105(b)(2) for any entitlement period is not sufficient to pay in full the additional amounts allocable under this subsection for that period, the Secretary shall reduce proportionately the amounts so allocable.

#### SEC. 107. ENTITLEMENTS OF STATE GOVERNMENTS.

(a) **DIVISION BETWEEN STATE AND LOCAL GOVERNMENTS.**—The State government shall be entitled to receive one-third of the amount allocated to that State for each entitlement period. The remaining portion of each State's allocation shall be allocated among the units of local government of that State as provided in section 108.

(b) **STATE MUST MAINTAIN TRANSFERS TO LOCAL GOVERNMENTS.**—

(1) GENERAL RULE.—The entitlement of any State government for any entitlement period beginning on or after July 1, 1973, shall be reduced by the amount (if any) by which—

(A) the average of the aggregate amounts transferred by the State government (out of its own sources) during such period and the preceding entitlement period to all units of local government in such State, is less than,

(B) the similar aggregate amount for the one-year period beginning July 1, 1971.

For purposes of subparagraph (A), the amount of any reduction in the entitlement of a State government under this subsection for any entitlement period shall, for subsequent entitlement periods, be treated as an amount transferred by the State government (out of its own sources) during such period to units of local government in such State.

(2) ADJUSTMENT WHERE STATE ASSUMES RESPONSIBILITY FOR CATEGORY OF EXPENDITURES.—If the State government establishes to the satisfaction of the Secretary that since June 30, 1972, it has assumed responsibility for a category of expenditures which (before July 1, 1972) was the responsibility of local governments located in such State, then, under regulations prescribed by the Secretary, the aggregate amount taken into account under paragraph (1)(B) shall be reduced to the extent that increased State government spending (out of its own sources) for such category has replaced corresponding amounts which for the one-year period beginning July 1, 1971, it transferred to units of local government.

(3) ADJUSTMENT WHERE NEW TAXING POWERS ARE CONFERRED UPON LOCAL GOVERNMENTS.—If a State establishes to the satisfaction of the Secretary that since June 30, 1972, one or more units of local government within such State have had conferred upon them new taxing authority, then, under regulations prescribed by the Secretary, the aggregate amount taken into account under paragraph (1)(B) shall be reduced to the extent of the larger of—

(A) an amount equal to the amount of the taxes collected by reason of the exercise of such new taxing authority by such local governments, or

(B) an amount equal to the amount of the loss of revenue to the State by reason of such new taxing authority being conferred on such local governments.

No amount shall be taken into consideration under subparagraph (A) if such new taxing authority is an increase in the authorized rate of tax under a previously authorized kind of tax, unless the State is determined by the Secretary to have decreased a related State tax.

(4) SPECIAL RULE FOR PERIOD BEGINNING JULY 1, 1973.—In the case of the entitlement period beginning July 1, 1973, the preceding entitlement period for purposes of paragraph (1)(A) shall be treated as being the one-year period beginning July 1, 1972.

(5) SPECIAL RULE FOR PERIOD BEGINNING JULY 1, 1976.—In the case of the entitlement period beginning July 1, 1976, and ending December 31, 1976, the aggregate amount taken into account under paragraph (1)(A) for the preceding entitlement period and the aggregate amount taken into account under paragraph (1)(B) shall be one-half of the amounts which (but for this paragraph) would be taken into account.

(6) **REDUCTION IN ENTITLEMENT.**—If the Secretary has reason to believe that paragraph (1) requires a reduction in the entitlement of any State government for any entitlement period, he shall give reasonable notice and opportunity for hearing to the State. If, thereafter, he determines that paragraph (1) requires the reduction of such entitlement, he shall also determine the amount of such reduction and shall notify the Governor of such State of such determinations and shall withhold from subsequent payments to such State government under this subtitle an amount equal to such reduction.

(7) **TRANSFER TO GENERAL FUND.**—An amount equal to the reduction in the entitlement of any State government which results from the application of this subsection (after any judicial review under section 143) shall be transferred from the Trust Fund to the general fund of the Treasury on the day on which such reduction becomes final.

*Post*, p. 935.

**SEC. 108. ENTITLEMENTS OF LOCAL GOVERNMENTS.**

(a) **ALLOCATION AMONG COUNTY AREAS.**—The amount to be allocated to the units of local government within a State for any entitlement period shall be allocated among the county areas located in that State so that each county area will receive an amount which bears the same ratio to the total amount to be allocated to the units of local government within that State as—

(1) the population of that county area, multiplied by the general tax effort factor of that county area, multiplied by the relative income factor of that county area, bears to

(2) the sum of the products determined under paragraph (1) for all county areas within that State.

(b) **ALLOCATION TO COUNTY GOVERNMENTS, MUNICIPALITIES, TOWNSHIPS, ETC.**—

(1) **COUNTY GOVERNMENTS.**—The county government shall be allocated that portion of the amount allocated to the county area for the entitlement period under subsection (a) which bears the same ratio to such amount as the adjusted taxes of the county government bear to the adjusted taxes of the county government and all other units of local government located in the county area.

(2) **OTHER UNITS OF LOCAL GOVERNMENT.**—The amount remaining for allocation within a county area after the application of paragraph (1) shall be allocated among the units of local government (other than the county government and other than township governments) located in that county area so that each unit of local government will receive an amount which bears the same ratio to the total amount to be allocated to all such units as—

(A) the population of that local government, multiplied by the general tax effort factor of that local government, multiplied by the relative income factor of that local government, bears to

(B) the sum of the products determined under subparagraph (A) for all such units.

(3) **TOWNSHIP GOVERNMENTS.**—If the county area includes one or more township governments, then before applying paragraph (2)—

(A) there shall be set aside for allocation under subparagraph (B) to such township governments that portion of the amount allocated to the county area for the entitlement period which bears the same ratio to such amount as the sum

of the adjusted taxes of all such township governments bears to the aggregate adjusted taxes of the county government, such township governments, and all other units of local government located in the county area, and

(B) that portion of each amount set aside under subparagraph (A) shall be allocated to each township government on the same basis as amounts are allocated to units of local government under paragraph (2).

If this paragraph applies with respect to any county area for any entitlement period, the remaining portion allocated under paragraph (2) to the units of local government located in the county area (other than the county government and the township governments) shall be appropriately reduced to reflect the amounts set aside under subparagraph (A).

(4) **INDIAN TRIBES AND ALASKAN NATIVE VILLAGES.**—If within a county area there is an Indian tribe or Alaskan native village which has a recognized governing body which performs substantial governmental functions, then before applying paragraph (1) there shall be allocated to such tribe or village a portion of the amount allocated to the county area for the entitlement period which bears the same ratio to such amount as the population of that tribe or village within that county area bears to the population of that county area. If this paragraph applies with respect to any county area for any entitlement period, the amount to be allocated under paragraph (1) shall be appropriately reduced to reflect the amount allocated under the preceding sentence. If the entitlement of any such tribe or village is waived for any entitlement period by the governing body of that tribe or village, then the provisions of this paragraph shall not apply with respect to the amount of such entitlement for such period.

(5) **RULE FOR SMALL UNITS OF GOVERNMENT.**—If the Secretary determines that in any county area the data available for any entitlement period are not adequate for the application of the formulas set forth in paragraphs (2) and (3) (B) with respect to units of local government (other than a county government) with a population below a number (not more than 500) prescribed for that county area by the Secretary, he may apply paragraph (2) or (3) (B) by allocating for such entitlement period to each such unit located in that county area an amount which bears the same ratio to the total amount to be allocated under paragraph (2) or (3) (B) for such entitlement period as the population of such unit bears to the population of all units of local government in that county area to which allocations are made under such paragraph. If the preceding sentence applies with respect to any county area, the total amount to be allocated under paragraph (2) or (3) (B) to other units of local government in that county area for the entitlement period shall be appropriately reduced to reflect the amounts allocated under the preceding sentence.

(6) **ENTITLEMENT.**—

(A) **IN GENERAL.**—Except as otherwise provided in this paragraph, the entitlement of any unit of local government for any entitlement period shall be the amount allocated to such unit under this subsection (after taking into account any applicable modification under subsection (c)).

(B) **MAXIMUM AND MINIMUM PER CAPITA ENTITLEMENT.**—Subject to the provisions of subparagraphs (C) and (D), the per capita amount allocated to any county area or any unit of local government (other than a county government) within a

State under this section for any entitlement period shall not be less than 20 percent, nor more than 145 percent, of two-thirds of the amount allocated to the State under section 106, divided by the population of that State.

(C) **LIMITATION.**—The amount allocated to any unit of local government under this section for any entitlement period shall not exceed 50 percent of the sum of (i) such government's adjusted taxes, and (ii) the intergovernmental transfers of revenue to such government (other than transfers to such government under this subtitle).

(D) **ENTITLEMENT LESS THAN \$200, OR GOVERNING BODY WAIVES ENTITLEMENT.**—If (but for this subparagraph) the entitlement of any unit of local government below the level of the county government—

(i) would be less than \$200 for any entitlement period (\$100 for an entitlement period of 6 months), or

(ii) is waived for any entitlement period by the governing body of such unit,  
then the amount of such entitlement for such period shall (in lieu of being paid to such unit) be added to, and shall become a part of, the entitlement for such period of the county government of the county area in which such unit is located.

(7) **ADJUSTMENT OF ENTITLEMENT.**—

(A) **IN GENERAL.**—In adjusting the allocation of any county area or unit of local government, the Secretary shall make any adjustment required under paragraph (6) (B) first, any adjustment required under paragraph (6) (C) next, and any adjustment required under paragraph (6) (D) last.

(B) **ADJUSTMENT FOR APPLICATION OF MAXIMUM OR MINIMUM PER CAPITA ENTITLEMENT.**—The Secretary shall adjust the allocations made under this section to county areas or to units of local governments in any State in order to bring those allocations into compliance with the provisions of paragraph (6) (B). In making such adjustments he shall make any necessary adjustments with respect to county areas before making any necessary adjustments with respect to units of local government.

(C) **ADJUSTMENT FOR APPLICATION OF LIMITATION.**—In any case in which the amount allocated to a unit of local government is reduced under paragraph (6) (C) by the Secretary, the amount of that reduction—

(i) in the case of a unit of local government (other than a county government), shall be added to and increase the allocation of the county government of the county area in which it is located, unless (on account of the application of paragraph (6)) that county government may not receive it, in which case the amount of the reduction shall be added to and increase the entitlement of the State government of the State in which that unit of local government is located; and

(ii) in the case of a county government, shall be added to and increase the entitlement of the State government of the State in which it is located.

(c) **SPECIAL ALLOCATION RULES.**—

(1) **OPTIONAL FORMULA.**—A State may by law provide for the allocation of funds among county areas, or among units of local government (other than county governments), on the basis of the population multiplied by the general tax effort factors of such areas or units of local government, on the basis of the population

multiplied by the relative income factors of such areas or units of local government, or on the basis of a combination of those two factors. Any State which provides by law for such a variation in the allocation formula provided by subsection (a), or by paragraphs (2) and (3) of subsection (b), shall notify the Secretary of such law not later than 30 days before the beginning of the first entitlement period to which such law is to apply. Any such law shall—

(A) provide for allocating 100 percent of the aggregate amount to be allocated under subsection (a), or under paragraphs (2) and (3) of subsection (b);

(B) apply uniformly throughout the State; and

(C) apply during the period beginning on the first day of the first entitlement period to which it applies and ending on December 31, 1976.

(2) CERTIFICATION.—Paragraph (1) shall apply within a State only if the Secretary certifies that the State law complies with the requirements of such paragraph. The Secretary shall not certify any such law with respect to which he receives notification later than 30 days prior to the first entitlement period during which it is to apply.

(d) GOVERNMENTAL DEFINITIONS AND RELATED RULES.—For purposes of this title—

(1) UNITS OF LOCAL GOVERNMENT.—The term “unit of local government” means the government of a county, municipality, township, or other unit of government below the State which is a unit of general government (determined on the basis of the same principles as are used by the Bureau of the Census for general statistical purposes). (2) CERTAIN AREAS TREATED AS COUNTIES.—In any State in which any unit of local government (other than a county government) constitutes the next level of government below the State government level, then, except as provided in the next sentence, the geographic area of such unit of government shall be treated as a county area (and such unit of government shall be treated as a county government) with respect to that portion of the State’s geographic area. In any State in which any county area is not governed by a county government but contains two or more units of local government, such units shall not be treated as county governments and the geographic areas of such units shall not be treated as county areas.

(5) ONLY PART OF UNIT LOCATED IN LARGER ENTITY.—If only part of a unit of local government is located in a larger entity, such part shall be treated for allocation purposes as a separate unit of

local government, and all computations shall, except as otherwise provided in regulations, be made on the basis of the ratio which the estimated population of such part bears to the population of the entirety of such unit.

(6) **BOUNDARY CHANGES, GOVERNMENTAL REORGANIZATION, ETC.**—If, by reason of boundary line changes, by reason of State statutory or constitutional changes, by reason of annexations or other governmental reorganizations, or by reason of other circumstances, the application of any provision of this section to units of local government does not carry out the purposes of this subtitle, the application of such provision shall be made, under regulations prescribed by the Secretary, in a manner which is consistent with such purposes.

(ii) the general tax effort factor of that State.

(2) **STATE AND LOCAL TAXES.**—

(A) **TAXES TAKEN INTO ACCOUNT.**—The State and local taxes taken into account under paragraph (1) are the compulsory contributions exacted by the State (or by any unit of local government or other political subdivision of the State) for public purposes (other than employee and employer assessments and contributions to finance retirement and social insurance systems, and other than special assessments for capital outlay), as such contributions are determined by the Bureau of the Census for general statistical purposes.

(ii) adjusted (under regulations prescribed by the Secretary) by excluding an amount equal to that portion of such compulsory contributions which is properly allocable to expenses for education.

(B) **CERTAIN SALES TAXES COLLECTED BY COUNTIES.**—In any case where—

(i) a county government exacts sales taxes within the geographic area of a unit of local government and transfers part or all of such taxes to such unit without specifying the purposes for which such unit may spend the revenues, and

then the taxes so transferred shall be treated as the taxes of the unit of local government (and not the taxes of the county government).

(f) **RELATIVE INCOME FACTOR.**—For purposes of this subtitle, the relative income factor is a fraction—

(1) in the case of a State, the numerator of which is the per capita income of the United States and the denominator of which is the per capita income of that State;

(3) **ALLOCATION ON BASIS OF POPULATION INVERSELY WEIGHTED FOR PER CAPITA INCOME.**—Any allocation among the States on the basis of population inversely weighted for per capita income shall be made by allocating to each State an amount which bears the same ratio to the total amount to be allocated as—

(A) the population of such State, multiplied by a fraction the numerator of which is the per capita income of all the States and the denominator of which is the per capita income of such State, bears to

(B) the sum of the products determined under subparagraph (A) for all the States.

(4) **ALLOCATION ON BASIS OF INCOME TAX COLLECTIONS.**—Any allocation among the States on the basis of income tax collections shall be made by allocating to each State an amount which bears the same ratio to the total amount to be allocated as the income tax amount of such State bears to the sum of the income tax amounts of all the States.

(5) **ALLOCATION ON BASIS OF GENERAL TAX EFFORT.**—Any allocation among the States on the basis of general tax effort shall be made by allocating to each State an amount which bears the same ratio to the total amount to be allocated as the general tax effort amount of such State bears to the sum of the general tax effort amounts of all the States.

“(e) **REQUIREMENTS RELATING TO RESIDENCE.**—A tax imposed by a State meets the requirements of this subsection only if for purposes of such tax—

“(1) **RESIDENT INDIVIDUAL.**—An individual (other than a trust or estate) is treated as a resident of such State with respect to a taxable year only if—

“(A) his principal place of residence has been within such State for a period of at least 135 consecutive days and at least 30 days of such period are in such taxable year, or

“(B) in the case of a citizen or resident of the United States who is not a resident (determined in the manner provided in subparagraph (A)) of any State with respect to such taxable year, such individual is domiciled in such State for at least 30 days during such taxable year.

Nothing in this subchapter shall be construed to require or authorize the treatment of a Senator, Representative, Delegate, or Resident Commissioner as a resident of a State other than the State which he represents in Congress.

“(2) **ESTATE.**—An estate of an individual is treated as a resident of the last State of which such individual was a resident (within the meaning of paragraph (1)) before his death.

“(B) **NONTESTAMENTARY TRUST.**—A trust (other than a trust described in subparagraph (A)) is treated as a resident of such State with respect to a taxable year only if the principal contributor to the trust, during the 3-year period ending on the date of the creation of the trust, resided in the State for an aggregate number of days longer than the aggregate number of days he resided in any other State.

“(C) **SPECIAL RULES.**—For purposes of this paragraph—

“(i) If on any day before the close of the taxable year an existing trust received assets having a value greater

than the aggregate value of all assets theretofore contributed to the trust, such trust shall be treated as created on such day. For purposes of this subparagraph, the value of any asset taken into account shall be its fair market value on the day it is contributed to the trust.

“(ii) The principal contributor to the trust is the individual who contributed more (in value) of the assets contributed on the date of the creation of the trust (determined after applying clause (i)) than any other individual.

“(iii) If the foregoing rules would create more than one State of residence (or no State of residence) for a trust, such trust shall be treated as a resident of the State determined under similar principles prescribed by the Secretary or his delegate by regulations.

“(4) **LIABILITY FOR TAX ON CHANGE OF RESIDENCE.**—With respect to a taxable year, in the case of an individual (other than an individual who comes into being or ceases to exist) who becomes a resident, or ceases to be a resident, of the State, his liability to such State for the resident tax is determined by multiplying the amount which would be his liability for tax (after the nonrefundable credits allowed against such tax) if he had been a resident of such State for the entire taxable year by a fraction the numerator of which is the number of days he was a resident of such State and the denominator of which is the total number of days in the taxable year. In the case of an individual who is treated as a resident of a State with respect to a taxable year by reason of paragraph (1)(B), the preceding sentence shall be applied by substituting days of domicile for days of residence.

## TITLE I—BUMPER STANDARDS

### FINDINGS AND PURPOSE

SEC. 101. (a) The Congress finds that it is necessary to reduce the economic loss resulting from damage to passenger motor vehicles involved in motor vehicle accidents.

(b) It is the purpose of this title to reduce the extent of such economic loss by providing for the promulgation and enforcement of bumper standards.

SETTING OF STANDARDS

SEC. 102. (a) Subject to subsections (b) through (e) of this section, the Secretary by rule—

(1) shall promulgate bumper standards applicable to all passenger motor vehicles manufactured in or imported into the United States, and

(2) may promulgate bumper standards applicable to any item of passenger motor vehicle equipment so manufactured or imported,

except that such a rule shall not apply to any vehicle or item of passenger motor vehicle equipment which is intended solely for export (and is so labeled or tagged on the vehicle or equipment itself and on the outside of the container, if any) and which is exported.

(b) (1) Any standard under subsection (a) shall seek to obtain the maximum feasible reduction of costs to the public and to the consumer, taking into account:

(A) the cost of implementing the standard and the benefits attainable as the result of implementation of the standard;

(B) the effect of implementation of the standard on the cost of insurance and prospective legal fees and costs;

(C) savings in terms of consumer time and inconvenience; and

(D) considerations of health and safety, including emission standards.

(2) Bumper standards under this title shall not conflict with motor vehicle safety standards promulgated under title I of the National Traffic and Motor Vehicle Safety Act of 1966 (15 U.S.C. 1391, et seq.).

(c) (1) In promulgating any bumper standard under this title the Secretary may for good cause shown—

(A) exempt partially or completely any multipurpose passenger motor vehicle; or

(B) exempt partially or completely any make, model, or class of passenger motor vehicle manufactured for a special use, if such standard would unreasonably interfere with the special use of such vehicle.

(2) To the maximum extent practicable, a bumper standard promulgated by the Secretary shall not preclude the attachment of detachable hitches.

(d) The Secretary shall establish the effective date of any bumper standard when finally promulgating the standard, and such standard shall apply only to passenger motor vehicles or passenger motor vehicle equipment manufactured on or after such effective date. Such effective date shall not be—

(1) earlier than the date on which such standard is finally promulgated, or

(2) later than eighteen months after final promulgation of the standard unless the Secretary presents to Congress and publishes a detailed explanation of the reasons for such later effective date.

80 Stat. 718;  
82 Stat. 72.

(e)(1) All rules establishing, amending, or revoking a bumper standard under this title shall be issued pursuant to section 553 of title 5 of the United States Code, except that the Secretary shall give interested persons an opportunity for oral presentation of data, views, or arguments, and the opportunity to make written submissions. A transcript shall be kept of any oral presentation.

Hearing.

A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary or his delegate. The Secretary thereupon shall file in the court the record of the proceedings on which the Secretary based his rule, as provided in section 2112 of title 28, United States Code.

(b) If the petitioner applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the proceeding before the Secretary, the court may order such additional evidence (and evidence in rebuttal thereof) to be taken before the Secretary, and to be adduced in a hearing, in such manner and upon such terms and conditions as the court may deem proper. The Secretary may modify his findings as to the facts, or make new findings, by reason of the additional evidence so taken, and he shall file such modified or new findings, and his recommendation, if any, for the modification or setting aside of his rule, with the return of such additional evidence.

Whenever practicable, the Secretary shall give notice to any person against whom an action for injunctive relief is contemplated and afford him an opportunity to present his views, and, except in the case of a knowing and willful violation, shall afford him reasonable opportunity to achieve compliance. ### TITLE IV—ODOMETER REQUIREMENTS

#### FINDINGS AND PURPOSE

SEC. 401. The Congress hereby finds that purchasers, when buying motor vehicles, rely heavily on the odometer reading as an index of the condition and value of such vehicle; that purchasers are entitled to rely on the odometer reading as an accurate reflection of the mileage actually traveled by the vehicle; that an accurate indication of the mileage traveled by a motor vehicle assists the purchaser in determining its safety and reliability; and that motor vehicles move in the current of interstate and foreign commerce or affect such commerce. It is therefore the purpose of this title to prohibit tampering with odometers on motor vehicles and to establish certain safeguards for the protection of purchasers with respect to the sale of motor vehicles having altered or reset odometers.

#### DEFINITIONS

SEC. 402. As used in this title—

(1) The term "odometer" means an instrument for measuring and recording the actual distance a motor vehicle travels while

in operation; but shall not include any auxiliary odometer designed to be reset by the operator of the motor vehicle for the purpose of recording mileage on trips.

(2) The term "repair and replacement" means to restore to a sound working condition by replacing the odometer or any part thereof or by correcting what is inoperative.

(3) The term "transfer" means to change ownership by purchase, gift, or any other means.

#### UNLAWFUL DEVICES

True mileage  
driven.

SEC. 403. It is unlawful for any person to advertise for sale, to sell, to use, or to install or to have installed, any device which causes an odometer to register any mileage other than the true mileage driven. For purposes of this section, the true mileage driven is that mileage driven by the vehicle as registered by the odometer within the manufacturer's designed tolerance.

#### UNLAWFUL CHANGE OF MILEAGE

SEC. 404. It is unlawful for any person or his agent to disconnect, reset, or alter the odometer of any motor vehicle with the intent to change the number of miles indicated thereon.

#### OPERATION WITH INTENT TO DEFRAUD

SEC. 405. It is unlawful for any person with the intent to defraud to operate a motor vehicle on any street or highway knowing that the odometer of such vehicle is disconnected or nonfunctional.

#### CONSPIRACY

SEC. 406. No person shall conspire with any other person to violate section 403, 404, 405, 407, or 408.

#### LAWFUL SERVICE, REPAIR, OR REPLACEMENT

SEC. 407. Nothing in this title shall prevent the service, repair, or replacement of an odometer, provided the mileage indicated thereon remains the same as before the service, repair, or replacement. Reclamation  
Project Authori-  
zation Act of  
1972.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That this Act shall be known as the Reclamation Project Authorization Act of 1972.

## TITLE I

## CLOSED BASIN DIVISION, SAN LUIS VALLEY PROJECT, COLORADO

SEC. 101. The Secretary of the Interior is authorized to construct, operate, and maintain the closed basin division, San Luis Valley project, Colorado, including channel rectification of the Rio Grande between the uppermost point of discharge into the river of waters salvaged by the project, and the Colorado-New Mexico State line, so as to provide for the carriage of water so salvaged without flooding of surrounding lands, to minimize losses of waters through evaporation, transpiration, and seepage, and to provide a conduit for the reception of waters salvaged by drainage projects undertaken in the San Luis Valley below Alamosa, Colorado, in accordance with the Federal reclamation laws (Act of June 17, 1902, 32 Stat. 388, and Acts amendatory thereof or supplementary thereto), and as otherwise provided in this Act, for the principal purposes of salvaging, regulating, and furnishing water from the closed basin area of Colorado; transporting such water into the Rio Grande; making water available for fulfilling the United States obligation to the United States of Mexico in accordance with the treaty dated May 21, 1906 (34 Stat. 2953); furnishing irrigation water, industrial water, and municipal water supplies to water deficient areas of Colorado, New Mexico, and Texas through direct diversion and exchange of water; establishing the Mishak National Wildlife Refuge and furnishing a water supply for the operation of the Mishak National Wildlife Refuge and the Alamosa National Wildlife Refuge and for conservation and development of other fish and wildlife resources; providing outdoor recreational opportunities; augmenting the flow of the Rio Grande; and other useful purposes, in substantial accordance with the engineering plans set out in the report of the Secretary of the Interior on this project: *Provided*, That no wells of the project, other than observation wells, shall be permitted to penetrate the aquiclude, or first confining clay layer.

(b) Construction of the project may be undertaken in such units or stages as in the determination of the Secretary will best serve project requirements and meet water needs: *Provided*, That construction of each of the successive units or stages after stage 1 of said project shall be undertaken only with the consent of the Colorado Water Conservation Board and the Rio Grande Water Conservation District of the State of Colorado.

(c) The closed basin division, San Luis Valley project, Colorado, shall be operated in such manner that the delivery of water to the river and return flows of water will not cause the Rio Grande system to be in violation of water quality standards promulgated pursuant to the Water Quality Act of 1965 (79 Stat. 903).

SEC. 102. (a) Prior to commencement of construction of any part of the project, except channel rectification, there shall be incorporated into the project plans a control system of observation wells, which shall be designed to provide positive identification of any fluctuations

in the water table of the area surrounding the project attributable to operation of the project or any part thereof. Such control system, or so much thereof as is necessary to provide such positive identification with respect to any stage of the project, shall be installed concurrently with such stage of the project.

(b) The Secretary shall operate project facilities in a manner that will not cause the water table available for any irrigation or domestic wells in existence prior to the construction of the project to drop more than two feet and in a manner that will not cause reduction of artesian flows in existence prior to the construction of the project.

SEC. 103. There is hereby established an operating committee consisting of one member appointed by the Secretary, one member appointed by the Colorado Water Conservation Board, and one member appointed by the Rio Grande Water Conservation District, which is authorized to determine from time to time whether the requirements of section 102 of this Act are being complied with. The committee shall inform the Secretary if the operation of the project fails to meet the requirements of section 102 or adversely affects the beneficial use of water in the Rio Grande Basin in Colorado as defined in article I(c) of the Rio Grande compact (53 Stat. 785). Upon receipt of such information the Secretary shall modify, curtail, or suspend operation of the project to the extent necessary to comply with such requirements or eliminate such adverse effect.

SEC. 104. (a) Except as hereinafter provided, project costs shall be nonreimbursable.

(b) After the project or any phase thereof has been constructed and is operational, the Secretary shall make water available in the following listed order of priority:

(1) To assist in making the annual delivery of water at the gaging station on the Rio Grande near Lobatos, Colorado, as required by article III of the Rio Grande compact: *Provided*, That the total amount of water delivered for this purpose shall not exceed an aggregate of six hundred thousand acre-feet for any period of ten consecutive years reckoned in continuing progressive series beginning with the first day of January next succeeding the year in which the Secretary determined that the project authorized by this Act is operational.

(2) To maintain the Alamosa National Wildlife Refuge and the Mishak National Wildlife Refuge: *Provided*, That the amount of water delivered to the Alamosa National Wildlife Refuge shall not exceed five thousand three hundred acre-feet annually, and the water delivered to the Mishak National Wildlife Refuge shall not exceed twelve thousand five hundred acre-feet annually.

(3) To apply to the reduction and elimination of any accumulated deficit in deliveries by Colorado as is determined to exist by the Rio Grande Compact Commission under article VI of the Rio Grande compact at the end of the compact water years in which the Secretary first determines the project to be operational.

(4) For irrigation or other beneficial uses in Colorado: *Provided*, That no water shall be delivered until agreements between the United States and water users in Colorado, or the Rio Grande Water Conservation District acting for them, have been executed providing for the repayment of such costs as in the opinion of the Secretary are appropriate and within the ability of the users to pay.

SEC. 105. Construction of the project shall not be started until the State of Colorado agrees that it will, as its participation in the project, convey to the United States easements and rights-of-way over lands owned by the State that are needed for wells, channels, laterals, and

The agency or organization assuming such obligation shall obligate itself to operate the project works in accordance with regulations prescribed by the Secretary.

Limitation.

SEC. 108. Nothing contained in this Act shall be construed to abrogate, amend, modify, or be in conflict with any provisions of the Rio Grande compact; or to shift any legal burden of delivery from the Rio Grande or the Conejos River to the closed basin.

Appropriation.

SEC. 109. There is hereby authorized to be appropriated for construction of the closed basin division of the San Luis Valley project the sum of \$18,246,000 (April 1972 prices), plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuation in construction costs as indicated by engineering cost indexes applicable to the types of construction involved herein, and such additional sums as may be required for operation and maintenance of the project.

"(1) in the case of a pesticide other than a plant regulator, defoliant, or desiccant, an ingredient which will prevent, destroy, repel, or mitigate any pest;

"(2) in the case of a plant regulator, an ingredient which, through physiological action, will accelerate or retard the rate of growth or rate of maturation or otherwise alter the behavior of ornamental or crop plants or the product thereof;

"(3) in the case of a defoliant, an ingredient which will cause the leaves or foliage to drop from a plant; and

"(4) in the case of a desiccant, an ingredient which will artificially accelerate the drying of plant tissue.

"(b) ADMINISTRATOR.—The term 'Administrator' means the Administrator of the Environmental Protection Agency.

"(c) ADULTERATED.—The term 'adulterated' applies to any pesticide if:

“(l) **IMMINENT HAZARD.**—The term ‘imminent hazard’ means a situation which exists when the continued use of a pesticide during the time required for cancellation proceeding would be likely to result in unreasonable adverse effects on the environment or will involve unreasonable hazard to the survival of a species declared endangered by the Secretary of the Interior under Public Law 91-135.

“(m) **INERT INGREDIENT.**—The term ‘inert ingredient’ means an ingredient which is not active.

“(n) **INGREDIENT STATEMENT.**—The term ‘ingredient statement’ means a statement which contains—

played under customary conditions of purchase, except that a pesticide is not misbranded under this subparagraph if:

“(i) the size or form of the immediate container, or the outside container or wrapper of the retail package, makes it impracticable to place the ingredient statement on the part which is presented or displayed under customary conditions of purchase; and

“(ii) the ingredient statement appears prominently on another part of the immediate container, or outside container or wrapper, permitted by the Administrator;

“(B) the labeling does not contain a statement of the use classification under which the product is registered;

chemicals, plant inoculants, and soil amendments. Also, the term 'plant regulator' shall not be required to include any of such of those nutrient mixtures or soil amendments as are commonly known as vitamin-hormone horticultural products, intended for improvement, maintenance, survival, health, and propagation of plants, and as are not for pest destruction and are nontoxic, nonpoisonous in the undiluted packaged concentration.

### "SEC. 3. REGISTRATION OF PESTICIDES.

"(a) REQUIREMENT.—Except as otherwise provided by this Act, no person in any State may distribute, sell, offer for sale, hold for sale, ship, deliver for shipment, or receive and (having so received) deliver or offer to deliver, to any person any pesticide which is not registered with the Administrator.

"(b) EXEMPTIONS.—A pesticide which is not registered with the Administrator may be transferred if—

"(1) the transfer is from one registered establishment to another registered establishment operated by the same producer solely for packaging at the second establishment or for use as a constituent part of another pesticide produced at the second establishment; or

"(2) the transfer is pursuant to and in accordance with the requirements of an experimental use permit.

"(c) PROCEDURE FOR REGISTRATION.—

(1) STATEMENT REQUIRED.—Each applicant for registration of a pesticide shall file with the Administrator a statement which includes—

"(A) the name and address of the applicant and of any other person whose name will appear on the labeling;

"(B) the name of the pesticide;

"(C) a complete copy of the labeling of the pesticide, a statement of all claims to be made for it, and any directions for its use;

"(D) if requested by the Administrator, a full description of the tests made and the results thereof upon which the

claims are based, except that data submitted in support of an application shall not, without permission of the applicant, be considered by the Administrator in support of any other application for registration unless such other applicant shall have first offered to pay reasonable compensation for producing the test data to be relied upon and such data is not protected from disclosure by section 10(b). If the parties cannot agree on the amount and method of payment, the Administrator shall make such determination and may fix such other terms and conditions as may be reasonable under the circumstances. The Administrator's determination shall be made on the record after notice and opportunity for hearing. If the owner of the test data does not agree with said determination, he may, within thirty days, take an appeal to the federal district court for the district in which he resides with respect to either the amount of the payment or the terms of payment, or both. In no event shall the amount of payment determined by the court be less than that determined by the Administrator;

“(E) the complete formula of the pesticide; and

“(F) a request that the pesticide be classified for general use, for restricted use, or for both.

“(2) DATA IN SUPPORT OF REGISTRATION.—The Administrator shall publish guidelines specifying the kinds of information which will be required to support the registration of a pesticide and shall revise such guidelines from time to time. If thereafter he requires any additional kind of information he shall permit sufficient time for applicants to obtain such additional information. Except as provided by subsection (c)(1)(D) of this section and section 10, within 30 days after the Administrator registers a pesticide under this Act he shall make available to the public the data called for in the registration statement together with such other scientific information as he deems relevant to his decision.

“(3) TIME FOR ACTING WITH RESPECT TO APPLICATION.—The Administrator shall review the data after receipt of the application and shall, as expeditiously as possible, either register the pesticide in accordance with paragraph (5), or notify the applicant of his determination that it does not comply with the provisions of the Act in accordance with paragraph (6).

“(4) NOTICE OF APPLICATION.—The Administrator shall publish in the Federal Register, promptly after receipt of the statement and other data required pursuant to paragraphs (1) and (2), a notice of each application for registration of any pesticide if it contains any new active ingredient or if it would entail a changed use pattern. The notice shall provide for a period of 30 days in which any Federal agency or any other interested person may comment.

“(5) APPROVAL OF REGISTRATION.—The Administrator shall register a pesticide if he determines that, when considered with any restrictions imposed under subsection (d)—

“(A) its composition is such as to warrant the proposed claims for it;

“(B) its labeling and other material required to be submitted comply with the requirements of this Act;

“(C) it will perform its intended function without unreasonable adverse effects on the environment; and

“(D) when used in accordance with widespread and commonly recognized practice it will not generally cause unreasonable adverse effects on the environment.

The Administrator shall not make any lack of essentiality a criterion for denying registration of any pesticide. Where two pesticides meet the requirements of this paragraph, one should not be registered in preference to the other.

“(6) DENIAL OF REGISTRATION.—If the Administrator determines that the requirements of paragraph (5) for registration are not satisfied, he shall notify the applicant for registration of his determination and of his reasons (including the factual basis) therefor, and that, unless the applicant corrects the conditions and notifies the Administrator thereof during the 30-day period beginning with the day after the date on which the applicant receives the notice, the Administrator may refuse to register the pesticide. Whenever the Administrator refuses to register a pesticide, he shall notify the applicant of his decision and of his reasons (including the factual basis) therefor. The Administrator shall promptly publish in the Federal Register notice of such denial of registration and the reasons therefor. Upon such notification, the applicant for registration or other interested person with the concurrence of the applicant shall have the same remedies as provided for in section 6.

Publication in  
Federal Register.

“(d) CLASSIFICATION OF PESTICIDES.—

“(1) CLASSIFICATION FOR GENERAL USE, RESTRICTED USE, OR BOTH.—

“(A) As a part of the registration of a pesticide the Administrator shall classify it as being for general use or for restricted use, provided that if the Administrator determines that some of the uses for which the pesticide is registered should be for general use and that other uses for which it is registered should be for restricted use, he shall classify it for both general use and restricted use. If some of the uses of the pesticide are classified for general use and other uses are classified for restricted use, the directions relating to its general uses shall be clearly separated and distinguished from those directions relating to its restricted uses: *Provided, however,* That the Administrator may require that its packaging and labeling for restricted uses shall be clearly distinguishable from its packaging and labeling for general uses.

“(B) If the Administrator determines that the pesticide, when applied in accordance with its directions for use, warnings and cautions and for the uses for which it is registered, or for one or more of such uses, or in accordance with a widespread and commonly recognized practice, will not generally cause unreasonable adverse effects on the environment, he will classify the pesticide, or the particular use or uses of the pesticide to which the determination applies, for general use.

“(C) If the Administrator determines that the pesticide, when applied in accordance with its directions for use, warnings and cautions and for the uses for which it is registered, or for one or more of such uses, or in accordance with a widespread and commonly recognized practice, may generally cause, without additional regulatory restrictions, unreasonable adverse effects on the environment, including injury to the applicator, he shall classify the pesticide, or the particular

use or uses to which the determination applies, for restricted use:

“(i) If the Administrator classifies a pesticide, or one or more uses of such pesticide, for restricted use because of a determination that the acute dermal or inhalation toxicity of the pesticide presents a hazard to the applicator or other persons, the pesticide shall be applied for any use to which the restricted classification applies only by or under the direct supervision of a certified applicator.

“(ii) If the Administrator classifies a pesticide, or one or more uses of such pesticide, for restricted use because of a determination that its use without additional regulatory restriction may cause unreasonable adverse effects on the environment, the pesticide shall be applied for any use to which the determination applies only by or under the direct supervision of a certified applicator, or subject to such other restrictions as the Administrator may provide by regulation. Any such regulation shall be reviewable in the appropriate court of appeals upon petition of a person adversely affected filed within 60 days of the publication of the regulation in final form.

Publication in  
Federal Register.

“(2) CHANGE IN CLASSIFICATION.—If the Administrator determines that a change in the classification of any use of a pesticide from general use to restricted use is necessary to prevent unreasonable adverse effects on the environment, he shall notify the registrant of such pesticide of such determination at least 30 days before making the change and shall publish the proposed change in the Federal Register. The registrant, or other interested person with the concurrence of the registrant, may seek relief from such determination under section 6(b).

“(e) PRODUCTS WITH SAME FORMULATION AND CLAIMS.—Products which have the same formulation, are manufactured by the same person, the labeling of which contains the same claims, and the labels of which bear a designation identifying the product as the same pesticide may be registered as a single pesticide; and additional names and labels shall be added to the registration by supplemental statements.

“(f) MISCELLANEOUS.—

“(1) EFFECT OF CHANGE OF LABELING OR FORMULATION.—If the labeling or formulation for a pesticide is changed, the registration shall be amended to reflect such change if the Administrator determines that the change will not violate any provision of this Act.

“(2) REGISTRATION NOT A DEFENSE.—In no event shall registration of an article be construed as a defense for the commission of any offense under this Act: *Provided*, That as long as no cancellation proceedings are in effect registration of a pesticide shall be prima facie evidence that the pesticide, its labeling and packaging comply with the registration provisions of the Act.

“(3) AUTHORITY TO CONSULT OTHER FEDERAL AGENCIES.—In connection with consideration of any registration or application for registration under this section, the Administrator may consult with any other Federal agency.

**"SEC. 4. USE OF RESTRICTED USE PESTICIDES; CERTIFIED APPLICATORS.****"(a) CERTIFICATION PROCEDURE.—**

"(1) **FEDERAL CERTIFICATION.**—Subject to paragraph (2), the Administrator shall prescribe standards for the certification of applicators of pesticides. Such standards shall provide that to be certified, an individual must be determined to be competent with respect to the use and handling of pesticides, or to the use and handling of the pesticide or class of pesticides covered by such individual's certification.

Standards.

"(2) **STATE CERTIFICATION.**—If any State, at any time, desires to certify applicators of pesticides, the Governor of such State shall submit a State plan for such purpose. The Administrator shall approve the plan submitted by any State, or any modification thereof, if such plan in his judgment—

"(A) designates a State agency as the agency responsible for administering the plan throughout the State;

"(B) contains satisfactory assurances that such agency has or will have the legal authority and qualified personnel necessary to carry out the plan;

"(C) gives satisfactory assurances that the State will devote adequate funds to the administration of the plan;

"(D) provides that the State agency will make such reports to the Administrator in such form and containing such information as the Administrator may from time to time require; and

"(E) contains satisfactory assurances that State standards for the certification of applicators of pesticides conform with those standards prescribed by the Administrator under paragraph (1).

Any State certification program under this section shall be maintained in accordance with the State plan approved under this section.

"(b) **STATE PLANS.**—If the Administrator rejects a plan submitted under this paragraph, he shall afford the State submitting the plan due notice and opportunity for hearing before so doing. If the Administrator approves a plan submitted under this paragraph, then such State shall certify applicators of pesticides with respect to such State. Whenever the Administrator determines that a State is not administering the certification program in accordance with the plan approved under this section, he shall so notify the State and provide for a hearing at the request of the State, and, if appropriate corrective action is not taken within a reasonable time, not to exceed ninety days, the Administrator shall withdraw approval of such plan.

Hearing.

**"SEC. 5. EXPERIMENTAL USE PERMITS.**

"(a) **ISSUANCE.**—Any person may apply to the Administrator for an experimental use permit for a pesticide. The Administrator may issue an experimental use permit if he determines that the applicant needs such permit in order to accumulate information necessary to register a pesticide under section 3. An application for an experimental use permit may be filed at the time of or before or after an application for registration is filed.

"(b) **TEMPORARY TOLERANCE LEVEL.**—If the Administrator determines that the use of a pesticide may reasonably be expected to result in any residue on or in food or feed, he may establish a temporary tolerance level for the residue of the pesticide before issuing the experimental use permit.

“(c) **USE UNDER PERMIT.**—Use of a pesticide under an experimental use permit shall be under the supervision of the Administrator, and shall be subject to such terms and conditions and be for such period of time as the Administrator may prescribe in the permit.

“(d) **STUDIES.**—When any experimental use permit is issued for a pesticide containing any chemical or combination of chemicals which has not been included in any previously registered pesticide, the Administrator may specify that studies be conducted to detect whether the use of the pesticide under the permit may cause unreasonable adverse effects on the environment. All results of such studies shall be reported to the Administrator before such pesticide may be registered under section 3.

“(e) **REVOCATION.**—The Administrator may revoke any experimental use permit, at any time, if he finds that its terms or conditions are being violated, or that its terms and conditions are inadequate to avoid unreasonable adverse effects on the environment.

“(f) **STATE ISSUANCE OF PERMITS.**—Notwithstanding the foregoing provisions of this section, the Administrator may, under such terms and conditions as he may by regulations prescribe, authorize any State to issue an experimental use permit for a pesticide. All provisions of section 4 relating to State plans shall apply with equal force to a State plan for the issuance of experimental use permits under this section.

#### “SEC. 6. ADMINISTRATIVE REVIEW; SUSPENSION.

##### “(a) **CANCELLATION AFTER FIVE YEARS.**—

“(1) **PROCEDURE.**—The Administrator shall cancel the registration of any pesticide at the end of the five-year period which begins on the date of its registration (or at the end of any five-year period thereafter) unless the registrant, or other interested person with the concurrence of the registrant, before the end of such period, requests in accordance with regulations prescribed by the Administrator that the registration be continued in effect: *Provided*, That the Administrator may permit the continued sale and use of existing stocks of a pesticide whose registration is canceled under this subsection or subsection (b) to such extent, under such conditions, and for such uses as he may specify if he determines that such sale or use is not inconsistent with the purposes of this Act and will not have unreasonable adverse effects on the environment. The Administrator shall publish in the Federal Register, at least 30 days prior to the expiration of such five-year period, notice that the registration will be canceled if the registrant or other interested person with the concurrence of the registrant does not request that the registration be continued in effect.

“(2) **INFORMATION.**—If at any time after the registration of a pesticide the registrant has additional factual information regarding unreasonable adverse effects on the environment of the pesticide, he shall submit such information to the Administrator.

“(b) **CANCELLATION AND CHANGE IN CLASSIFICATION.**—If it appears to the Administrator that a pesticide or its labeling or other material required to be submitted does not comply with the provisions of this Act or, when used in accordance with widespread and commonly recognized practice, generally causes unreasonable adverse effects on the environment, the Administrator may issue a notice of his intent either—

“(1) to cancel its registration or to change its classification together with the reasons (including the factual basis) for his action, or

“(2) to hold a hearing to determine whether or not its registration should be canceled or its classification changed.

Hearing.

Such notice shall be sent to the registrant and made public. The proposed action shall become final and effective at the end of 30 days from receipt by the registrant, or publication, of a notice issued under paragraph (1), whichever occurs later, unless within that time either (i) the registrant makes the necessary corrections, if possible, or (ii) a request for a hearing is made by a person adversely affected by the notice. In the event a hearing is held pursuant to such a request or to the Administrator's determination under paragraph (2), a decision pertaining to registration or classification issued after completion of such hearing shall be final.

“(c) **SUSPENSION.**—

“(1) **ORDER.**—If the Administrator determines that action is necessary to prevent an imminent hazard during the time required for cancellation or change in classification proceedings, he may, by order, suspend the registration of the pesticide immediately. No order of suspension may be issued unless the Administrator has issued or at the same time issues notice of his intention to cancel the registration or change the classification of the pesticide.

“Except as provided in paragraph (3), the Administrator shall notify the registrant prior to issuing any suspension order. Such notice shall include findings pertaining to the question of ‘imminent hazard’. The registrant shall then have an opportunity, in accordance with the provisions of paragraph (2), for an expedited hearing before the Agency on the question of whether an imminent hazard exists.

“(2) **EXPEDITE HEARING.**—If no request for a hearing is submitted to the Agency within five days of the registrant's receipt of the notification provided for by paragraph (1), the suspension order may be issued and shall take effect and shall not be reviewable by a court. If a hearing is requested, it shall commence within five days of the receipt of the request for such hearing unless the registrant and the Agency agree that it shall commence at a later time. The hearing shall be held in accordance with the provisions of subchapter II of title 5 of the United States Code, except that the presiding officer need not be a certified hearing examiner. The presiding officer shall have ten days from the conclusion of the presentation of evidence to submit recommended findings and conclusions to the Administrator, who shall then have seven days to render a final order on the issue of suspension.

80 Stat. 381;  
81 Stat. 54.  
5 USC 551.

“(3) **EMERGENCY ORDER.**—Whenever the Administrator determines that an emergency exists that does not permit him to hold a hearing before suspending, he may issue a suspension order in advance of notification to the registrant. In that case, paragraph (2) shall apply except that (i) the order of suspension shall be in effect pending the expeditious completion of the remedies provided by that paragraph and the issuance of a final order on suspension, and (ii) no party other than the registrant and the Agency shall participate except that any person adversely affected may file briefs within the time allotted by the Agency's rules. Any person so filing briefs shall be considered a party to such proceeding for the purposes of section 16(b).

“(4) JUDICIAL REVIEW.—A final order on the question of suspension following a hearing shall be reviewable in accordance with Section 16 of this Act, notwithstanding the fact that any related cancellation proceedings have not been completed. Petitions to review orders on the issue of suspension shall be advanced on the docket of the courts of appeals. Any order of suspension entered prior to a hearing before the Administrator shall be subject to immediate review in an action by the registrant or other interested person with the concurrence of the registrant in an appropriate district court, solely to determine whether the order of suspension was arbitrary, capricious or an abuse of discretion, or whether the order was issued in accordance with the procedures established by law. The effect of any order of the court will be only to stay the effectiveness of the suspension order, pending the Administrator’s final decision with respect to cancellation or change in classification. This action may be maintained simultaneously with any administrative review proceeding under this section. The commencement of proceedings under this paragraph shall not operate as a stay of order, unless ordered by the court.

“(d) PUBLIC HEARINGS AND SCIENTIFIC REVIEW.—In the event a hearing is requested pursuant to subsection (b) or determined upon by the Administrator pursuant to subsection (b), such hearing shall be held after due notice for the purpose of receiving evidence relevant and material to the issues raised by the objections filed by the applicant or other interested parties, or to the issues stated by the Administrator, if the hearing is called by the Administrator rather than by the filing of objections. Upon a showing of relevance and reasonable scope of evidence sought by any party to a public hearing, the Hearing Examiner shall issue a subpoena to compel testimony or production of documents from any person. The Hearing Examiner shall be guided by the principles of the Federal Rules of Civil Procedure in making any order for the protection of the witness or the content of documents produced and shall order the payment of reasonable fees and expenses as a condition to requiring testimony of the witness. On contest, the subpoena may be enforced by an appropriate United States district court in accordance with the principles stated herein. Upon the request of any party to a public hearing and when in the Hearing Examiner’s judgment it is necessary or desirable, the Hearing Examiner shall at any time before the hearing record is closed refer to a Committee of the National Academy of Sciences the relevant questions of scientific fact involved in the public hearing. No member of any committee of the National Academy of Sciences established to carry out the functions of this section shall have a financial or other conflict of interest with respect to any matter considered by such committee. The Committee of the National Academy of Sciences shall report in writing to the Hearing Examiner within 60 days after such referral on these questions of scientific fact. The report shall be made public and shall be considered as part of the hearing record. The Administrator shall enter into appropriate arrangements with the National Academy of Sciences to assure an objective and competent scientific review of the questions presented to Committees of the Academy and to provide such other scientific advisory services as may be required by the Administrator for carrying out the purposes of this Act. As soon as practicable after completion of the hearing (including the report of the Academy) but not later than 90 days thereafter, the Administrator shall evaluate the data and reports before him and issue an order either revoking his notice of intention issued pursuant to

this section, or shall issue an order either canceling the registration, changing the classification, denying the registration, or requiring modification of the labeling or packaging of the article. Such order shall be based only on substantial evidence of record of such hearing and shall set forth detailed findings of fact upon which the order is based.

“(e) JUDICIAL REVIEW.—Final orders of the Administrator under this section shall be subject to judicial review pursuant to section 16.

Any inspection with respect to any records and information referred to in this subsection shall not extend to financial data, sales data other than shipment data, pricing data, personnel data, and research data (other than data relating to registered pesticides or to a pesticide for which an application for registration has been filed).

**"SEC. 9. INSPECTION OF ESTABLISHMENTS, ETC.**

"(a) **IN GENERAL.**—For purposes of enforcing the provisions of this Act, officers or employees duly designated by the Administrator are authorized to enter at reasonable times, any establishment or other place where pesticides or devices are held for distribution or sale for the purpose of inspecting and obtaining samples of any pesticides or devices, packaged, labeled, and released for shipment, and samples of any containers or labeling for such pesticides or devices.

Before undertaking such inspection, the officers or employees must present to the owner, operator, or agent in charge of the establishment or other place where pesticides or devices are held for distribution or sale, appropriate credentials and a written statement as to the reason for the inspection, including a statement as to whether a violation of the law is suspected. If no violation is suspected, an alternate and sufficient reason shall be given in writing. Each such inspection shall be commenced and completed with reasonable promptness. If the officer or employee obtains any samples, prior to leaving the premises, he shall give to the owner, operator, or agent in charge a receipt describing the samples obtained and, if requested, a portion of each such sample equal in volume or weight to the portion retained. "(c) **ENFORCEMENT.**—

"(1) **CERTIFICATION OF FACTS TO ATTORNEY GENERAL.**—The examination of pesticides or devices shall be made in the Environmental Protection Agency or elsewhere as the Administrator may designate for the purpose of determining from such examinations whether they comply with the requirements of this Act. If it shall appear from any such examination that they fail to comply with the requirements of this Act, the Administrator shall cause notice to be given to the person against whom criminal or civil proceedings are contemplated. Any person so notified shall be

given an opportunity to present his views, either orally or in writing, with regard to such contemplated proceedings, and if in the opinion of the Administrator it appears that the provisions of this Act have been violated by such person, then the Administrator shall certify the facts to the Attorney General, with a copy of the results of the analysis or the examination of such pesticide for the institution of a criminal proceeding pursuant to section 14(b) or a civil proceeding under section 14(a), when the Administrator determines that such action will be sufficient to effectuate the purposes of this Act.

“(2) NOTICE NOT REQUIRED.—The notice of contemplated proceedings and opportunity to present views set forth in this subsection are not prerequisites to the institution of any proceeding by the Attorney General.

“(3) WARNING NOTICES.—Nothing in this Act shall be construed as requiring the Administrator to institute proceedings for prosecution of minor violations of this Act whenever he believes that the public interest will be adequately served by a suitable written notice of warning.

#### “SEC. 10. PROTECTION OF TRADE SECRETS AND OTHER INFORMATION.

“(a) IN GENERAL.—In submitting data required by this Act, the applicant may (1) clearly mark any portions thereof which in his opinion are trade secrets or commercial or financial information and (2) submit such marked material separately from other material required to be submitted under this Act.

“(b) DISCLOSURE.—Notwithstanding any other provision of this Act, the Administrator shall not make public information which in his judgment contains or relates to trade secrets or commercial or financial information obtained from a person and privileged or confidential, except that, when necessary to carry out the provisions of this Act, information relating to formulas of products acquired by authorization of this Act may be revealed to any Federal agency consulted and may be revealed at a public hearing or in findings of fact issued by the Administrator.

“(c) DISPUTES.—If the Administrator proposes to release for inspection information which the applicant or registrant believes to be protected from disclosure under subsection (b), he shall notify the applicant or registrant, in writing, by certified mail. #### “SEC. 13. STOP SALE, USE, REMOVAL, AND SEIZURE.

“(a) STOP SALE, ETC., ORDERS.—Whenever any pesticide or device is found by the Administrator in any State and there is reason to believe on the basis of inspection or tests that such pesticide or device is in violation of any of the provisions of this Act, or that such pesticide or device has been or is intended to be distributed or sold in violation of any such provisions, or when the registration of the pesticide has been canceled by a final order or has been suspended, the Administrator may issue a written or printed ‘stop sale, use, or removal’ order to any person who owns, controls, or has custody of such pesticide or device, and after receipt of such order no person shall sell, use, or

In determining the amount of the penalty the Administrator shall consider the appropriateness of such penalty to the size of the business of the person charged, the effect on the person's ability to continue in business, and the gravity of the violation.

“(4) REFERENCES TO ATTORNEY GENERAL.—In case of inability to collect such civil penalty or failure of any person to pay all, or such portion of such civil penalty as the Administrator may determine, the Administrator shall refer the matter to the Attorney General, who shall recover such amount by action in the appropriate United States district court.

“(3) any person who owned any quantity of such pesticide immediately before the notice to the registrant under paragraph (1) suffered losses by reason of suspension or cancellation of the registration,

the Administrator shall make an indemnity payment to such person, unless the Administrator finds that such person (i) had knowledge of facts which, in themselves, would have shown that such pesticide did

not meet the requirements of section 3(c)(5) for registration, and (ii) continued thereafter to produce such pesticide without giving timely notice of such facts to the Administrator.

“(b) AMOUNT OF PAYMENT.—

“(1) IN GENERAL.—The amount of the indemnity payment under subsection (a) to any person shall be determined on the basis of the cost of the pesticide owned by such person immediately before the notice to the registrant referred to in subsection (a)(1); except that in no event shall an indemnity payment to any person exceed the fair market value of the pesticide owned by such person immediately before the notice referred to in subsection (a)(1).

Upon the filing of such petition the court shall have exclusive jurisdiction to affirm or set aside the order complained of in whole or in part. The court shall consider all evidence of record. The order of the Administrator shall be sustained if it is supported by substantial evidence when considered on the record as a whole. The judgment of the court affirming or setting aside, in whole or in part, any order under this section shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28 of the United States Code. The commencement of proceedings under this section shall not, unless specifically ordered by the court to the contrary, operate as a stay of an order. If it appears from the examination of a sample that it is adulterated, or misbranded or otherwise violates the provisions set forth in this Act, or is otherwise injurious to health or the environment, the pesticide or device may be refused admission, and the Secretary of the Treasury shall refuse delivery to the consignee and shall cause the destruction of any pesticide or device refused delivery which shall not be exported by the consignee within 90 days from the date of notice of such refusal under such regulations as the Secretary of the Treasury may prescribe: *Provided*, That the Secretary of the Treasury may deliver to the consignee such pesticide or device pending examination and decision in the matter on execution of bond for the amount of the full invoice value of such pesticide or device, together with the duty thereon, and on refusal to return such pesticide or device for any cause to the custody of the Secretary of the Treasury, when demanded, for the purpose of excluding them from the country, or for any other purpose, said consignee shall forfeit the full amount of said bond: *And provided further*, That all charges for storage, cartage, and labor on pesticides or devices which are refused admission or delivery shall be paid by the owner or consignee, and in default of such payment shall constitute a lien against any future importation made by such owner or consignee.

National Capital  
Area Transit Act  
of 1972.

### SHORT TITLE

SECTION 1. This Act may be cited as "National Capital Area Transit Act of 1972".

### STATEMENT OF FINDINGS AND PURPOSES

SEC. 2. The Congress finds that (1) an adequate and economically sound transportation system or systems, including bus and rail rapid

transit, serving the Washington metropolitan area is essential to commerce among the several States, and among such States and the District of Columbia, and to the health, welfare, and safety of the public; (2) economies and improvement of service will result from the unification of bus transit and rail transit operations as well as from integration of bus transit facilities within the Washington metropolitan area; (3) the Washington Metropolitan Area Transit Authority is a body corporate and politic organized pursuant to interstate compact among the States of Maryland and Virginia and the District of Columbia, with the consent of Congress, to plan, develop, finance, and operate improved transit facilities in the Washington metropolitan area transit zone; (4) an appropriate solution to the current bus transportation emergency is public ownership and operation of bus transit facilities within the Washington metropolitan area; (5) the cost of such public ownership should be shared by the Federal and local governments in the Washington metropolitan area in accordance with the matching formula authorized by the Urban Mass Transportation Act of 1964 (49 U.S.C. 1601-1612); and (6) to these ends it is necessary to enact the provisions hereinafter set forth.

### CONSENT TO COMPACT AMENDMENT

Washington  
Metropolitan Area

Compact, amend-  
ments.

Upon acquisition of the capital stock or the transit facilities of any private transit company, the Authority shall undertake the acquisition as soon as possible of the capital stock or the transit facilities of each of the other private transit companies within the zone requesting such acquisition. Lack of such request, however, shall not be construed to preclude the Authority from acquiring the capital stock or the transit facilities of any such company pursuant to section 82 of article XVI.”

It is further the sense of the Congress that representatives of the Transit Authority should participate in any labor contract negotiations undertaken prior to acquisition by the Transit Authority of such bus companies.

(b) The franchise to operate a system of mass transportation of passengers for hire granted to D.C. Transit System, Incorporated, by the Act of July 24, 1956 (70 Stat. 598) is hereby canceled, effective upon the date immediately preceding the date on which the Transit Authority acquires the transit facilities of D.C. For this purpose, the Transit Authority shall be considered a “local public body” within the meaning of that section and, accordingly, the Secretary may authorize and approve capital grant assistance to the Transit Authority in the maximum amount provided for in the Urban Mass Transportation Act of 1964 toward the cost of acquisition of such bus system or systems, including the cost of improvements to or replacement of acquired equipment and facilities approved by the Secretary in conjunction with such acquisition. Such assistance shall be provided from funds available to the Urban Mass Transportation Administration of the Department of Transportation.

(b) The Secretary, after determining that immediate action is necessary in the public interest in accordance with subsection (a) of this section, may, in accordance with subsection (c) of this section, advance from funds available to the Urban Mass Transportation Administration of the Department of Transportation such funds as he determines to be necessary for payment to the Transit Authority to provide temporary financing for that portion of the cost of acquisition of the mass transit bus system or systems contemplated by this Act, together with associated improvements to or replacement of acquired equipment and facilities, which are not provided for by the Secretary pursuant to section 301 of this Act. For this purpose, such advance shall not be construed as a loan made under section 3 of the Urban Mass Transportation Act of 1964. Funds advanced pursuant to this section shall be considered as "other than Federal funds" within the meaning of section 4(a) of the Urban Mass Transportation Act of 1964.

(c) The Secretary shall not advance funds under this section until he has determined that the Transit Authority has the capacity and ability to arrange for repayment of such advance in accordance with section 303 of this Act.

SEC. 303. The advance authorized under section 302(b) shall be repaid by the Transit Authority to the Urban Mass Transportation Administration of the Department of Transportation from contributions by the District of Columbia and other local government jurisdictions or from other non-Federal sources as may be available to the Transit Authority and which were not estimated to be available for financing the mass transit rail rapid system authorized by the National Capital Transportation Act of 1969. Repayment of such advance may be deferred by the Secretary of Transportation, at the request of the Transit Authority, but not beyond the end of the fiscal year following the fiscal year in which the advance was made. However, when the election of a particular test, such as a blood test requiring a physician or registered nurse, causes unreasonable delay or inconvenience, the arresting officer or other appropriate law enforcement officer shall elect which chemical test should be administered. In such a case, the operator can only object to a particular test on valid religious or medical grounds. The person tested may, in addition to submitting to the two tests administered at the direction of a police officer, also submit to a chemical test or tests administered to him by a physician, registered nurse, or other person of his own choosing who is qualified to administer such test or tests. Such order shall take effect five days after service of notice on the person whose license is to be revoked or who is to be denied a license unless such person shall have filed within such period written application with the Commissioner for a hearing. ## FINDINGS AND DECLARATION OF POLICY

## SEC. 2. The Congress finds that—

(1) certain species and population stocks of marine mammals are, or may be, in danger of extinction or depletion as a result of man's activities;

(2) such species and population stocks should not be permitted to diminish beyond the point at which they cease to be a significant functioning element in the ecosystem of which they are a part, and, consistent with this major objective, they should not be permitted to diminish below their optimum sustainable population. Further measures should be immediately taken to replenish any species or population stock which has already diminished below that population. In particular, efforts should be made to protect the rookeries, mating grounds, and areas of similar significance for each species of marine mammal from the adverse effect of man's actions;

(3) there is inadequate knowledge of the ecology and population dynamics of such marine mammals and of the factors which bear upon their ability to reproduce themselves successfully;

(4) negotiations should be undertaken immediately to encourage the development of international arrangements for research on, and conservation of, all marine mammals;

(5) marine mammals and marine mammal products either—  
(A) move in interstate commerce, or

(B) affect the balance of marine ecosystems in a manner which is important to other animals and animal products which move in interstate commerce, and that the protection and conservation of marine mammals is therefore necessary to insure the continuing availability of those products which move in interstate commerce; and

(6) marine mammals have proven themselves to be resources of great international significance, esthetic and recreational as well as economic, and it is the sense of the Congress that they should be protected and encouraged to develop to the greatest extent feasible commensurate with sound policies of resource management and that the primary objective of their management should be to maintain the health and stability of the marine ecosystem. Whenever consistent with this primary objective, it should be the goal to obtain an optimum sustainable population keeping in mind the optimum carrying capacity of the habitat.

#### DEFINITIONS

##### SEC. 3. For the purposes of this Act—

(1) The term “depletion” or “depleted” means any case in which the Secretary, after consultation with the Marine Mammal Commission and the Committee of Scientific Advisors on Marine Mammals established under title II of this Act, determines that the number of individuals within a species or population stock—

(A) has declined to a significant degree over a period of years;

(B) has otherwise declined and that if such decline continues, or is likely to resume, such species would be subject to the provisions of the Endangered Species Conservation Act of 1969; or

(C) is below the optimum carrying capacity for the species or stock within its environment.

(2) The terms “conservation” and “management” mean the collection and application of biological information for the purposes of increasing and maintaining the number of animals within species and populations of marine mammals at the optimum carrying capacity of their habitat. Such terms include the entire scope of activities that constitute a modern scientific resource program, including, but not limited to, research, census, law enforcement, and habitat acquisition and improvement. Also included within these terms, when and where appropriate, is the periodic or total protection of species or populations as well as regulated taking.

(3) The term “district court of the United States” includes the District Court of Guam, District Court of the Virgin Islands, District Court of Puerto Rico, District Court of the Canal Zone, and, in the case of American Samoa and the Trust Territory of the Pacific Islands, the District Court of the United States for the District of Hawaii.

(4) The term “humane” in the context of the taking of a marine mammal means that method of taking which involves the least possible degree of pain and suffering practicable to the mammal involved.

(5) The term “marine mammal” means any mammal which (A) is morphologically adapted to the marine environment (including sea otters and members of the orders Sirenia, Pinnipedia and Cetacea), or (B) primarily inhabits the marine environment (such as the polar bear); and, for the purposes of this Act, includes any part of any such marine mammal, including its raw, dressed, or dyed fur or skin.

(6) The term “marine mammal product” means any item of merchandise which consists, or is composed in whole or in part, of any marine mammal.

80 Stat. 926;  
83 Stat. 283.  
16 USC 668aa  
note.

(7) The term “moratorium” means a complete cessation of the taking of marine mammals and a complete ban on the importation into the United States of marine mammals and marine mammal products, except as provided in this Act.

(8) The term “optimum carrying capacity” means the ability of a given habitat to support the optimum sustainable population of a species or population stock in a healthy state without diminishing the ability of the habitat to continue that function.

(9) The term “optimum sustainable population” means, with respect to any population stock, the number of animals which will result in the maximum productivity of the population or the species, keeping in mind the optimum carrying capacity of the habitat and the health of the ecosystem of which they form a constituent element.

(10) The term “person” includes (A) any private person or entity, and (B) any officer, employee, agent, department, or instrumentality of the Federal Government, of any State or political subdivision thereof, or of any foreign government.

(11) The term “population stock” or “stock” means a group of marine mammals of the same species or smaller taxa in a common spatial arrangement, that interbreed when mature.

(12) The term “Secretary” means—

(A) the Secretary of the department in which the National Oceanic and Atmospheric Administration is operating, as to all responsibility, authority, funding, and duties under this Act with respect to members of the order Cetacea and members, other than walruses, of the order Pinnipedia, and

(B) the Secretary of the Interior as to all responsibility, authority, funding, and duties under this Act with respect to all other marine mammals covered by this Act.

#### EFFECTIVE DATE

SEC. 4. The provisions of this Act shall take effect upon the expiration of the sixty-day period following the date of its enactment.

## TITLE I—CONSERVATION AND PROTECTION OF MARINE MAMMALS

### MORATORIUM AND EXCEPTIONS

SEC. 101. (a) There shall be a moratorium on the taking and importation of marine mammals and marine mammal products, commencing on the effective date of this Act, during which time no permit may be issued for the taking of any marine mammal and no marine mammal or marine mammal product may be imported into the United States except in the following cases:

(1) Permits may be issued by the Secretary for taking and importation for purposes of scientific research and for public display if—

(A) the taking proposed in the application for any such permit, or

(B) the importation proposed to be made, is first reviewed by the Marine Mammal Commission and the Committee of Scientific Advisors on Marine Mammals established under title II of this Act. The Commission and Committee shall recommend any proposed taking or importation which is consistent with the purposes and policies of section 2 of this Act. The Secretary shall, if he grants approval for importation, issue to the importer concerned a certificate to that effect which shall be in such form as the Secretary of the Treasury prescribes and such importation may be made upon presentation of the certificate to the customs officer concerned.

Commercial  
fishing opera-  
tions.

Incidental  
killing or injury,  
restriction.

(2) During the twenty-four calendar months initially following the date of the enactment of this Act, the taking of marine mammals incidental to the course of commercial fishing operations shall be permitted, and shall not be subject to the provisions of sections 103 and 104 of this title: *Provided*, That such taking conforms to such conditions and regulations as the Secretary is authorized and directed to impose pursuant to section 111 hereof to insure that those techniques and equipment are used which will produce the least practicable hazard to marine mammals in such commercial fishing operations. Subsequent to such twenty-four months, marine mammals may be taken incidentally in the course of commercial fishing operations and permits may be issued thereof pursuant to section 104 of this title, subject to regulations prescribed by the Secretary in accordance with section 103 hereof. In any event it shall be the immediate goal that the incidental kill or incidental serious injury of marine mammals permitted in the course of commercial fishing operations be reduced to insignificant levels approaching a zero mortality and serious injury rate. The Secretary shall request the Committee on Scientific Advisors on Marine Mammals to prepare for public dissemination detailed estimates of the numbers of mammals killed or seriously injured under existing commercial fishing technology and under the technology which shall be required subsequent to such twenty-four-month period. The Secretary of the Treasury shall ban the importation of commercial fish or products from fish which have been caught with commercial fishing technology which results in the incidental kill or incidental serious injury of ocean mammals in excess of United States standards. The Secretary shall insist on reasonable proof from the government of any nation from which fish or fish products will be exported to the United States of the effects on ocean mammals of the commercial fishing technology in use for such fish or fish products exported from such nation to the United States.

Waiver.

Regulations;  
permit require-  
ment.

(3) (A) The Secretary, on the basis of the best scientific evidence available and in consultation with the Marine Mammal Commission, is authorized and directed, from time to time, having due regard to the distribution, abundance, breeding habits, and times and lines of migratory movements of such marine mammals, to determine when, to what extent, if at all, and by what means, it is compatible with this Act to waive the requirements of this section so as to allow taking, or importing of any marine mammal, or any marine mammal product, and to adopt suitable regulations, issue permits, and make determinations in accordance with sections 102, 103, 104, and 111 of this title permitting and governing such taking and importing, in accordance with such determinations: *Provided, however*, That the Secretary, in making such determinations, must be assured that the taking of such marine

mammal is in accord with sound principles of resource protection and conservation as provided in the purposes and policies of this Act: *Provided further, however*, That no marine mammal or no marine mammal product may be imported into the United States unless the Secretary certifies that the program for taking marine mammals in the country of origin is consistent with the provisions and policies of this Act. Products of nations not so certified may not be imported into the United States for any purpose, including processing for exportation.

(B) Except for scientific research purposes as provided for in paragraph (1) of this subsection, during the moratorium no permit may be issued for the taking of any marine mammal which is classified as belonging to an endangered species pursuant to the Endangered Species Conservation Act of 1969 or has been designated by the Secretary as depleted, and no importation may be made of any such mammal.

Alaskan natives, exemptions.

(b) The provisions of this Act shall not apply with respect to the taking of any marine mammal by any Indian, Aleut, or Eskimo who dwells on the coast of the North Pacific Ocean or the Arctic Ocean if such taking—

(1) is for subsistence purposes by Alaskan natives who reside in Alaska, or

(2) is done for purposes of creating and selling authentic native articles of handicrafts and clothing: *Provided*, That only authentic native articles of handicrafts and clothing may be sold in interstate commerce: *And provided further*, That any edible portion of marine mammals may be sold in native villages and towns in Alaska or for native consumption. For the purposes of this subsection, the term "authentic native articles of handicrafts and clothing" means items composed wholly or in some significant respect of natural materials, and which are produced, decorated, or fashioned in the exercise of traditional native handicrafts without the use of pantographs, multiple carvers, or other mass copying devices. Traditional native handicrafts include, but are not limited to weaving, carving, stitching, sewing, lacing, beading, drawing, and painting; and

"Authentic native articles of handicrafts and clothing."

(3) in each case, is not accomplished in a wasteful manner.

Notwithstanding the preceding provisions of this subsection, when, under this Act, the Secretary determines any species or stock of marine mammal subject to taking by Indians, Aleuts, or Eskimos to be depleted, he may prescribe regulations upon the taking of such marine mammals by any Indian, Aleut, or Eskimo described in this subsection. Such regulations may be established with reference to species or stocks, geographical description of the area included, the season for taking, or any other factors related to the reason for establishing such regulations and consistent with the purposes of this Act. Such regulations shall be prescribed after notice and hearing required by section 103 of this title and shall be removed as soon as the Secretary determines that the need for their imposition has disappeared.

Depleted species or stocks, regulations.

(c) In order to minimize undue economic hardship to persons subject to this Act, other than those engaged in commercial fishing operations referred to in subsection (a) (2) of this section, the Secretary, upon any such person filing an application with him and upon filing such information as the Secretary may require showing, to his satisfaction, such hardship, may exempt such person or class of persons from provisions of this Act for no more than one year from the date of the enactment of this Act, as he determines to be appropriate.

#### REGULATIONS ON TAKING OF MARINE MAMMALS

SEC. 103. (a) The Secretary, on the basis of the best scientific evidence available and in consultation with the Marine Mammal Commission, shall prescribe such regulations with respect to the taking and importing of animals from each species of marine mammal (including regulations on the taking and importing of individuals within population stocks) as he deems necessary and appropriate to insure that such taking will not be to the disadvantage of those species and population stocks and will be consistent with the purposes and policies set forth in section 2 of this Act.

(b) In prescribing such regulations, the Secretary shall give full consideration to all factors which may affect the extent to which such animals may be taken or imported, including but not limited to the effect of such regulations on—

- (1) existing and future levels of marine mammal species and population stocks;
- (2) existing international treaty and agreement obligations of the United States;
- (3) the marine ecosystem and related environmental considerations;
- (4) the conservation, development, and utilization of fishery resources; and
- (5) the economic and technological feasibility of implementation.

(c) The regulations prescribed under subsection (a) of this section for any species or population stock of marine mammal may include, but are not limited to, restrictions with respect to—

- (1) the number of animals which may be taken or imported in any calendar year pursuant to permits issued under section 104 of this title;

- (4) the manner and locations in which animals may be taken or imported; and
- (5) fishing techniques which have been found to cause undue fatalities to any species of marine mammal in a fishery.

(d) Regulations prescribed to carry out this section with respect to any species or stock of marine mammals must be made on the record after opportunity for an agency hearing on both the Secretary's deter-

ter.

(f) Within six months after the effective date of this Act and every twelve months thereafter, the Secretary shall report to the public through publication in the Federal Register and to the Congress on the current status of all marine mammal species and population stocks subject to the provisions of this Act. His report shall describe those actions taken and those measures believed necessary, including where appropriate, the issuance of permits pursuant to this title to assure the well-being of such marine mammals.

#### PERMITS

SEC. 104. (a) The Secretary may issue permits which authorize the taking or importation of any marine mammal.

(b) Any permit issued under this section shall—

(2) specify—

(A) the number and kind of animals which are authorized to be taken or imported,

(C) the period during which the permit is valid, and

(D) any other terms or conditions which the Secretary deems appropriate.

In any case in which an application for a permit cites as a reason for the proposed taking the overpopulation of a particular species or population stock, the Secretary shall first consider whether or not it would be more desirable to transplant a number of animals (but not to exceed the number requested for taking in the application) of that species or stock to a location not then inhabited by such species or stock but previously inhabited by such species or stock.

Importation for  
display or re-  
search.

(c) Any permit issued by the Secretary which authorizes the taking or importation of a marine mammal for purposes of display or scientific research shall specify, in addition to the conditions required by subsection (b) of this section, the methods of capture, supervision,

care, and transportation which must be observed pursuant to and after such taking or importation. Any person authorized to take or import a marine mammal for purposes of display or scientific research shall furnish to the Secretary a report on all activities carried out by him pursuant to that authority.

(5) As soon as practicable (but not later than thirty days) after the close of the hearing or, if no hearing is held, after the last day on which data, or views, may be submitted pursuant to paragraph (2) of this subsection, the Secretary shall (A) issue a permit containing such terms and conditions as he deems appropriate, or (B) shall deny issuance of a permit. Notice of the decision of the Secretary to issue or to deny any permit under this paragraph must be published in the Federal Register within ten days after the date of issuance or denial.

(2) Whenever the Secretary shall propose any modification, suspension, or revocation of a permit under this subsection, the permittee shall be afforded opportunity, after due notice, for a hearing by the Secretary with respect to such proposed modification, suspension, or revocation. Such proposed action by the Secretary shall not take effect until a decision is issued by him after such hearing. Any action taken by the Secretary after such a hearing is subject to judicial review on the same basis as is any action taken by him with respect to a permit

Notice; hearing.

SEC. 105. (a) Any person who violates any provision of this title or of any permit or regulation issued thereunder may be assessed a civil penalty by the Secretary of not more than \$10,000 for each such violation. No penalty shall be assessed unless such person is given notice and opportunity for a hearing with respect to such violation. Each unlawful taking or importation shall be a separate offense. Any such civil penalty may be remitted or mitigated by the Secretary for good cause shown. Upon any failure to pay a penalty assessed under this subsection, the Secretary may request the Attorney General to institute a civil action in a district court of the United States for any district in which such person is found, resides, or transacts business to collect the penalty and such court shall have jurisdiction to hear and decide any such action.

(b) Any person who knowingly violates any provision of this title or of any permit or regulation issued thereunder shall, upon conviction, be fined not more than \$20,000 for each such violation, or imprisoned for not more than one year, or both.

SEC. 106. (a) Any vessel or other conveyance subject to the jurisdiction of the United States that is employed in any manner in the unlawful taking of any marine mammal shall have its entire cargo or the monetary value thereof subject to seizure and forfeiture. All provisions of law relating to the seizure, judicial forfeiture, and condemnation of cargo for violation of the customs laws, the disposition of such cargo, and the proceeds from the sale thereof, and the remission or mitigation of any such forfeiture, shall apply with respect to the cargo of any vessel or other conveyance seized in connection with the unlawful taking of a marine mammal insofar as such provisions of law are applicable and not inconsistent with the provisions of this title.

(b) Any vessel subject to the jurisdiction of the United States that is employed in any manner in the unlawful taking of any marine mammal shall be liable for a civil penalty of not more than \$25,000. Such penalty shall be assessed by the district court of the United States having jurisdiction over the vessel. **Seizure.** (e) (1) Whenever any cargo or marine mammal or marine mammal product is seized pursuant to this section, the Secretary shall expedite any proceedings commenced under section 105 (a) or (b) of this title. All marine mammals or marine mammal products or other cargo so seized shall be held by any person authorized by the Secretary pending disposition of such proceedings. The owner or consignee of any such marine mammal or marine mammal product or other cargo so seized shall, as soon as practicable following such seizure, be notified of that fact in accordance with regulations established by the Secretary.

**Notification.**

**Bond posting.** (2) The Secretary may, with respect to any proceeding under section 105 (a) or (b) of this title, in lieu of holding any marine mammal or marine mammal product or other cargo, permit the person concerned to post bond or other surety satisfactory to the Secretary pending the disposition of such proceeding.

**Forfeiture.** (3) (A) Upon the assessment of a penalty pursuant to section 105 (a) of this title, all marine mammals and marine mammal products or other cargo seized in connection therewith may be proceeded against in any court of competent jurisdiction and forfeited to the Secretary for disposition by him in such manner as he deems appropriate.

(B) Upon conviction for violation of section 105(b) of this title, all marine mammals and marine mammal products seized in connection therewith shall be forfeited to the Secretary for disposition by him in such manner as he deems appropriate. Any other property or item so seized may, at the discretion of the court, be forfeited to the United States or otherwise disposed of.

(4) If with respect to any marine mammal or marine mammal product or other cargo so seized—

(A) a civil penalty is assessed under section 105(a) of this title and no judicial action is commenced to obtain the forfeiture of such mammal or product within thirty days after such assessment, such marine mammal or marine mammal product or other cargo shall be immediately returned to the owner or the consignee; or

(B) no conviction results from an alleged violation of section 105(b) of this title, such marine mammal or marine mammal product or other cargo shall immediately be returned to the owner or consignee if the Secretary does not, within thirty days after the final disposition of the case involving such alleged violation, commence proceedings for the assessment of a civil penalty under section 105(a) of this title.

#### INTERNATIONAL PROGRAM

SEC. 108. (a) The Secretary, through the Secretary of State, shall—

(1) initiate negotiations as soon as possible for the development of bilateral or multilateral agreements with other nations for the protection and conservation of all marine mammals covered by this Act;

(2) initiate negotiations as soon as possible with all foreign governments which are engaged in, or which have persons or companies engaged in, commercial fishing operations which are found by the Secretary to be unduly harmful to any species of marine mammal, for the purpose of entering into bilateral and multilat-

eral treaties with such countries to protect marine mammals. The Secretary of State shall prepare a draft agenda relating to this matter for discussion at appropriate international meetings and forums;

(3) encourage such other agreements to promote the purposes of this Act with other nations for the protection of specific ocean and land regions which are of special significance to the health and stability of marine mammals;

(4) initiate the amendment of any existing international treaty for the protection and conservation of any species of marine mammal to which the United States is a party in order to make such treaty consistent with the purposes and policies of this Act;

(5) seek the convening of an international ministerial meeting on marine mammals before July 1, 1973, for the purposes of (A) the negotiation of a binding international convention for the protection and conservation of all marine mammals, and (B) the implementation of paragraph (3) of this section; and

(6) provide to the Congress by not later than one year after the date of the enactment of this Act a full report on the results of his efforts under this section.

(b) (1) In addition to the foregoing, the Secretary shall—

(A) in consultation with the Marine Mammal Commission established by section 201 of this Act, undertake a study of the North Pacific fur seals to determine whether herds of such seals subject to the jurisdiction of the United States are presently at their optimum sustainable population and what population trends are evident; and

(B) in consultation with the Secretary of State, promptly undertake a comprehensive study of the provisions of this Act, as they relate to North Pacific fur seals, and the provisions of the North Pacific Fur Seal Convention signed on February 9, 1957, as extended (hereafter referred to in this subsection as the "Convention"), to determine what modifications, if any, should be made to the provisions of the Convention, or of this Act, or both, to make the Convention and this Act consistent with each other.

The Secretary shall complete the studies required under this paragraph not later than one year after the date of enactment of this Act and shall immediately provide copies thereof to Congress.

(2) If the Secretary finds—

(A) as a result of the study required under paragraph (1) (A) of this subsection, that the North Pacific fur seal herds are below their optimum sustainable population and are not trending upward toward such level, or have reached their optimum sustainable population but are commencing a downward trend, and believes the herds to be in danger of depletion; or

(B) as a result of the study required under paragraph (1) (B) of this subsection, that modifications of the Convention are desirable to make it and this Act consistent;

he shall, through the Secretary of State, immediately initiate negotiations to modify the Convention so as to (i) reduce or halt the taking of seals to the extent required to assure that such herds attain and remain at their optimum sustainable population, or (ii) make the Convention and this Act consistent; or both, as the case may be. If negotiations to so modify the Convention are unsuccessful, the Secretary shall, through the Secretary of State, take such steps as may be necessary to continue the existing Convention beyond its present termination date so as to continue to protect and conserve the North Pacific fur seals and to prevent a return to pelagic sealing.

Law enforce-  
ment.

(2) Any State may adopt and enforce any laws or regulations relating to the protection and taking, within its jurisdiction, of any species or population stock of marine mammals if the Secretary determines, after review thereof, that such laws and regulations will be consistent with (A) the regulations promulgated under section 103 of this title with respect to such species or population stock, and (B) such other provisions of this Act, and any rule or regulation promulgated pursuant to this title, which apply with respect to such species or population stock. If the Secretary determines that any such State laws and regulations are so consistent, the provisions of this Act, except this section and sections 101 (except to the extent that the Secretary waives the application of section 101 to permit such State laws and regulations to take effect) and 110 of this title, and title II of this Act, shall not apply with respect to the species or population stock concerned within the jurisdiction of the State.

Act of 1972.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That this Act may be cited as the "Marine Protection, Research, and Sanctuaries Act of 1972".

## FINDING, POLICY, AND PURPOSE

(b) The Congress declares that it is the policy of the United States to regulate the dumping of all types of materials into ocean waters and to prevent or strictly limit the dumping into ocean waters of any material which would adversely affect human health, welfare, or amenities, or the marine environment, ecological systems, or economic potentialities.

To this end, it is the purpose of this Act to regulate the transportation of material from the United States for dumping into ocean waters, and the dumping of material, transported from outside the United States, if the dumping occurs in ocean waters over which the United States has jurisdiction or over which it may exercise control, under accepted principles of international law, in order to protect its territory or territorial sea.

## TITLE I—OCEAN DUMPING

### PROHIBITED ACTS

SEC. 101. (a) No person shall transport from the United States any radiological, chemical, or biological warfare agent or any high-level radioactive waste, or except as may be authorized in a permit issued under this title, and subject to regulations issued under section 108 hereof by the Secretary of the Department in which the Coast Guard is operating, any other material for the purpose of dumping it into ocean waters.

(b) No person shall dump any radiological, chemical, or biological warfare agent or any high-level radioactive waste, or, except as may be authorized in a permit issued under this title, any other material, transported from any location outside the United States, (1) into the territorial sea of the United States, or (2) into a zone contiguous to the territorial sea of the United States, extending to a line twelve nautical miles seaward from the base line from which the breadth of the territorial sea is measured, to the extent that it may affect the territorial sea or the territory of the United States.

(c) No officer, employee, agent, department, agency, or instrumentality of the United States shall transport from any location outside the United States any radiological, chemical, or biological warfare agent or any high-level radioactive waste, or, except as may be authorized in a permit issued under this title, any other material for the purpose of dumping it into ocean waters.

## ENVIRONMENTAL PROTECTION AGENCY PERMITS

SEC. 102. (a) Except in relation to dredged material, as provided for in section 103 of this title, and in relation to radiological, chemical, and biological warfare agents and high-level radioactive waste, as provided for in section 101 of this title, the Administrator may issue permits, after notice and opportunity for public hearings, for the transportation from the United States or, in the case of an agency or instrumentality of the United States, for the transportation from a location outside the United States, of material for the purpose of dumping it into ocean waters, or for the dumping of material into the waters described in section 101(b), where the Administrator determines that such dumping will not unreasonably degrade or endanger human health, welfare, or amenities, or the marine environment, ecological systems, or economic potentialities. The Administrator shall establish and apply criteria for reviewing and evaluating such permit applications, and, in establishing or revising such criteria, shall consider, but not be limited in his consideration to, the following:

- (A) The need for the proposed dumping.
- (B) The effect of such dumping on human health and welfare, including economic, esthetic, and recreational values.
- (C) The effect of such dumping on fisheries resources, plankton, fish, shellfish, wildlife, shore lines and beaches.
- (D) The effect of such dumping on marine ecosystems, particularly with respect to—
  - (i) the transfer, concentration, and dispersion of such material and its byproducts through biological, physical, and chemical processes,
  - (ii) potential changes in marine ecosystem diversity, productivity, and stability, and
  - (iii) species and community population dynamics.
- (E) The persistence and permanence of the effects of the dumping.
- (F) The effect of dumping particular volumes and concentrations of such materials.
- (G) Appropriate locations and methods of disposal or recycling, including land-based alternatives and the probable impact of requiring use of such alternate locations or methods upon considerations affecting the public interest.
- (H) The effect on alternate uses of oceans, such as scientific study, fishing, and other living resource exploitation, and non-living resource exploitation.
- (I) In designating recommended sites, the Administrator shall utilize wherever feasible locations beyond the edge of the Continental Shelf.

In establishing or revising such criteria, the Administrator shall consult with Federal, State, and local officials, and interested members of the general public, as may appear appropriate to the Administrator. With respect to such criteria as may affect the civil works program of the Department of the Army, the Administrator shall also consult with the Secretary. In reviewing applications for permits, the Administrator shall make such provision for consultation with interested Federal and State agencies as he deems useful or necessary. No permit shall be issued for a dumping of material which will violate applicable water quality standards.

(b) The Administrator may establish and issue various categories of permits, including the general permits described in section 104(c).

(c) The Administrator may, considering the criteria established pursuant to subsection (a) of this section, designate recommended sites or times for dumping and, when he finds it necessary to protect critical areas, shall, after consultation with the Secretary, also designate sites or times within which certain materials may not be dumped.

(d) No permit is required under this title for the transportation for dumping or the dumping of fish wastes, except when deposited in harbors or other protected or enclosed coastal waters, or where the Administrator finds that such deposits could endanger health, the environment, or ecological systems in a specific location. Where the Administrator makes such a finding, such material may be deposited only as authorized by a permit issued by the Administrator under this section.

#### CORPS OF ENGINEERS PERMITS

SEC. 103. (a) Subject to the provisions of subsections (b), (c), and (d) of this section, the Secretary may issue permits, after notice and opportunity for public hearings, for the transportation of dredged material for the purpose of dumping it into ocean waters, where the Secretary determines that the dumping will not unreasonably degrade or endanger human health, welfare, or amenities, or the marine environment, ecological systems, or economic potentialities.

Notice, public  
hearings.

(b) In making the determination required by subsection (a), the Secretary shall apply those criteria, established pursuant to section 102(a), relating to the effects of the dumping. Based upon an evaluation of the potential effect of a permit denial on navigation, economic and industrial development, and foreign and domestic commerce of the United States, the Secretary shall make an independent determination as to the need for the dumping. The Secretary shall also make an independent determination as to other possible methods of disposal and as to appropriate locations for the dumping. In considering appropriate locations, he shall, to the extent feasible, utilize the recommended sites designated by the Administrator pursuant to section 102(c).

(c) Prior to issuing any permit under this section, the Secretary shall first notify the Administrator of his intention to do so. In any case in which the Administrator disagrees with the determination of the Secretary as to compliance with the criteria established pursuant to section 102(a) relating to the effects of the dumping or with the restrictions established pursuant to section 102(c) relating to critical areas, the determination of the Administrator shall prevail. Unless the Administrator grants a waiver pursuant to subsection (d), the Secretary shall not issue a permit which does not comply with such criteria and with such restrictions.

(d) If, in any case, the Secretary finds that, in the disposition of dredged material, there is no economically feasible method or site available other than a dumping site the utilization of which would result in non-compliance with the criteria established pursuant to section 102(a) relating to the effects of dumping or with the restrictions established pursuant to section 102(c) relating to critical areas, he shall so certify and request a waiver from the Administrator of the specific requirements involved. Within thirty days of the receipt of the waiver request, unless the Administrator finds that the dumping of the material will result in an unacceptably adverse impact on municipal water supplies, shell-fish beds, wildlife, fisheries (including spawning and breeding areas), or recreational areas, he shall grant the waiver.

Waiver.

(e) In connection with Federal projects involving dredged material, the Secretary may, in lieu of the permit procedure, issue regulations which will require the application to such projects of the same criteria, other factors to be evaluated, the same procedures, and the same requirements which apply to the issuance of permits under subsections (a), (b), (c), and (d) of this section.

#### PERMIT CONDITIONS

SEC. 104. (a) Permits issued under this title shall designate and include (1) the type of material authorized to be transported for dumping or to be dumped; (2) the amount of material authorized to be transported for dumping or to be dumped; (3) the location where such transport for dumping will be terminated or where such dumping will occur; (4) the length of time for which the permits are valid and their expiration date; (5) any special provisions deemed necessary by the Administrator or the Secretary, as the case may be, after consultation with the Secretary of the Department in which the Coast Guard is operating, for the monitoring and surveillance of the transportation or dumping; and (6) such other matters as the Administrator or the Secretary, as the case may be, deems appropriate.

(b) The Administrator or the Secretary, as the case may be, may prescribe such processing fees for permits and such reporting requirements for actions taken pursuant to permits issued by him under this title as he deems appropriate.

(c) Consistent with the requirements of sections 102 and 103, but in lieu of a requirement for specific permits in such case, the Administrator or the Secretary, as the case may be, may issue general permits for the transportation for dumping, or dumping, or both, of specified materials or classes of materials for which he may issue permits, which he determines will have a minimal adverse environmental impact.

Review.

(d) Any permit issued under this title shall be reviewed periodically and, if appropriate, revised. The Administrator or the Secretary, as the case may be, may limit or deny the issuance of permits, or he may alter or revoke partially or entirely the terms of permits issued by him under this title, for the transportation for dumping, or for the dumping, or both, of specified materials or classes of materials, where he finds that such materials cannot be dumped consistently with the criteria and other factors required to be applied in evaluating the permit application. No action shall be taken under this subsection unless the affected person or permittee shall have been given notice and opportunity for a hearing on such action as proposed.

(e) The Administrator or the Secretary, as the case may be, shall require an applicant for a permit under this title to provide such information as he may consider necessary to review and evaluate such application.

Public  
information.

(f) Information received by the Administrator or the Secretary, as the case may be, as a part of any application or in connection with any permit granted under this title shall be available to the public as a matter of public record, at every stage of the proceeding. The final determination of the Administrator or the Secretary, as the case may be, shall be likewise available.

(g) A copy of any permit issued under this title shall be placed in a conspicuous place in the vessel which will be used for the transportation or dumping authorized by such permit, and an additional copy shall be furnished by the issuing official to the Secretary of the department in which the Coast Guard is operating, or its designee.

## PENALTIES

SEC. 105. (a) Any person who violates any provision of this title, or of the regulations promulgated under this title, or a permit issued under this title shall be liable to a civil penalty of not more than \$50,000 for each violation to be assessed by the Administrator. No penalty shall be assessed until the person charged shall have been given notice and an opportunity for a hearing of such violation. In determining the amount of the penalty, the gravity of the violation, prior violations, and the demonstrated good faith of the person charged in attempting to achieve rapid compliance after notification of a violation shall be considered by said Administrator. For good cause shown, the Administrator may remit or mitigate such penalty. Upon failure of the offending party to pay the penalty, the Administrator may request the Attorney General to commence an action in the appropriate district court of the United States for such relief as may be appropriate.

(b) In addition to any action which may be brought under subsection (a) of this section, a person who knowingly violates this title, regulations promulgated under this title, or a permit issued under this title shall be fined not more than \$50,000, or imprisoned for not more than one year, or both.

(c) For the purpose of imposing civil penalties and criminal fines under this section, each day of a continuing violation shall constitute a separate offense as shall the dumping from each of several vessels, or other sources.

(d) The Attorney General or his delegate may bring actions for equitable relief to enjoin an imminent or continuing violation of this title, of regulations promulgated under this title, or of permits issued under this title, and the district courts of the United States shall have jurisdiction to grant such relief as the equities of the case may require.

(e) A vessel, except a public vessel within the meaning of section 13 of the Federal Water Pollution Control Act, as amended (33 U.S.C. 1163), used in a violation, shall be liable in rem for any civil penalty assessed or criminal fine imposed and may be proceeded against in any district court of the United States having jurisdiction thereof; but no vessel shall be liable unless it shall appear that one or more of the owners, or bareboat charterers, was at the time of the violation a consenting party or privy to such violation.

*Liability.*

*Ante, p. 816.*

(f) If the provisions of any permit issued under section 102 or 103 are violated, the Administrator or the Secretary, as the case may be, may revoke the permit or may suspend the permit for a specified period of time. No permit shall be revoked or suspended unless the permittee shall have been given notice and opportunity for a hearing on such violation and proposed suspension or revocation.

*Ante, pp. 1054, 1055.*

(g) (1) Except as provided in paragraph (2) of this subsection any person may commence a civil suit on his own behalf to enjoin any person, including the United States and any other governmental instrumentality or agency (to the extent permitted by the eleventh amendment to the Constitution), who is alleged to be in violation of any prohibition, limitation, criterion, or permit established or issued by or under this title. The district courts shall have jurisdiction, without regard to the amount in controversy or the citizenship of the parties, to enforce such prohibition, limitation, criterion, or permit, as the case may be.

(2) No action may be commenced—

(A) prior to sixty days after notice of the violation has been given to the Administrator or to the Secretary, and to any alleged violator of the prohibition, limitation, criterion, or permit; or

(B) if the Attorney General has commenced and is diligently prosecuting a civil action in a court of the United States to require compliance with the prohibition, limitation, criterion, or permit; or

(C) if the Administrator has commenced action to impose a penalty pursuant to subsection (a) of this section, or if the Administrator, or the Secretary, has initiated permit revocation or suspension proceedings under subsection (f) of this section; or

(D) if the United States has commenced and is diligently prosecuting a criminal action in a court of the United States or a State to redress a violation of this title.

(3) (A) Any suit under this subsection may be brought in the judicial district in which the violation occurs.

(B) In any such suit under this subsection in which the United States is not a party, the Attorney General, at the request of the Administrator or Secretary, may intervene on behalf of the United States as a matter of right.

(4) The court, in issuing any final order in any suit brought pursuant to paragraph (1) of this subsection may award costs of litigation (including reasonable attorney and expert witness fees) to any party, whenever the court determines such award is appropriate.

(5) The injunctive relief provided by this subsection shall not restrict any right which any person (or class of persons) may have under any statute or common law to seek enforcement of any standard or limitation or to seek any other relief (including relief against the Administrator, the Secretary, or a State agency).

Exception.

(h) No person shall be subject to a civil penalty or to a criminal fine or imprisonment for dumping materials from a vessel if such materials are dumped in an emergency to safeguard life at sea. Any such emergency dumping shall be reported to the Administrator under such conditions as he may prescribe.

RELATIONSHIP TO OTHER LAWS

SEC. 106. (a) After the effective date of this title, all licenses, permits, and authorizations other than those issued pursuant to this title shall be void and of no legal effect, to the extent that they purport to authorize any activity regulated by this title, and whether issued before or after the effective date of this title.

(b) The provisions of subsection (a) shall not apply to actions taken before the effective date of this title under the authority of the Rivers and Harbors Act of 1899 (30 Stat. 1151), as amended (33 U.S.C. 401 et. seq.).

(c) Prior to issuing any permit under this title, if it appears to the Administrator that the disposition of material, other than dredged material, may adversely affect navigation in the territorial sea of the United States, or in the approaches to any harbor of the United States, or may create an artificial island on the Outer Continental Shelf, the Administrator shall consult with the Secretary and no permit shall

be issued if the Secretary determines that navigation will be unreasonably impaired.

(d) After the effective date of this title, no State shall adopt or enforce any rule or regulation relating to any activity regulated by this title. Any State may, however, propose to the Administrator criteria relating to the dumping of materials into ocean waters within its jurisdiction, or into other ocean waters to the extent that such dumping may affect waters within the jurisdiction of such State, and if the Administrator determines, after notice and opportunity for hearing, that the proposed criteria are not inconsistent with the purposes of this title, may adopt those criteria and may issue regulations to implement such criteria. Such determination shall be made by the Administrator within one hundred and twenty days of receipt of the proposed criteria. For the purposes of this subsection, the term "State" means any State, interstate or regional authority, Federal territory or Commonwealth or the District of Columbia.

"State."

(e) Nothing in this title shall be deemed to affect in any manner or to any extent any provision of the Fish and Wildlife Coordination Act as amended (16 U.S.C. 661-666c).

60 Stat. 1080;  
72 Stat. 563.

#### ENFORCEMENT

(a) The Administrator or the Secretary, as the case may be, may, whenever appropriate, utilize by agreement, the personnel, services and facilities of other Federal departments, agencies, and instrumentalities, or State agencies or instrumentalities, whether on a reimbursable or a nonreimbursable basis, in carrying out his responsibilities under this title.

(b) The Administrator or the Secretary may delegate responsibility and authority for reviewing and evaluating permit applications, including the decision as to whether a permit will be issued, to an officer of his agency, or he may delegate, by agreement, such responsibility and authority to the heads of other Federal departments or agencies, whether on a reimbursable or nonreimbursable basis.

(c) The Secretary of the department in which the Coast Guard is operating shall conduct surveillance and other appropriate enforcement activity to prevent unlawful transportation of material for dumping, or unlawful dumping. Such enforcement activity shall include, but not be limited to, enforcement of regulations issued by him pursuant to section 108, relating to safe transportation, handling, carriage, storage, and stowage. The Secretary of the Department in which the Coast Guard is operating shall supply to the Administrator and to the Attorney General, as appropriate, such information of enforcement activities and such evidentiary material assembled as they may require in carrying out their duties relative to penalty assessments, criminal prosecutions, or other actions involving litigation pursuant to the provisions of this title.

SEC. 301. Notwithstanding the provisions of subsection (h) of section 3 of this Act, the term "Secretary", when used in this title, means Secretary of Commerce.

"Secretary."

SEC. 302. (a) The Secretary, after consultation with the Secretaries of State, Defense, the Interior, and Transportation, the Administrator, and the heads of other interested Federal agencies, and with the approval of the President, may designate as marine sanctuaries those areas of the ocean waters, as far seaward as the outer edge of the Continental Shelf, as defined in the Convention of the Continental Shelf (15 U.S.T. 74; TIAS 5578), of other coastal waters where the tide ebbs and flows, or of the Great Lakes and their connecting waters, which he determines necessary for the purpose of preserving or restoring such areas for their conservation, recreational, ecological, or esthetic values. The consultation shall include an opportunity to review and comment on a specific proposed designation.

15 UST 471.

(b) Prior to designating a marine sanctuary which includes waters lying within the territorial limits of any State or superjacent to the subsoil and seabed within the seaward boundary of a coastal State, as that boundary is defined in section 2 of title I of the Act of May 22, 1953 (67 Stat. 29), the Secretary shall consult with, and give due consideration to the views of, the responsible officials of the State involved. As to such waters, a designation under this section shall become effec-

tive sixty days after it is published, unless the Governor of any State involved shall, before the expiration of the sixty-day period, certify to the Secretary that the designation, or a specified portion thereof, is unacceptable to his State, in which case the designated sanctuary shall not include the area certified as unacceptable until such time as the Governor withdraws his certification of unacceptability.

(c) When a marine sanctuary is designated, pursuant to this section, which includes an area of ocean waters outside the territorial jurisdiction of the United States, the Secretary of State shall take such actions as may be appropriate to enter into negotiations with other Governments for the purpose of arriving at necessary agreements with those Governments, in order to protect such sanctuary and to promote the purposes for which it was established.

Annual report to Congress.

(d) The Secretary shall submit an annual report to the Congress, on or before November 1 of each year, setting forth a comprehensive review of his actions during the previous fiscal year undertaken pursuant to the authority of this section, together with appropriate recommendation for legislation considered necessary for the designation and protection of marine sanctuaries.

Hearings.

(e) Before a marine sanctuary is designated under this section, the Secretary shall hold public hearings in the coastal areas which would be most directly affected by such designation, for the purpose of receiving and giving proper consideration to the views of any interested party. Such hearings shall be held no earlier than thirty days after the publication of a public notice thereof.

Regulations.

(f) After a marine sanctuary has been designated under this section, the Secretary, after consultation with other interested Federal agencies, shall issue necessary and reasonable regulations to control any activities permitted within the designated marine sanctuary, and no permit, license, or other authorization issued pursuant to any other authority shall be valid unless the Secretary shall certify that the permitted activity is consistent with the purposes of this title and can be carried out within the regulations promulgated under this section.

(g) The regulations issued pursuant to subsection (f) shall be applied in accordance with recognized principles of international law, including treaties, conventions, and other agreements to which the United States is signatory. Unless the application of the regulations is in accordance with such principles or is otherwise authorized by an agreement between the United States and the foreign State of which the affected person is a citizen or, in the case of the crew of a foreign vessel, between the United States and flag State of the vessel, no regulation applicable to ocean waters outside the territorial jurisdiction of the United States shall be applied to a person not a citizen of the United States.

Penalties.

SEC. 303. (a) Any person subject to the jurisdiction of the United States who violates any regulation issued pursuant to this title shall be liable to a civil penalty of not more than \$50,000 for each such violation, to be assessed by the Secretary. Each day of a continuing violation shall constitute a separate violation.

(b) No penalty shall be assessed under this section until the person charged has been given notice and an opportunity to be heard. Upon failure of the offending party to pay an assessed penalty, the Attorney General, at the request of the Secretary, shall commence action in the appropriate district court of the United States to collect the penalty and to seek such other relief as may be appropriate.

(c) A vessel used in the violation of a regulation issued pursuant to this title shall be liable in rem for any civil penalty assessed for such violation and may be proceeded against in any district court of the United States having jurisdiction thereof.

Liability.

(d) The district courts of the United States shall have jurisdiction to restrain a violation of the regulations issued pursuant to this title, and to grant such other relief as may be appropriate. Actions shall be brought by the Attorney General in the name of the United States, either on his own initiative or at the request of the Secretary.

Administration.  
Regulations.

Private right of  
use and occu-  
pancy.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That in order to provide for public outdoor recreation use and enjoyment of certain significant shoreline lands and waters of the United States, and to preserve related scenic, scientific, and historical values, there is established in the State of Georgia the Cumberland Island National Seashore (hereinafter referred to as the "seashore") consisting of the area generally depicted on the drawing entitled "Boundary Map, Cumberland Island National Seashore", numbered CUIS-40,000B, and dated June 1971, which shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior. The Secretary of the Interior (hereinafter referred to as the "Secretary") may after notifying the Committees on Interior and Insular Affairs of the United States House of Representatives and United States Senate in writing, make minor adjustments in the boundary of the seashore from time to time by publication of a revised drawing or other boundary description in the Federal Register, but the total acreage within the boundaries shall not exceed forty thousand five hundred acres.

SEC. 2. Within the boundaries of the seashore, the Secretary may acquire lands, waters, and interests therein by purchase, donation, transfer from any Federal agency, or exchange. The Secretary may also acquire not to exceed one hundred acres of lands or interests in lands on the mainland to provide access to the administrative and visitor facilities for the seashore. Any lands or interests therein owned by the State of Georgia, or any political subdivision thereof may be acquired only by donation. Notwithstanding any other provision of law, any Federal property located within the boundaries of the seashore may, with the concurrence of the agency having custody thereof, be transferred without transfer of funds to the administrative jurisdiction of the Secretary for the purposes of the seashore.

SEC. 3. For the purpose of providing access from Interstate 95 to the mainland administrative and visitor facilities of the seashore, the Secretary may designate as the Cumberland Island Parkway a right-of-way, together with adjacent or related sites for public non-commercial recreational use and for interpretation of scenic and historic values, of not more than one thousand acres of lands, waters, and interests therein. The Secretary is authorized to acquire only by donation those lands and interests therein, and other property comprising such right-of-way and adjacent or related sites as he may designate pursuant to this Act for the development, hereby authorized, of a road of parkway standards, including necessary bridges, spurs, connecting roads, access roads, and other facilities, and for the development and interpretation of recreation areas and historic sites in connection therewith. Lands acquired for the parkway shall be administered as a part of the seashore, subject to all laws and regulations applicable thereto, and subject to such special regulations as the Secretary may promulgate for the parkway.

SEC. 4. (a) With the exception of any property deemed necessary by the Secretary for visitor facilities or administration of the seashore, any owner or owners of improved property on the date of its acquisition by the Secretary may, as a condition of such acquisition, retain for themselves and their successors or assigns a right of use and occu-

pancy of the property for noncommercial residential purposes, for twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or his spouse, whichever is later. The owner shall elect the term to be reserved. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition less the fair market value on such date of the right retained by the owner: *Provided, however*, That, in addition, for so long as a right of use and occupancy remains in effect by the donors of land of one hundred acres or more, the Secretary shall not, with respect to such lands, develop any public use facilities except for trails, road access, and utilities: *Provided further*, That when acquiring lands, waters, and interests therein from the National Park Foundation, its successors and assigns, the Secretary shall acquire such lands, waters, and interests subject to the written terms and conditions contained in those transactions, including but not limited to options, entered into by the National Park Foundation prior to January 1, 1973, and that such previous written rights and interests shall prevail over provisions of this paragraph.

(b) A right of use and occupancy retained or enjoyed pursuant to this section may be terminated with respect to the entire property by the Secretary upon his determination that the property or any portion thereof has ceased to be used for noncommercial residential purposes and upon tender to the holder of a right an amount equal to the fair market value, as of the date of tender, of that portion of the right which remains unexpired on the date of termination.

Commercial use,  
prohibition.

(c) The term "improved property", as used in this section shall mean a detached, noncommercial residential dwelling, the construction of which was begun before February 1, 1970 (hereinafter referred to as "dwelling"), together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated.

"Improved  
property."

(d) (1) In order to provide an opportunity for the establishment of a natural and scenic preserve by voluntary private action of certain owners of lands within the seashore, and notwithstanding anything to the contrary herein contained, no lands or interests in lands shall be acquired on Little Cumberland Island without the consent of the owner, for a period of one year from the date of enactment of this Act, except as specifically otherwise provided herein.

Little Cumber-  
land Island, ac-  
quisition restric-  
tions.

(2) In the event that the owners of land on Little Cumberland Island enter into an irrevocable trust or some other irrevocable agreement for the preservation of the resources of Little Cumberland Island which, in the judgment of the Secretary, assures the protection of the resources in a manner consistent with the purposes for which the seashore is established, the authority of the Secretary to acquire such lands shall be suspended for such time as the trust is in effect and the lands are used and occupied in accordance therewith.

(3) If, at any time during the one-year period following the date of enactment of this Act, the Secretary determines that any lands on Little Cumberland Island are threatened with development, or other uses, inconsistent with the establishment or continuation of the trust herein referred to, then the Secretary may acquire such lands, or interests therein, by any of the methods provided for in section 2 of this Act.

Hunting and  
fishing.

SEC. 5. The Secretary shall permit hunting, fishing, and trapping on lands and waters under his jurisdiction within the boundaries of the seashore in accordance with the appropriate laws of Georgia and the United States to the extent applicable, except that he may designate zones where, and establish periods when, no hunting, fishing, or trapping shall be permitted for reasons of public safety, administration, fish and wildlife management, or public use and enjoyment. Except in emergencies, any regulations prescribing any such restrictions shall be put into effect only after consultation with the appropriate State agency responsible for hunting, fishing, and trapping activities.

Administration.

SEC. 6. (a) The seashore shall be administered, protected, and developed in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1, 2-4), as amended and supplemented, except that any other statutory authority available to the Secretary for the conservation and management of natural resources may be utilized to the extent he finds such authority will further the purposes of the Act.

Preservation in  
primitive state.

(b) Except for certain portions of the seashore deemed to be especially adaptable for recreational uses, particularly swimming, boating, fishing, hiking, horseback riding, and other recreational activities of similar nature, which shall be developed for such uses as needed, the seashore shall be permanently preserved in its primitive state, and no development of the project or plan for the convenience of visitors shall be undertaken which would be incompatible with the preservation of the unique flora and fauna or the physiographic conditions not prevailing, nor shall any road or causeway connecting Cumberland Island to the mainland be constructed.

State jurisdiction.

SEC. 7. Nothing in this Act shall deprive the State of Georgia or any political subdivision thereof of its civil or criminal jurisdiction over persons found, acts performed, and offenses committed within the boundaries of the seashore, or of its right to tax persons, corporations, franchises, or other non-Federal property on lands included therein.

Water resource  
developments.

SEC. 8. The authority of the Secretary of the Army to undertake or contribute to water resource developments, including shore erosion control, beach protection and navigation improvements on land and/or waters within the Cumberland Island National Seashore shall be exercised in accordance with plans which are mutually acceptable to the Secretary of the Interior and the Secretary of the Army and which are consistent with both the purpose of this Act and the purpose of existing statutes dealing with water and related land resource development.

Report to  
President.

SEC. 9. Within three years from the date of enactment of this Act, the Secretary of the Interior shall report to the President, in accordance with subsections 3(c) and 3(d) of the Wilderness Act (78 Stat. 890; 16 U.S.C. 1132 (c) and (d)), his recommendations as to the suitability or unsuitability of any area within the national seashore for preservation as wilderness, and any designation of any such area as a wilderness shall be accomplished in accordance with said subsections of the Wilderness Act.

Appropriation.

SEC. 10. There are authorized to be appropriated not to exceed \$10,500,000 for the acquisition of lands and interests in lands and not to exceed \$27,840,000 for development of the seashore.

To amend title 18, United States Code, to provide for expanded protection of foreign officials, and for other purposes.

Act for the Protection of Foreign Officials and Official Guests of the United States.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That this Act may be cited as the "Act for the Protection of Foreign Officials and Official Guests of the United States".

## STATEMENT OF FINDINGS AND DECLARATION OF POLICY

SEC. 2. The Congress recognizes that from the beginning of our history as a nation, the police power to investigate, prosecute, and punish common crimes such as murder, kidnapping, and assault has resided in the several States, and that such power should remain with the States.

The Congress finds, however, that harassment, intimidation,

obstruction, coercion, and acts of violence committed against foreign officials or their family members in the United States or against official guests of the United States adversely affect the foreign relations of the United States.

Accordingly, this legislation is intended to afford the United States jurisdiction concurrent with that of the several States to proceed against those who by such acts interfere with its conduct of foreign affairs.

## JOINT RESOLUTION

October 24, 1972  
[H. J. Res. 748]

Amending Title 38 of the United States Code to authorize the Administrator of Veterans' Affairs to provide certain assistance in the establishment of new State medical schools and the improvement of existing medical schools affiliated with the Veterans' Administration; to develop cooperative arrangements between institutions of higher education, hospitals, and other nonprofit health service institutions affiliated with the Veterans' Administration to coordinate, improve, and expand the training of professional and allied health and paramedical personnel; to develop and evaluate new health careers, interdisciplinary approaches and career advancement opportunities; to improve and expand allied and other health manpower utilization; to afford continuing education for health manpower of the Veterans' Administration and other such manpower at Regional Medical Education Centers established at Veterans' Administration hospitals throughout the United States; and for other purposes.

Whereas there is a great national shortage of physicians and allied health personnel;

Whereas it is now estimated that there is a shortage of approximately 48,000 doctors of medicine and over 250,000 allied health and other medical personnel;

Whereas the Veterans' Administration operates the largest medical care system in the United States, if not the world;

Whereas the Department of Medicine and Surgery of the Veterans' Administration has an active and close affiliation with over eighty medical schools;

Whereas if the training of sufficient numbers of physicians, other health professionals, allied health personnel, and other health personnel is to be accomplished, it is essential that the educational capacities of medical and health professions schools affiliated with the Veterans' Administration be expanded, that new medical and health professions schools affiliated with Veterans' Administration hospitals be established, and that education and training opportunities for the training of existing and future allied health and other health personnel be expanded and improved;

Whereas because of the size, diversity, and quality of its medical program, the Veterans' Administration's Department of Medicine and Surgery is uniquely qualified to assist in the expansion and improvement of existing affiliated medical schools and other health professions schools, in the establishment of new medical and health professions schools, and in the expansion and improvement of education and training opportunities for allied health and other health personnel; and

Whereas it is essential that an adequate number of physicians, health professionals, allied health personnel, and other health personnel be trained if the Congress is to discharge its responsibility to provide the best possible medical care for the Nation's veterans: Now, therefore, be it

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled*, That this Act may be cited as the "Veterans' Administration Medical School Assistance and Health Manpower Training Act of 1972".

However, the total cost of all construction and acquisition in each such title may not exceed the total amount authorized to be appropriated in that title.

(b) When the amount named for any construction or acquisition in title I, II, III, or IV of this Act involves only one project at any military installation and the Secretary of Defense, or his designee, determines that the amount authorized must be increased by more than the applicable percentage prescribed in subsection (a), the Secretary concerned may proceed with such construction or acquisition if the amount of the increase does not exceed by more than 25 per centum the amount named for such project by the Congress.

(c) Subject to the limitations contained in subsection (a), no individual project authorized under title I, II, III, or IV of this Act for any specifically listed military installation may be placed under contract if—

The Secretary shall also include in such report each individual project with respect to which the scope was reduced in order to permit contract award within the available authorization for such project. Such report shall include all pertinent cost information for each individual project, including the amount in dollars and percentage by which the current working estimate based on the contract price for the project exceeded the amount authorized for such project by the Congress.

The Secretaries of the military departments shall report annually to the President of the Senate and the Speaker of the House of Representatives a breakdown of the dollar value of construction contracts completed by each of the several construction agencies selected, together with the design, construction supervision, and overhead fees charged by each of the several agents in the execution of the assigned construction. Further, such contracts (except architect and engineering contracts which, unless specifically authorized by the Congress, shall continue to be awarded in accordance with presently established procedures, customs, and practice) shall be awarded, insofar as practicable, on a competitive basis to the lowest responsible bidder, if the national security will not be impaired and the award is consistent with chapter 137 of title 10, United States Code. "(1) (A) that compliance would cause such manufacturer substantial economic hardship and that the manufacturer has, in good faith, attempted to comply with each standard from which it requests to be exempted,

"(B) that such temporary exemption would facilitate the development or field evaluation of new motor vehicle safety features which provide a level of safety which is equivalent to or exceeds the level of safety established in each standard from which an exemption is sought,

"(C) that such temporary exemption would facilitate the development or field evaluation of a low-emission motor vehicle and would not unreasonably degrade the safety of such vehicle, or

"(2) that such temporary exemption would be consistent with the public interest and the objectives of the Act.

Notice of each decision to grant a temporary exemption and the reasons for granting it shall be published in the Federal Register.

### SHORT TITLE

SECTION 1. This Act may be cited as the “National Advisory Commission on Multiple Sclerosis Act”.

### FINDINGS

SEC. 2. The Congress finds that—

(1) multiple sclerosis is a disease characterized by degeneration within the brain and spinal cord and by loss of motor and sensory functions;

(2) this disease, known as the “great crippler of young adults”, generally makes its first appearance in the very prime of life, between the ages of twenty and forty, already affects great numbers of Americans, and will begin to afflict an even greater number as our young adult population expands;

(3) the cause of multiple sclerosis is unknown and there is neither a preventive nor a cure for the disease; and

(4) the determination of the most effective program for discovering the cause of and cures and treatments for the disease deserves the highest priority.

### NATIONAL ADVISORY COMMISSION

SEC. 3. (a) (1) The Secretary of Health, Education, and Welfare (hereinafter in this section referred to as the “Secretary”), after consultation with the advisory council to the National Institute on Neurological Diseases and Stroke appointed under section 342 of the Public Health Service Act, shall appoint a national advisory commission to determine the most effective means of finding the cause of and cures and treatments for multiple sclerosis. Such study and investigation shall give particular emphasis to the need for additional financial support by the Federal Government and the means by which the Federal Government can best participate in the effort to find the cause of and cures and treatments for multiple sclerosis.

## JOINT RESOLUTION

October 25, 1972  
[S. J. Res. 204]

To authorize the preparation of a history of public works in the United States.

Whereas the President of the United States and bicentennial organizations have encouraged associations and other groups to undertake meaningful activities to commemorate the two hundredth anniversary of our independence; and

Whereas the American Public Works Association is a nonprofit, public service organization comprised of top-ranking officials engaged in various phases of the broad field of public works at the local, State, and Federal levels of government and this highly respected nonpartisan organization has a long history of fostering the improvement of public works practices and the enhancement of public support for needed community facilities and services as exemplified by its sponsorship and support of the Graduate Center for Public Works Engineering and Administration of the University of Pittsburgh, the annual observance of National Public Works Week, which is designed to increase the citizen's understanding of public works, inspire excellence and loyal dedicated public service, and encourage and assist talented young persons to prepare for careers in public works, and other important programs; and

Whereas the board of directors, house of delegates, and advisory council of the American Public Works Association at a special ceremonial meeting held at Congress Hall in Philadelphia on Saturday, September 11, 1971, unanimously adopted a bicentennial resolution calling for the association to undertake as its official bicentennial project

the preparation and publication of the "History of Public Works in the United States From 1776 to 1976", so that future generations may benefit from a comprehensive review of public works in perspective—the project to be conducted over the next five years from the association's Washington office, located appropriately at 1776 Massachusetts Avenue Northwest; and

Whereas there is a need for such a publication as the development of public works is of vital importance to the growth and development of the United States and the quality of life of its citizens; and

Whereas the American Public Works Association intends to draw on the resources of other interested and responsible groups in carrying out this important project; and

Whereas it is to be conducted by a competent staff with an editorial review board to assure its accuracy and appropriateness, on a non-profit basis, resulting in no monetary benefit to the American Public Works Association or to any individual, but undertaken strictly as a public service to develop a meaningful and accurate history which would be available to the young people of our country, educational institutions, and others: Now, therefore, be it

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled*, That all public works oriented agencies of the Federal Government, the Library of Congress, and the appropriate congressional committees be requested to cooperate in carrying this important project forward.

October 25, 1972  
[H. J. Res. 733]

Whereas, by virtue of chapter 357 of the Maryland Laws of 1969, and of chapter 198 of the Acts of Assembly of 1968 of the General Assembly of Virginia, the Maryland Geological Survey and the Marine Resources Commission of Virginia were authorized to establish, mark, and identify the seven-mile portion of the Maryland-Virginia boundary line in Upper Pocomoke Sound in an acceptable engineering manner; and

Whereas, by virtue of chapter 210 of the Maryland Laws of 1970, and of chapter 315 of the Acts of Assembly of 1970 of the General Assembly of Virginia, said agreement has been ratified and confirmed by the legislatures of the States of Maryland and Virginia, respectively, both of said acts having established and described said boundary line as follows:

Beginning at a point which is corner D defined by latitude 37 degrees 56 minutes 23.00 seconds and longitude 75 degrees 45 minutes 43.56 seconds; which is the last point on the Maryland-Virginia Line that was defined by the "Joint Report of Engineers on Relocating and Remarking Maryland-Virginia Boundary Line Across Tangier and Pocomoke Sounds December 1916";

thence running north 73 degrees 34 minutes 31.9 seconds east about 17,125.11 feet to corner H a point defined by latitude 37 degrees 57 minutes 15.82 seconds and longitude 75 degrees 42 minutes 18.48 seconds;

thence running north 60 degrees 49 minutes 51.5 seconds west about 7,178.56 feet to corner N a point defined by latitude 37 degrees 57 minutes 58.61 seconds and longitude 75 degrees 38 minutes 56.15 seconds;

thence northeasterly about  $3\frac{1}{2}$  miles following the middle thread of the meandering Pocomoke River to corner P a point defined by latitude 37 degrees 59 minutes 39.37 seconds and longitude 75 degrees 37 minutes 26.52 seconds, which is at or near the point of intersection with the "Scarborough and Calvert Boundary Line of May 28, 1668"; corners N and P are connected by a line running north 35 degrees 08 minutes 33.5 seconds east about 12,465.32 feet;

Whereas, by virtue of chapter 220 of the Maryland Laws of 1970, and of chapter 342 of the Acts of Assembly of 1970 of the General Assembly of Virginia, the States of Maryland and Virginia have also agreed to their mutual boundary eastward from Assateague Island, both of said acts having established said boundary line as follows:

Beginning at a point on the Maryland-Virginia Line located on Assateague Island designated as station "Pope Island Life Saving Station (1907)" defined by latitude  $38^{\circ}01'36.93''$  and longitude  $75^{\circ}14'47.105''$ ; thence running North  $84^{\circ}05'43.5''$  East (true)—1,100.00 feet to station "Atlantic"; thence due east (true) to the Maryland-Virginia Jurisdictional Limit:

Congress.

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled*, That the consent and approval of the Congress of the United States be, and hereby is, given to said boundary agreements, and to each and every part thereof, subject to the understanding that within the agreements the "boundary monument near triangulation station Davis" is the boundary monument which is about 210 feet north of triangulation station Nelson, 1932; that "1927 datum" means "North American Datum of 1927"; that "station 'Pope Island Life Saving Station (1907)'" is "triangulation station 'Boundary Monument, Pope Island Life Saving Station (Md. Va.), 1907'" ; that " $36.93''$ " is " $36.930''$ "; that "station 'Atlantic'" is an unmonumented point, mutually agreed upon; and that "due east (true)" means "on a line of constant latitude".

SEC. 2. The Secretary of Commerce is hereby authorized, empowered, and instructed to survey and properly mark by suitable monuments the seaward boundary between the States of Maryland and Virginia, and so much of the interior boundary as is considered necessary for this purpose by the Secretary, and the necessary appropriations for this work are hereby authorized.

SEC. 2. Section 3 of the Fishermen's Protective Act of 1967 (22 U.S.C. 1973) is amended by inserting "(a)" immediately before "In", and by adding at the end thereof the following: "Any reimbursement under this section shall be made from the Fishermen's Protective Fund established pursuant to section 9.

"(b) The Secretary of State shall make a certification under subsection (a) of this section as soon as possible after he is notified pursuant to section 2(b) of the amounts of the fines, fees, and other direct charges which were paid by the owners to secure the release of their vessel and crew. The amount of reimbursement made by the Secretary of the Treasury to the owners of any vessel under subsection (a) of this section shall constitute a lien on the vessel which may be recovered in proceedings by libel in rem in the district court of the United States for any district within which the vessel may be. Any such lien shall terminate on the ninetieth day after the date on which the Secretary of the Treasury reimburses the owners under this section unless before such ninetieth day the United States initiates action to enforce the lien."

SEC. 6. The amendments made by this Act shall apply with respect to seizures of vessels of the United States occurring on or after the date of the enactment of this Act; except that reimbursements under section 3 of the Fishermen's Protective Act of 1967 (as in effect before such date of enactment) may be made from the fund established by the amendment made by section 5 of this Act with respect to any seizure of a vessel occurring before such date of enactment and after December 31, 1970, if no reimbursement was made before such date of enactment.
